A detailed guide for using crystals and gemstones to resolve negative karma and discover your soul's purpose •

Details the spiritual and chemical interpretations of more than 50 healing stones as well as fossils, flint, and amber

• Offers advanced crystal exercises for past-life regression, cutting karmic cords, releasing cellular memories, and accessing the Akashic Records •

Demonstrates how to use crystal grids and layouts for healing karma and how to seek assistance from angels and other divine beings As direct geometrical expressions of the Divine, crystals have the ability to work upon the soul at the deepest levels. The more mindfully and

conscientiously we spend time with these crystalline forms, the more crystalline we become in terms of our spiritual bodies and their inner, holographic perfection. As potent catalysts of elevated consciousness and overall spiritual growth, crystals and gemstones offer a powerful resource for resolving negative karma patterns and realigning you with the light of your soul's purpose. Detailing the spiritual and chemical interpretations of more than 50 healing stones, as well as fossils, flint, and amber, Nicholas Pearson guides readers through the how and why of resolving karmic knots and obstructions with the help of crystals. He offers hands-on crystal meditations and demonstrates how to use crystal grids and layouts for healing karma. He

explains how to cleanse and program stones and shares more advanced crystal exercises for past-life regression, cutting karmic cords, releasing off-world karma and cellular memories, and accessing the Akashic Records to reveal your soul's blueprint and rewrite its contracts with higher powers. Explaining how to incorporate color, chakra therapy, gem elixirs, and dreamwork in your karmic crystal practice, Pearson also explores how to access the Violet Flame of spiritual alchemy, the Seventh Ray, to transmute restrictive karmic patterns. He introduces the Lords of Karma and other spirit guides, gods, goddesses, and angels who can help with karmic healing. He offers guidance on what stones are appropriate for everyday wear and on working with

crystal skulls, Lemurian seed crystals, shungite, and time link crystals. The author also explains how crystals can be used to resolve planetary karma, releasing us into the next phase in the collective transformation of humanity. Unveiling the inner teachings of the mineral kingdom, Pearson shows that if you work with crystals consciously, reverently, and humbly, your life will transform.

*Crystal Healing* John Hunt Publishing  
Crystal therapy has long been used as a gentle system of holistic healing. By drawing on the unique qualities of crystals such as quartz and amethyst, you can balance the energy fields around your body, home and office to bring well-being, and gain health benefits. Crystals can help soothe

emotional problems such as anxiety, mood swings, or shyness, as well as physical symptoms such as migraines and allergies. In addition, crystals can act as natural energy boosters and aid in detoxifying our systems. With crystal remedies for more than 250 common ailments and a directory of 250 crystals, as well as detailed explanations of the most effective healing methods, this book is the ultimate guide to healing with crystals. Illustrated with colour photographs, and supplemented with practical exercises and case studies, *The Crystal Healer* is the ultimate practical reference from a highly respected healer and teacher. Philip Permutt discovered crystals fifteen or so years ago after a severe illness. He has been practising as a crystal healer and teacher ever since.

He owns and runs iSiS Crystals, the largest and most successful crystal shop in the UK, and its integral healing centre. Philip is a dowser and uses this ability, together with the magic of crystals, to change the energies in people's homes, offices and shops. Philip has lectured at the University of Hertfordshire on crystals and crystal healing and has a degree in Applied Biology from London University; his articles have been published electronically and in journals. With the discovery of information as the basic 'software' of living systems came

the realization that malfunction in the living system can be treated by correcting the information that causes the malfunction. With this milestone book by a long-standing practitioner of this new kind of medicine, the door is opened to every healer and physician to complement his or her healing practice by diagnosing the cause of their patients' health problems before they manifest as disease, and correcting the malfunction with non-invasive, testable and reproducible 'soft' methods. This is information medicine, the cutting edge in the development of modern medical science; not an alternative to the tried and tested methods of biochemical medicine but a remarkably effective and readily acquired complement to it.

**101 Power Crystals** Hachette UK  
From crystal structure prediction to totally empirical screening, the quest for new crystal forms has become one of the most challenging issues in the solid state science and particularly in the pharmaceutical world. In this context, multi-component crystalline materials like co-crystals have received renewed interest as they offer the prospect of optimized physical properties. As illustrated in this first book\_ entirely dedicated to this emerging class of

pharmaceutical compounds\_ the outcome of such endeavours into crystal engineering have demonstrated clear impacts on production, marketing and intellectual property protection of active pharmaceutical ingredients (APIs). Indeed, co-crystallization influences relevant physico-chemical parameters (such as solubility, dissolution rate, chemical stability, melting point, hygroscopicity, à) and often offers solids with properties superior to those of the free drug. Combining both reports of the latest research and comprehensive overviews of basic principles, with contributions from selected experts in both academia and industry, this unique book is an essential reference, ideal for pharmaceutical development scientists and graduate students in pharmaceutical

science.
