**Cambridge Advanced Learner's Dictionary KLETT VERSION** Oxford University Press

This grammar for the 21st century combines clear grammatical principles with non-technical explanations of all terms and concepts used.

**Understanding English Grammar** Cambridge University Press

A new edition of the ground-breaking undergraduate textbook on modern Standard English grammar, now completely rewritten and updated.

**A Modern English Grammar on Historical Principles** Edinburgh University Press

With more than 7,000 up-to-date phrases, this dictionary covers situations from talking to a doctor to ordering a meal, and helps learners communicate personal feelings, and make small talk.

**The Cambridge Grammar of the English Language** Cambridge University Press

Written for students without knowledge of linguistics and unfamiliar with "traditional" grammar, this text concentrates on providing a much needed foundation in Standard English in preparation for more advanced work in theoretical linguistics.

**The Cambridge Dictionary of English Grammar** Cambridge University Press

This is the first full-scale reference grammar of Classical Greek in English in a century. The first work of its kind to reflect significant advances in linguistics made in recent decades, it provides students, teachers and academics with a comprehensive yet user-friendly treatment. The chapters on phonology and morphology make full use of insights from comparative and historical linguistics to elucidate complex systems of roots, stems and endings. The syntax offers linguistically up-to-date descriptions of such topics as case usage, tense and aspect, voice, subordinate clauses, infinitives and participles. An innovative section on textual coherence treats particles and word order and discusses several sample passages in detail, demonstrating new ways of approaching Greek texts. Throughout the book numerous original examples are provided, all with translations and often with clarifying notes. Clearly laid-out tables, helpful cross-references and full indexes make this essential resource accessible to users of all levels.

**Grammar for First Certificate** Cambridge University Press

A major reference grammar offering comprehensive coverage of spoken and written English based on real everyday usage. With its clear, two part structure, this is a user-friendly book from the world's leading English grammar publisher. The version with accompanying CD-ROM (Windows only) makes Cambridge Grammar of English even more accessible with: • The whole book in handy, searchable format. • Audio recordings of all the examples from the book. • Links to the Cambridge Advanced Learner's Dictionary online for instant definitions of new vocabulary.

**Glossary of English Grammar** Ernst Klett Sprachen

A new edition of a successful undergraduate textbook on contemporary international Standard English grammar, based on Huddleston and Pullum's earlier award-winning work, *The Cambridge Grammar of the English Language* (2002). The analyses defended there are outlined here more briefly, in an engagingly accessible and informal style. Errors of the older tradition of English grammar are noted and corrected, and the excesses of prescriptive usage manuals are firmly rebutted in specially highlighted notes that explain what older authorities have called 'incorrect' and show why those authorities are mistaken. Intended for students in colleges or universities who have little or no background in grammar or linguistics, this teaching resource contains numerous exercises and online resources suitable for any course on the structure of English in either linguistics or English departments. A thoroughly modern undergraduate textbook, rewritten in an easy-to-read conversational style with a minimum of technical and theoretical terminology.

**A Comprehensive Grammar of the English Language** Cambridge University Press

A Glossary of English Grammar presents a wide range of terms used to describe the way the English language is structured. Grammatical terms can be a problem for students, especially when there are alternative names for the same thing (for example, 'past tense' and 'preterite'). This book therefore provides a basic and accessible guide, focusing on the English language. Definitions of grammatical terms are given in simple language, with clear examples, many from authentic texts and spoken sources, showing how they are used. The terms used in the *Comprehensive Grammar of the English Language* are widely seen as standard, and form the basis of grammatical terminology in this book. At the same time, this glossary does not neglect other variants of English grammar, such as that of Huddleston and Pullum's influential *Cambridge Grammar of the English Language*, whose most important terms are also covered here. This book is indispensable for anyone wishing to understand present-day terminology of English grammar more fully.

**The Cambridge Grammar of Classical Greek** Cambridge University Press

Language is primarily a tool for communication, yet many textbooks still treat English grammar as simply a set of rules and facts to be memorised by rote. This new textbook is made for students who are frustrated with this approach and would like instead to understand grammar and how it works.

Why are there two future tenses in English? What are auxiliaries and why are they so confusing?

Why are English motion verbs hard to use? Why are determiners so important in English? These and many other frequently asked questions are answered in this handy guide. Student learning is supported with numerous exercises, chapter summaries and suggestions for further reading. An accompanying website offers further resources, including additional classroom exercises and a chance to interact with the author. It is the essential grammar toolkit for students of English language and linguistics and future teachers of English as a Second Language.

**Cambridge Grammar of English Paperback with CD-ROM** McGraw Hill Professional

The Oxford Guide to English Grammar is a systematic account of grammatical forms and the way they are used in modern standard English. It is designed for learners at intermediate and advanced levels and for teachers, and is equally suitable for quick reference to details or for the moreleisured study of grammatical topics. The emphasis is on meaning in the choice of grammatical pattern, and on the use of patterns in texts and in conversations.

**Grammar for Business with Audio CD** Cambridge University Press

This groundbreaking undergraduate textbook on modern Standard English grammar is the first to be based on the revolutionary advances of the authors' previous work, *The Cambridge Grammar of the English Language* (2002). The analyses defended there are outlined here more briefly, in an engagingly accessible and informal style. Errors of the older tradition of English grammar are noted and corrected, and the excesses of prescriptive usage manuals are firmly rebutted in specially highlighted notes that explain what older authorities have called 'incorrect' and show why those authorities are mistaken. This book is intended for students in colleges or universities who have little or no previous background in grammar, and presupposes no linguistics. It contains exercises, and will provide a basis for introductions to grammar and courses on the structure of English not only in linguistics departments but also in English language and literature departments and schools of education.

**The 'Oxford and Cambridge' grammar and analysis of the English language** Cambridge University Press

Introduce your learners to creative writing and writing for a purpose. They'll rewrite a well-known myth and draft an application letter, helping build their extended writing skills as they progress through the units. Each unit focuses on a different text type such as dialogue, reports or instructions. Model texts in each chapter show learners good examples of each writing type and specific activities help them practise grammar typical of the genre. Learners work individually and collaboratively, developing skills such as creative thinking, planning, drafting, peer evaluation and editing.

**Advanced Grammar in Use Book with Answers and CD-ROM** Cambridge University Press

This grammar for the 21st century combines clear grammatical principles with non-technical explanations of all terms and concepts used.

**Complete English for Cambridge Secondary 1 Writing and Grammar Practice Book**

Cambridge University Press

Introduce your learners to creative writing and writing for a purpose. They'll write a play scene and an article about a cultural festival, helping build their extended writing skills as they progress through the units. Each unit focuses on a different text type such as dialogue, recounts, reports or instructions. Model texts in each chapter show learners good examples of each writing type and specific activities help them practise grammar typical of the genre. Learners work individually and collaboratively, developing skills such as creative thinking, planning, drafting, peer evaluation and editing.

**The Cambridge Grammar of the English Language** Cambridge University Press

Looking for an easy-to-use guide to English grammar? This handy introduction covers all the basics of the subject, using a simple and straightforward style. Students will find the book's step-by-step approach easy to follow and be encouraged by its non-technical language. Requiring no prior knowledge of English grammar, the information is presented in small steps, with objective techniques to help readers apply concepts. With clear explanations and well chosen examples, the book gives students the tools to understand the mysteries of English grammar as well as the perfect foundation from which to move on to more advanced topics.

**Cambridge Grammar Of English With Cd-Rom (south Asian Edition)** Cambridge University Press

A major reference grammar offering comprehensive coverage of spoken and written English based on real everyday usage. With its clear, two part structure, this is a user-friendly book from the world's leading English grammar publisher. The accompanying CD-ROM (Windows only) makes Cambridge Grammar of English even more accessible with: • The whole book in handy, searchable format. • Audio recordings of all the examples from the book. • Links to the Cambridge Advanced Learner's Dictionary online for instant definitions of new vocabulary.

**A Student's Introduction to English Grammar** Cambridge University Press

Publisher description: This book presents a new and comprehensive descriptive grammar of English, written by the principal authors in collaboration with an international research team of a dozen linguists in five countries. It represents a major advance over previous grammars by virtue of drawing systematically on the linguistic research carried out on English during the last forty years. It incorporates insights from the theoretical literature but presents them in a way that is accessible to readers without formal training in linguistics. It is based on a sounder and more consistent descriptive framework than previous large-scale grammars, and includes much more explanation of grammatical terms and concepts, together with justification for the ways in which the analysis differs from traditional grammar. The book contains twenty chapters and a guide to further reading. Its usefulness is enhanced by diagrams of sentence structure, cross-references between sections, a comprehensive index, and user-friendly design and typography throughout.

**A Student's Introduction to English Grammar** Cambridge University Press

Cambridge Grammar for IELTS provides complete coverage of the grammar needed for the IELTS test, and develops listening skills at the same time. It includes a wide range of IELTS tasks from the Academic and General Training Reading, Writing and Listening modules, and contains helpful grammar explanations and a grammar glossary.
