### Principles of Management Cram101

A woman chronicles her efforts as an amateur detective to solve the forty-four-year-old murder of her beloved uncle in this true crime memoir. The brutal 1970 murder of LaVerne Stordock, a respected family man and former police detective, shocked his Wisconsin community. On the surface, the case seemed closed with the confession of Stordock's wife, Suzanne. But the trail of secrets and lies that began with his death did not end with his widow's insanity plea. Dorothy Marcic, a playwright, theatrical producer, and university professor, couldn't put her doubts to

rest. In 2014, she embarked on a two-year mission to uncover the truth. In the bestselling tradition of Ann Rule and M. William Phelps, *With One Shot* weaves a spellbinding tale of unmet justice and the truth behind a shocking family tragedy. Praise for *With One Shot* "A rapid-fire, real-life thriller." —M. William Phelps, New York Times–bestselling author of *We Thought We Knew You* "A riveting, personal story of the American justice system." —Kaylie Jones, author of *Lies My Mother Never Told Me* "A gripping tale, well worth reading." —Lawrence M. Miller, author of *The Lean Coach* "Marcic excavates new depths of perfidy, cruelty and lies." —Randy Cohen, former Ethicist for The New York Times "A compelling read about a true family murder mystery marked by intrigue, betrayal and injustice." —Leslie J. Mann, assistant prosecutor, Essex County, New Jersey

**STUDYGUIDE FOR UNDERSTANDING M**  
 Cengage AU  
 Daft and Marcic's action-first approach turns the traditional learning model on its end. Instead of starting with concepts and moving to application, this text starts with application, an introductory problem or challenge that encourages you to first empty out your ideas so you are ready to understand new ideas and acquire new skills. Each chapter

provides a menu of resources for engagement, application, and learning, everything you need to develop the spot-on management skills you'll need to be a successful manager. This new learning philosophy leads you through a seven-step learning process: 1. Manager Challenge, 2. Initial Response, 3. Discover Yourself, 4. Discover Knowledge, 5. Action Learning Exercises, 6. Test Your Mettle, and 7. Personal Skills Log. Shorter, highly-focused chapters take you through each of these seven steps, allowing you to capture the essence and critical points for each topic. The mass of research material has been condensed and focused into discrete learning packages (chapters) designed specifically for engagement. BUILDING MANAGEMENT SKILLS offers a unique new set of Challenge Videos that are specifically designed to help develop your decision-making and thinking skills. After you watch the video challenge you are asked to respond to the challenge by solving the problem, helping you see the relevance of the chapter

material and answering the question Why do I need to know this material?. These innovative, decision-making Challenge Videos are also available in CengageNOW. Organized around a new learning philosophy, with new technology and a coherent learning package for you to acquire management skills through an active first do, then learn approach, Daft and Marcic have created a truly unique learning experience with BUILDING MANAGEMENT SKILLS.
