GRAHAM LISA

Criminological Theory
Oxford University Press

Adopt this bundle, and your students SAVE! This bundle is just dollars more than the price of the main textbook alone.

Paperback: \$64.95; ISBN: 9781412953658 The Sixth

Edition of Introduction to Criminology: Theories, Methods, and Criminal Behavior is a comprehensive introduction to the study of criminology, with a

chapter devoted to the criminal justice system. Valued and admired for the author's easy-to-read writing style and the text's overall accessibility, this book concentrates on the vital core of criminological theory-theory, method, and criminal behavior-and successfully avoids an overly legal or crime control orientation. Updated throughout and with a visually engaging new two-color design, the Sixth Edition investigates all major forms of criminal activity, including

organized crime, white collar crime, political crime, and environmental crime. Author Frank E. Hagan explains the methods of operation, the effects on society, and how various theories account for criminal behavior. New to the Sixth Edition Offers expanded treatment of theory: An additional theory chapter (Chapter 5) explores psychological and biological theories, and the author has provided additional coverage of Developmental/Life Course theory in Chapter

6. Presents expanded detail on many types of crime: The book features comprehensive treatment of all crime typologies. Provides broader coverage of crime in its various forms: With major coverage of white collar, political, and organized crime, the text fully addresses topics such as Warez software piracy, spies, assassins, new organized crime groups, and major corporate scandals. Incorporates updated and new "Crime Files" and "In the News" boxes: New captivating

examples include the Virginia Tech shootings; the BTK killer; Washington, DC snipers; Red Lake Massacre; and the Hanssen Spy case. Includes a new final chapter on the criminal justice system (Chapter 14): This chapter provides a brief overview to acquaint students who have not had a separate course on the justice system. Features an updated photo program: Contemporary visual representations bring to life the theories and crime typologies covered in the

text. Accompanied by High-Quality Ancillaries! New Student study site at www.sagepub.com/hagan study: The study site includes self-quizzes, carefully selected journal articles, Web research exercises, E-flashcards, links to interesting and useful audio and video files, and more. Instructor Resources on CD: This resource includes a computerized test bank, PowerPoint slides for each chapter, classroom activities, and more. Intended Audience This is an excellent text for

undergraduate courses such as Criminology, Deviant Behavior, and Crime and Society in departments of criminal justice, criminology, and sociology. Paperback: \$34.95; ISBN: 9780761921769 Hardcover: \$89.95; ISBN: 9780761921752 A handy reference for students, professionals, and anyone interested in criminal justice and criminology, The Concise Dictionary of Crime and Justice is an excellent, wide-ranging resource with clear definitions for over 2,000

key criminal justice terms. Often going beyond simple definitions, the dictionary presents and explains common misperceptions for selected entries. The concise definitions of terms will be easily accessible to a wide audience¾ from students in introductory courses to professionals looking to brush up on key terms. Some of the topics covered in entries include: abduction, cycle of violence, eyewitness testimony, facial reconstruction, habeas

corpus, La Cosa Nostra, Nuremberg Principle, Palestinian Liberation Organization (PLO), typology, Walker spy ring, and zoophilia. Features/Benefits: Each term will contain the following: Over 2,000 entries A complete, current definition of the term A discussion of common misconceptions or controversies surrounding the term A cross-reference to other entries in the dictionary Canadian Criminology Today Westview Press The authors are proud

sponsors of the 2020 SAGE Keith Roberts Teaching Innovations Award—enabling graduate students and early career faculty to attend the annual ASA pre-conference teaching and learning workshop. "Very practical approach to teaching research methods and very student friendly. This text "breathes life" into the research process. —Sherill Morris-Francis, Mississippi Valley State University The Practice of Research in Criminology and Criminal Justice, Seventh

Edition demonstrates the vital role research plays in criminology and criminal justice by integrating in-depth, real-world case studies with a comprehensive discussion of research methods. By pairing research techniques with practical examples from the field, Ronet D. Bachman and Russell K. Schutt equip students to critically evaluate and confidently conduct research. The Seventh Edition of this best-selling text retains the strengths of previous editions while breaking

ground with emergent research methods, enhanced tools for learning in the text and online, and contemporary, fascinating research findings. This edition incorporates new topics like intelligence-led policing, social network analysis (SNA), the evolution of cybercrime, and more. Students engage with the wide realm of research methods available to them, delve deeper into topics relevant to their field of study, and benefit from the wide variety of

new exercises to help them practice as they learn. Give your students the SAGE edge! SAGE edge offers a robust online environment featuring an impressive array of free tools and resources for review, study, and further exploration, keeping both instructors and students on the cutting edge of teaching and learning. Crime & Criminology Transaction Publishers This highly acclaimed criminology text presents an up-to-date review of rational choice theories,

including deterrence, shaming, and routine activities.

The Psychology of Criminal Conduct

Cengage Learning

This is the new edition of the textbook, 'Understanding Deviance', that guides the new student through the major sociological theories of crime, deviance and control. It offers an in-depth discussion of all the prominent theories of deviance.

Criminology Oxford University Press, USA
A flexible and cost-

effective alternative to larger, overwhelming texts, *Criminal Justice: The Essentials*, Third Edition, covers all the fundamental issues faced by law enforcement, the courts, corrections, and juvenile justice, leaving detailed specifics and tangential topics to the discretion of instructors to cover in class. Thoroughly revised and updated, the third edition features: * Discussion of many new topics including private corrections, restorative justice, and fiscal austerity in the criminal

justice system * Revised and updated coverage of criminal liability, cybercrime, contemporary community corrections, juvenile delinquency, and emerging issues in criminal justice * Strong pedagogy throughout including "Web Activities" and additional critical-thinking exercises * An updated Companion Website containing study guides and self-quizzes, suggested websites and resources, and more (www.oup.com/us/lab) * An updated Instructor's Resource CD with a test

bank, suggestions for activities, sample syllabi, and more (available to adopting instructors) With abundant examples--and just the right amount of sidebars and "highlights"--Criminal Justice, Third Edition, is an excellent resource for helping students to determine the most important issues in the field.

Criminological Theory

Sage Publications (CA)

This is the eBook of the printed book and may not include any media, website access codes, or print supplements that

may come packaged with the bound book. The authoritative resource for concise, chronological coverage of all the major sociological criminological theories This book provides all of the key principles of the most researched theories in the field of criminology in a concise, clearly written, and economical format. For over 30 years Williams and McShane's Criminological Theory has been one of the most well-respected resources for undergraduate and graduate students

nationwide, much appreciated for its strong research orientation and detailed research bibliographies that show the relationship between theory, research, and policy. Chapters are logically arranged with the social, cultural, and political context necessary to maximize understanding of the times that generated and supported the various theories presented. The book provides a chronological map tracing the development of each theory in relation to its

predecessors and its role in the evolution of future theories. Each chapter ties into the preceding and subsequent chapter, making the theories that are meaningful to criminology today more cohesive. As a result, by understanding the relationship between early and present theory, students see the role played by the theorist more realistically, and can see themselves participating in theory as others before them have done.

Understanding Deviance

Oxford University Press,
USA

"Criminological Theory: Past to Present by Francis T. Cullen, Roben Agnew, and Pamela Wilcox is a comprehensive and authoritative reader for upper-level undergraduate and graduate courses in criminological theory. An Introduction precedes each Part, as well as each individual reading, situating the book's selections within the historical development of criminological theory as a discipline"--

Hagan, Introduction to Criminology and Davis

SAGE Publications

Criminological Theory: The Essentials, Third Edition offers you a brief yet comprehensive overview of classic and contemporary criminologists and their theories. Putting criminological theory in context, acclaimed author Stephen G. Tibbetts examines policy implications brought about by theoretical perspectives to demonstrate to you the practical application of

theories to contemporary social problems. New to the Third Edition: A new chapter dedicated entirely to feminist perspectives (Chapter 10) introduces you to feminist models of crime while underscoring the importance of examining the related research. Case studies that examine offender motives are now included to help you apply the theories discussed to interesting and memorable examples. Policy is now integrated into each section to allow you to see the practical

policy implications of each theory. Coverage of critical topics has been expanded throughout to introduce you to important issues, such as the influence of employment on criminal behavior, the success of school programs in reducing delinquent behavior, and federal sentencing guidelines in regard to crack versus powder cocaine. Statistics, graphs, and tables have all been updated to demonstrate the most recent trends in criminology.

Crime, Shame and Reintegration Oxford University Press, USA
In *Criminological Theories*, the noted criminologist Ronald Akers provides thorough description, discussion, and appraisal of the leading theories of crime/delinquent behavior and law/criminal justice - the origin and history of each theory and its contemporary developments and adherents. Akers offers a clear explanation of each theory (the central concepts and hypotheses of each theory as well as

critical criteria for evaluating each theory in terms of its empirical validity). Researchers and librarians, as well as general readers, will find this book a very useful tool and will applaud its clear and understandable exposition of abstract concepts.

Criminology SAGE

The authoritative resource for criminological theory. *Criminological Theory*, 6/e provides concise chronological coverage of all the major criminological theories. The text puts theories into

socio-historical context to illustrate how and why certain theories evolved, why they were popular at particular points in time, and how they are still active and influential today. The authors also examine the research and policies that were inspired by each theory.

Specifically designed to suit one-semester courses, students and instructors alike will appreciate the text's straight-forward approach, clear language, and comprehensive coverage.

The Oxford Handbook of Criminology Taylor & Francis

Comprehensive and balanced, *THE COLOR OF JUSTICE: RACE, ETHNICITY, AND CRIME IN AMERICA* is the definitive introduction to current research and theories of racial and ethnic discrimination within America's criminal justice system. The sixth edition covers the best and the most recent research on patterns of criminal behavior and victimization, immigration and crime, drug use,

police practices, court processing and sentencing, unconscious bias, the death penalty, and correctional programs, giving students the facts and theoretical foundation they need to make their own informed decisions about discrimination within the system. Uniquely unbiased, **THE COLOR OF JUSTICE** makes every effort to incorporate discussion of all major race groups found in the United States. Important Notice: Media content referenced within the

product description or the product text may not be available in the ebook version.

Criminological Theories

Routledge

Now in its Sixth Edition, this remains the most comprehensive and authoritative book on the penal system, providing students with an incisive, critical account of the punitive, managerial and humanitarian approaches to criminal justice. Fully updated to cover the most recent changes in the Criminal Justice System, the new edition: Outlines

contemporary policy debates on sentencing, staffing, youth custody and overcrowding.

Explores growing inequalities in the criminal justice system including issues of race, religion, gender and sexuality, with new content on faith, and transgender prisoners. Considers the impact of privatisation on the probation service. Discusses the most recent debates around the parole process, including high-profile cases and attempts at reform. The book is supported by

online resources for lecturers and students, including chapter PowerPoints, sample syllabus, summaries of key legislative acts and bills, official reports, a list of recommended further reading for each chapter, and links to important Penal Agencies and Organisations, Law Reform Organisations, and other useful academic sites. Essential reading for students of criminal justice and criminology, studying penology, punishments and the penal system.

Measuring Crime and Criminality Wadsworth Publishing Company
 Crime, Shame and Reintegration is a contribution to general criminological theory. Its approach is as relevant to professional burglary as to episodic delinquency or white collar crime. Braithwaite argues that some societies have higher crime rates than others because of their different processes of shaming wrongdoing. Shaming can be counterproductive, making crime problems

worse. But when shaming is done within a cultural context of respect for the offender, it can be an extraordinarily powerful, efficient and just form of social control. Braithwaite identifies the social conditions for such successful shaming. If his theory is right, radically different criminal justice policies are needed - a shift away from punitive social control toward greater emphasis on moralizing social control. This book will be of interest not only to criminologists and

sociologists, but to those in law, public administration and politics who are concerned with social policy and social issues.

Criminological Theory
Oxford University Press,
USA

The sixth edition of *Criminology* offers updated coverage of the main criminological theories. An engaging read for students of criminology, it traces the history and development of these key theories, and provides full references to guide the reader in their

further criminological studies.

An Introduction to Criminological Theory

Routledge

Concise, current, and completely affordable, best-selling *CRIMINOLOGY: THE CORE*, International Edition delivers cutting-edge coverage, captivating real-life stories, and powerful learning tools in a succinct, student-friendly paperback.

[Textbook on Criminology](#)
Routledge

This highly acclaimed criminology text presents

an up-to-date review of rational choice theories, including deterrence, shaming, and routine activities. It also incorporates current examples of deterrence research regarding domestic violence, drunk driving, and capital punishment, and features thought-provoking discussion of the relativity of crime. The authors explore the crime problem, its context, and causes of crime. The organization of the text reflects the fact that the etiology of crime must be

at the heart of criminology. It examines contemporary efforts to redefine crime by focusing on family violence, hate crimes, white-collar misconduct with violent consequences, and other forms of human behavior often neglected by criminologists. Extensive discussion of evolving laws is included, and while the prevalence of the scientific method in the field of criminology is highlighted, the impact of ideology on explanations of crime is the

cornerstone of the book. **Criminological Theory 6th Edition** Routledge This book provides a comprehensive and up-to-date introduction to criminological theory for students taking courses in criminology at both undergraduate and postgraduate level. Building on previous editions, this book presents the latest research and theoretical developments. The text is divided into five parts, the first three of which address ideal type models of criminal behaviour: the

rational actor, predestined actor and victimized actor models. Within these, the various criminological theories are located chronologically in the context of one of these different traditions, and the strengths and weaknesses of each theory and model are clearly identified. The fourth part of the book looks closely at more recent attempts to integrate theoretical elements from both within and across models of criminal behaviour, while the fifth part addresses a

number of key recent concerns of criminology: postmodernism, cultural criminology, globalization and communitarianism, the penal society, southern criminology and critical criminology. All major theoretical perspectives are considered, including: classical criminology, biological and psychological positivism, labelling theories, feminist criminology, critical criminology and left realism, situation action, desistance theories, social control theories, the risk

society, postmodern condition and terrorism. The new edition also features comprehensive coverage of recent developments in criminology, including 'the myth of the crime drop', the revitalization of critical criminology and political economy, shaming and crime, defiance theory, coerced mobility theory and new developments in social control and general strain theories. This revised and expanded fifth edition of *An Introduction to Criminological Theory*

includes chapter summaries, critical thinking questions, policy implications, a full glossary of terms and theories and a timeline of criminological theory, making it essential reading for those studying criminology and taking courses on theoretical criminology, understanding crime, and crime and deviance [Criminology Theory](#) Harcourt College Pub For courses in Criminology, Criminological Theory, Theories of Crime, Crime

in America. The authoritative resource for criminological theory. *Criminological Theory*, 6/e provides concise chronological coverage of all the major criminological theories. The text puts theories into socio-historical context to illustrate how and why certain theories evolved, why they were popular at particular points in time, and how they are still active and influential today. The authors also examine the research and policies that were inspired by each theory.

Specifically designed to suit one-semester courses, students and instructors alike will appreciate the text's straight-forward approach, clear language, and comprehensive coverage. *Illuminating Social Life* SAGE Publications This comprehensive reader exposes students to both the classic and contemporary theories of crime. Editors Francis T. Cullen, Robert Agnew, and Pamela Wilcox provide brief yet detailed introductions, preparing

students for what they are about to read and placing each reading in context. *Criminological Theory* Oxford University Press, USA *Measuring Crime and Criminality* focuses on how different approaches to measuring crime and criminality are used to test existing criminological theories. Each chapter reviews a key approach for measuring criminal behavior and discusses its strengths or weaknesses for explaining the facts of crime or answers to

central issues of criminological inquiry. The book describes the state of the field on different approaches for measuring crime and criminality as seen by prominent scholars in the field. Among the featured contributions are: The Use of Official Reports and Victimization Data for Testing Criminological Theories; The Design and

Analysis of Experiments in Criminology; and Growth Curve/Mixture Models for Measuring Criminal Careers. Also included are papers titled: Counterfactual Methods of Causal Inference and Their Application to Criminology; Measuring Gene-Environment Interactions in the Cause of Antisocial Behavior and

What Has Been Gained and Lost through Longitudinal Research and Advanced Statistical Models? This volume of Advances in Criminological Theory illustrates how understanding the various ways criminal behavior is measured is useful for developing theoretical insights on the causes of crime.
