Willard F. Harley, Jr. is the highly successful author of many books on marriage, including the best-selling *His Needs, Her Needs*. In his latest book, *Buyers, Renters, and Freeloaders*, he turns his attention for the first time to singles who are tired of revolving-door romances and are looking for a lasting, meaningful relationship. The key to starting a successful, lifelong relationship, according to Dr. Harley, lies in discovering whether you (and your partner) are Freeloaders, Renters, or Buyers. Much like freeloading roommates who won't pay their fair share, relationship freeloaders are unwilling to put much effort into caring for someone. Renters are people who view a relationship as tentative and are only willing to provide care as long as terms are fair or until they find something better. The ideal partner, a Buyer, is someone who regards a relationship as he or she does a home-permanent and exclusive. *Buyers, Renters, and Freeloaders* shows readers how to measure their Romantic Relationship

Attitude and offers practical advice for transforming Freeloaders and Renters into fully committed Buyers. It also includes a Personal History Questionnaire to help readers better understand themselves and their partner and Four Guidelines for Successful Negotiation to assist couples in maintaining Buyer behavior. Together these tools will help singles create a satisfying, exclusive, and permanent romantic union destined to last a lifetime.

Getting Naked Revell

When you get married, you expect your relationship to be a partnership in which you make decisions and face the world together, united. But often a husband's perspective and a wife's perspective on the same issue can be very different and unity in decision making can be tough. Should spouses take turns getting their way? Should they compromise? Can they avoid making decisions altogether? Dr. Harley says there's a better way--a way in which both partners get what they want and believe is best every time. In *He Wins, She Wins*, Dr. Harley introduces the revolutionary concept of joint agreement in marriage that keeps both husband and wife on equal footing and equally satisfied. This

win-win model for negotiation starts with a simple rule: Never do anything without enthusiastic agreement between you and your spouse. Dr. Harley walks couples through the five most common sources of conflict in marriage, (friends and family, career and time management, finances, children, and sex), applying the joint agreement rule in every situation. And he teaches readers how to resolve conflicts the right way, so that not only are those conflicts resolved once and for all but the couple's love for one another actually grows and is sustained for the rest of their lives. Anyone who has been married long enough to have a disagreement will benefit from this unique new book from everyone's favorite marriage doctor.
