**A Book for Midwives** Simon and Schuster

From the author of the #1 bestselling *The 17 Day Diet*, the inspiring and easy-to-follow plan for staying young and healthy, based on the same 17 day model that made the diet the bestselling diet book of 2011. Every year, every month, every day, every hour, every minute that you are alive, you are getting older. No matter how old you are, your body is undergoing age-related changes that can lead to less energy, painful joints, droopy skin, unsightly wrinkles, and overall declining health. But what if someone told you that getting older and the physical process of aging don't have to be so closely entwined? And what if you had the ability to slow down the aging of your body so much that you could actually live to see, and more important, enjoy your 100th birthday or beyond? From feeling pain in your

joints to realizing that your memory isn't what it used to be, our bodies all suffer from wear and tear as we get older. But Dr. Mike Moreno—author of the #1 bestselling sensation *The 17 Day Diet*—explains that it is totally within your power to prevent and even reverse these symptoms of aging. *The 17 Day Plan to Stop Aging* is a 4-cycle plan that uses nutrition, physical fitness, and mental exercise to get you ready for longevity. Each cycle focuses on a different set of body parts and offers prescriptive solutions for improving the way those parts function. The plan is set up so that you can target specific areas or work on improving whole-body health at once. From your heart to your lungs, your nervous system to your reproductive system, the book is packed with information about what you can do to start feeling more vital. *The 17 Day Plan to Stop Aging* puts the power in your hands so you will never have to fear the prospect of old age again. Dare to imagine not just living 100 years, but thriving for all of them. The time to get started is now! \*\*\* *The 17 Day Plan to Stop Aging* is a 4-cycle system designed to help you feel healthier and

younger. Whether you want to focus on a specific part of your body or feel rejuvenated from top to bottom, this is your guide to a happier, more vital life! • Cycle 1—Restore: The plan begins with basic anti-aging approaches that will help restore all of your body's systems to a healthy baseline, stop potential medical problems before they start, and make way for a healthier, happier lifestyle—in 17 days flat. This cycle focuses on your heart, lungs, and brain, which Dr. Moreno considers to be the primary systems worthy of your immediate attention. • Cycle 2—Rebuild: This cycle shows you how to protect your immune, digestive, and musculoskeletal systems. Through simple shifts in diet, unexpected ways to get your body moving, and a healthy dose of common sense, it's easy to strengthen these secondary systems so they can do their most efficient work for years to come. • Cycle 3—Refine: When your reproductive and urinary systems are performing properly, you are most likely to feel energetic and sexy. Whether you want to avoid unpleasant symptoms like urinary incontinence or your goal is to keep your sex life thriving for years to come, Cycle 3 offers tools that you can easily apply to your life. • Cycle 4—Renew: The strategies you'll master in the last 17 days of this plan will not only leave you feeling rejuvenated, but they will ensure that you are ready to make the most—in every way—of the long, happy, and healthy life that you're working toward. The vital elements in this final cycle help you achieve true harmony among your health, environment, and overall lifestyle.

Immaculee Ilibagiza grew up in a country she loved, surrounded by a family she cherished. But in 1994 her idyllic world was

ripped apart as Rwanda descended into a bloody genocide. Immaculee's family was brutally murdered during a killing spree that lasted three months and claimed the lives of nearly a million Rwandans. Incredibly, Immaculee survived the slaughter. For 91 days, she and seven other women huddled silently together in the cramped bathroom of a local pastor while hundreds of machete-wielding killers hunted for them. It was during those endless hours of unspeakable terror that Immaculee discovered the power of prayer, eventually shedding her fear of death and forging a profound and lasting relationship with God. She emerged from her bathroom hideout having discovered the meaning of truly unconditional love—a love so strong she was able seek out and forgive her family's killers. The triumphant story of this remarkable young woman's journey through the darkness of genocide will inspire anyone whose life has been touched by fear, suffering, and loss.

An orphan leaves Dark Ages London to study medicine in Persia in this "rich" and "vivid" historical novel from a New York Times–bestselling author (The New York Times). A child holds the hand of his dying mother and is terrified, aware something is taking her. Orphaned and given to an itinerant barber-surgeon, Rob Cole becomes a fast-talking swindler, peddling a worthless medicine. But as he matures, his strange gift—an acute sensitivity to impending death—never leaves him, and he yearns to become a healer. Arab madrassas are the only authentic medical schools, and he makes his perilous way to Persia. Christians are barred from Muslim schools, but claiming he is a Jew, he studies under the world's most renowned physician,

Avicenna. How the woman who is his great love struggles against her only rival—medicine—makes a riveting modern classic. The Physician is the first book in New York Times–bestselling author Noah Gordon’s Dr. Robert Cole trilogy, which continues with Shaman and concludes with Matters of Choice.

This ebook includes audio narration. This winning heroine will inspire every child to cheer her on as she ventures through a bitter cold snowstorm in William Steig's classic *Brave Irene*. *Brave Irene* is Irene Bobbin, the dressmaker's daughter. Her mother, Mrs. Bobbin, isn't feeling so well and can't possibly deliver the beautiful ball gown she's made for the duchess to wear that very evening. So plucky Irene volunteers to get the gown to the palace on time, in spite of the fierce snowstorm that's brewing-- quite an errand for a little girl. But where there's a will, there's a way, as Irene proves in the danger-fraught adventure that follows. She must defy the wiles of the wicked wind, her most formidable opponent, and overcome many obstacles before she completes her mission. *Brave Irene* is a 1986 New York Times Book Review Best Illustrated Book of the Year. NARRATED by MERYL STREEP.

The idea of "The Green Book" is to give the Motorist and Tourist a

Guide not only of the Hotels and Tourist Homes in all of the large cities, but other classifications that will be found useful wherever he may be. Also facts and information that the Negro Motorist can use and depend upon. There are thousands of places that the public doesn't know about and aren't listed. Perhaps you know of some? If so send in their names and addresses and the kind of business, so that we might pass it along to the rest of your fellow Motorists. You will find it handy on your travels, whether at home or in some other state, and is up to date. Each year we are compiling new lists as some of these places move, or go out of business and new business places are started giving added employment to members of our race.

Popular education played a vital role in the twelve-year guerrilla war against the Salvadoran government. *Fighting to Learn* is a study of its pedagogy and politics. Hammond interviewed more than 100 Salvadoran students and teachers. He recounts their experiences in their own words, vividly conveying how they coped with the hardships of war and organized civilian communities politically to support a guerrilla insurgency. *Fighting to Learn* tells how poorly educated peasants overcame their sense of inferiority to discover that they could teach each other and work together in a common struggle. It offers both a detailed account of the practice of popular education and a broad theoretical discussion of the relationship between education, community organizing, and the political process.

Esta es una traducción de la primera edición del libro "Where

There Is No Animal Doctor". Pensamos que llenara una necesidad que no ha sido suplido anteriormente. La preparacion del libro fue un proceso de varios anos. Consideramos que esto ha resultado en un libro mas completo y detallado para las especies domesticas comunes. Creemos que el contenido es confiable y presentado en forma practica. Esperamos que llene las necesidades de los productores pecuarios que no tienen acceso a la atencion veterinaria moderna.

The present collection of articles represents research efforts in the field of specialised languages, including the analysis of research articles in disciplines as diverse as Biomedicine and Computing, on the one hand, and overlapping disciplines such as in Social Sciences, on the other, all with high relevance to English

for Academic Purposes, and English for specific Purposes. The volume offers empirical evidence obtained from corpus-based analyses of language, both from diachronic as well as synchronic perspectives, on topics such as the role of mother tongue in professional writing, the analysis of conference abstracts as a genre, or the analysis of visual data transfer. This collection addresses issues such as the implementation of lexicons for specialised language learning, and the development of ontologies to research language patterns. The volume thus provides a rich repertoire of research methodologies, in-depth analyses of specialised discourses, and the identification and discussion of relevant pedagogic issues. Winner of the 4th Edition of the 'Enrique Alcaraz Research Award'

The inspiring and hilarious story of Patch Adams's quest to bring free health care to the world and to transform the way doctors practice medicine • Tells the story of Patch Adam's lifetime quest to transform the health care system • Released as a film from Universal Pictures, starring Robin Williams Meet Patch Adams, M.D., a social revolutionary who has devoted his career to giving away health care. Adams is the founder of the Gesundheit Institute, a home-based medical practice that has treated more than 15,000 people for free, and that is now building a full-scale hospital that will be open to anyone in the world free of charge. Ambitious? Yes. Impossible? Not for those who know and work with Patch. Whether it means putting on a red clown nose for sick children or taking a disturbed patient outside to roll down a hill with him, Adams does whatever is necessary to help heal. In his frequent lectures at medical schools and international

conferences, Adams's irrepressible energy cuts through the businesslike facade of the medical industry to address the caring relationship between doctor and patient that is at the heart of true medicine. All author royalties are used to fund The Gesundheit Institute, a 40-bed free hospital in West Virginia. Adams's positive vision and plan for the future is an inspiration for those concerned with the inaccessibility of affordable, quality health care. Today's high-tech medicine has become too costly, impersonal, and grim. In his frequent lectures to colleges, churches, community groups, medical schools, and conferences, Patch shows how healing can be a loving, creative, humorous human exchange--not a business transaction.

*The Physician* Golgotha Press

When Dr. Reggie Anderson is present at the bedside of a dying patient, something miraculous happens. Sometimes as he sits vigil and holds the patient's hand . . . he can experience what they feel and see as they cross over. Because of these God-given glimpses of the afterlife--his "appointments with heaven"--Reggie knows beyond a doubt that we are closer to the next world than we think. Join him as he shares remarkable stories from his life and practice, including the tragedy that nearly drove him away from faith forever. He reveals how what he's seen, heard, and experienced has shaped what he believes about living and dying; how we can face the passing of our loved ones with the courage and confidence that we will see them again; and how we can each prepare for our own "appointment with heaven." Soul-stirring and hope-filled, *Appointments with Heaven* is a powerful journey into the questions at the very core of your being: Is there more to life than this? What is heaven like? And, most important:

Do I believe it enough to let it change me?

*Awakenings*--which inspired the major motion picture--is the remarkable story of a group of patients who contracted sleeping-sickness during the great epidemic just after World War I. Frozen for decades in a trance-like state, these men and women were given up as hopeless until 1969, when Dr. Oliver Sacks gave them the then-new drug L-DOPA, which had an astonishing,

explosive, "awakening" effect. Dr. Sacks recounts the moving case histories of his patients, their lives, and the extraordinary transformations which went with their reintroduction to a changed world.

Five Weeks in a Balloon was Jules Verne's first published novel – he had adapted it from a work of non-fiction at the suggestion of his editor, Jules Hetzel. The novel was published in 1863, before successful balloon-air flight was accomplished. The story is pure

adventure and typically Verne. It is not without its drawbacks – it is unpolished compared to some of Verne’s later works and the racism is difficult for today’s readers to accept. As a first adventure story, it was a testament as to what was to come from Verne – proving his publisher Hetzel had backed a winner. This annotated edition includes a biography and critical essay.

"The Strange Case of Dr. Jekyll and Mr. Hyde" Stevenson's famous exploration of humanity's basest capacity for evil, has become synonymous with the idea of a split personality. More than a moral tale, this dark psychological fantasy is also a product of its time, drawing on contemporary theories of class, evolution, criminality, and secret lives. Also in this volume are "The Body Snatcher," which charts the murky underside of Victorian medical practice, and "Olalla," a tale of vampirism and "The Beast Within" which features a beautiful woman at its center.
