When local author Dane Starbuck set out several years ago to write the biography of Pierre Goodrich, scion of one of Indiana's most prominent twentieth-century families, he soon discovered that it was impossible to really understand Pierre Goodrich without also closely examining his family. Starbuck's years of research culminated in *The Goodriches: An American Family*, now available from Liberty Fund. This work is a revealing window into the founding ideals of both Indiana and our country, and how our founders meant these ideals to be lived. *The Goodriches: An American Family* begins with the birth of James P. Goodrich in 1864 and continues through the death of his son Pierre F. Goodrich in 1973. As the story of two fascinating and fiercely individualistic men, it is compelling reading, but as author Dane Starbuck says in the preface, "the later chapters of this book are as much a social commentary on American life in

the twentieth century as parts of a biography of two accomplished men." In his foreword to *The Goodriches: An American Family*, James M. Buchanan, Nobel laureate in economics and celebrated Liberty Fund author, says, "The Indiana Goodriches are an American family whose leading members, James and Pierre, helped to shape the American century. . . . This biography makes us recognize what is missing from the millennial setting in which we find ourselves. We have lost the 'idea of America,' both as a motivation for action and as a source of emotional self-confidence. We have lost that which the Goodriches possessed." What did the Goodrich family "possess" which made them so unique? A belief in the power of knowledge, the importance of education, and a strong work ethic combined to imbue the Goodrich family with a distinctive sense of civic duty. James Goodrich served as governor of Indiana from 1917 to 1921 and as adviser to Presidents Warren G. Harding, Calvin Coolidge, and Herbert Hoover. During his eulogy of James Goodrich, the Reverend Gustav Papperman explained, "The Governor felt that he had been

given talents that were a trust, that he was to administer them faithfully. . . .” According to author Dane Starbuck, “Education was a large part of the Goodriches’ work ethos. . . . The family viewed education as a process by virtue of which the individual remained informed, made better business decisions, learned the importance of citizenship, and was given an opportunity for individual self-improvement. Therefore, work and education became the centerpieces of the Goodrich family’s ethical and practical life.” In later years, Pierre Goodrich, successful businessman and entrepreneur, would set aside a portion of his estate to found Liberty Fund because he believed that the principles of liberty on which our nation was founded need to be constantly kept before the public.

Why were so many religious images and objects broken and damaged in the course of the Reformation? Margaret Aston's magisterial new book charts the conflicting imperatives of destruction and rebuilding throughout the English Reformation from the desecration of images, rails and screens to bells, organs and stained glass windows. She explores the motivations of those who smashed images of the crucifixion in stained glass windows and who pulled down crosses and defaced symbols of the Trinity. She shows that destruction

was part of a methodology of religious revolution designed to change people as well as places and to forge in the long term new generations of new believers. Beyond blanked walls and whited windows were beliefs and minds impregnated by new modes of religious learning. Idol-breaking with its emphasis on the treacheries of images fundamentally transformed not only Anglican ways of worship but also of seeing, hearing and remembering.

Pandora is a sweet, bright, sixteen-year-old girl when she leaves her parents in London to spend the summer in Wales with her great-great aunt Rachel. Since she knows Rachel Ellis is very old, Pandora is surprised when she meets a youthful woman who doesn't look more than forty years old. Naturally inquisitive, Pandora sets out to explore the surrounding countryside, only to discover that her aunt is feared by the local townspeople because of her inexplicable youth and because her strange gardener, Ewen, has an eerie, seductive power over the village women. Protected only with her innocence, Pandora searches for her aunt's dark secret in an atmosphere of fear, suspicion, and ageless evil. As this gripping tale builds to its chilling climax, Pandora must answer the terrifying questions that confront her: Just what does Rachel Ellis want from her? Why

does Ewen look at her that way; why does he come to her room at night? Why does she find herself drawn to his power in spite of her fear? What is hidden behind the boarded-up doorway to the top floor of the mansion? And why does the ghostly apparition of a child beckon to her from the lawn in the night? After this summer, Pandora will never be the same. *The Sins of Rachel Ellis* by Philip Caveney is a novel of inescapable terror—the explosive story of a child's soul in peril.

This book explores literary culture in England between 1630 and 1700, focusing on connections between material, epistemic, and political conditions of literary writing and reading. In a number of case studies and close readings, it presents the seventeenth century as a period of change that saw a fundamental shift towards a new cultural configuration: neoclassicism. This shift affected a wide array of social practices and institutions, from poetry to politics and from epistemology to civility.

Young Tom Afflick has never felt so alone. His parents have split up and his

mother has relocated him, hundreds of miles away from his home in Manchester to the unfamiliar city of Edinburgh. At his new school, Tom is simply known as 'The Manc' - a blow-in, an outsider. On a routine school trip to the historic site of Mary King's Close, Tom follows the ghostly figure of a young girl - only to find himself transported back in time to 1645, the year of the Edinburgh plague. Apprenticed against his will to a violent plague doctor, Tom needs to use all of his modern-day skills in order to survive.

From the acclaimed author of *Climbing the Stairs* comes a fascinating story set on a remote island untouched by time. Uido is ecstatic about becoming her tribe's spiritual leader, but her new position brings her older brother's jealousy and her best friend's mistrust. And looming above these troubles are the recent visits of strangers from the mainland who have little regard for nature or the spirits, and tempt the tribe members with gifts, making them curious about modern life. When Uido's little brother falls deathly ill, she must cross the ocean and seek their help. Having now seen so many new things, will Uido have the strength to believe in herself and the old ways? And will her people trust her to lead them to safety when a catastrophic tsunami threatens? Uido must overcome everyone's doubts, including her own, if she is to keep her people safe and preserve the spirituality that has defined them. Drawing on firsthand experience from her travels to the Andaman Islands, Padma Venkatraman was inspired to write this story after meeting natives who survived the 2004 tsunami and have been able to preserve their unique way of life. Uido's transformation from a young girl to tribal

leader will touch both your heart and mind.

Sebastian Darke: Prince of Fools Bluefire  
Kip's dad owns an old-fashioned cinema, the Paramount. Struggling to survive in an age when multiplexes rule the world, the cinema seems doomed. But then Mr Lazarus arrives, and introduces himself as the new projectionist. He's very old, and a bit magical, and when he sets up his equipment, suddenly the images seem brighter and sharper, and the audience numbers are better than ever before. But one day Kip and his friend are watching *Terror Island* - a scary adventure set on an island full of sabre-toothed tigers and hungry cavemen - when Kip's little sister Rose appears on screen! Kip quickly puts two and two together, runs up to the projection room and confronts Mr Lazarus, who demonstrates the Lazarus Enigma: a device that can project things, and people, in to the world of the movie itself. When you're in the film, everything is real. Real bullets, real swords, real monsters. But beware . . . if you don't get out by the time the closing credits roll, you'll be trapped in the film forever! Can Kip get to Rose before the sabre-toothed tigers? And if he can - how is he going to get back?!

In this significantly expanded new edition of his acclaimed exploration of the four *Alien* movies, Stephen Mulhall adds several new chapters on Steven Spielberg's *Mission: Impossible* trilogy and *Minority Report*. The first part of the book discusses the four *Alien* movies. Mulhall argues that the sexual significance of the aliens themselves, and of Ripley's resistance to them, takes us deep into the question of what it is to be human. At the heart of the book is a

highly original and controversial argument that films themselves can philosophize. Mulhall then applies his interpretative model to another sequence of contemporary Hollywood movies: the *Mission: Impossible* series. A brand new chapter is devoted to each of the three films in the series, and to other films by the relevant directors that cast light on their individual contribution to it. In this discussion, the nature of television becomes as central a concern as the nature of cinema; and the shift in generic focus from science fiction to thriller also makes room for a detailed reading of Spielberg's *Minority Report*. *On Film, Second Edition* is essential reading for anyone interested in philosophy, film theory and cultural studies, and in the way philosophy can enrich our understanding of cinema.

Somebody's got muder down to a fine art... A gory, gripping thriller by Philip Caveney. Freelance photographer Danny Weston has made a grisly discovery. While taking pictures for a forthcoming exhibition, he finds a man's body hanging from the rafters of a deserted railway arch. Despite his horror, he reaches instinctively for his camera, before summoning the police. Seeing an opportunity to draw crowds to the exhibition, Danny's manager persuades him to include the shots. But is the pursuit of such success worth the trouble? Danny soon finds himself a police suspect, and becomes embroiled in a twilight world of transvestism, tattoo parlours and porno movie-making. Who is the cunning and merciless killer? What connects the seemingly random victims? And what does any of this have to do with ancient Aztec mythology? Unfortunately, Danny may not survive

long enough to work out the answers.

Aoife and her brother Madoc are Roman slaves with a single dream: to get back to Britannia. So, when their master is murdered, they seize the chance to escape. But it isn't long before they are picked up by the slave catcher and dragged before the Emperor himself. Discovering that Aoife and Madoc are the children of the counsellor to Caratacus, the self-appointed king of Britannia, the Emperor orders them aboard his fleet. He is about to sail to Britannia to put down Caratacus's anti-Roman rebellion, and he realises what valuable hostages the children will be. But Aoife has a secret: she is a healer, with a special bond with animals.

Onboard ship are the elephants that the Emperor will use when he rides in victory against Caratacus. Can Aoife forge a bond with the magnificent creatures and then, somehow, use them against the might of the Imperial army?

A captivating literary portrait of the writers who explore the city at night, and the people they met. "Cities, like cats, will reveal themselves at night," wrote the poet Rupert Brooke. Before the age of electricity, the nighttime city was a very different place to the one we know today - home to the lost, the vagrant and the noctambulant. Matthew Beaumont recounts an alternative history of London by focusing on those of its denizens who surface on the streets when the sun's down. If nightwalking is a matter of "going astray" in the streets of the metropolis after dark, then nightwalkers represent some of the most suggestive and revealing guides to the neglected and forgotten aspects of the

city. In this brilliant work of literary investigation, Beaumont shines a light on the shadowy perambulations of poets, novelists and thinkers: Chaucer and Shakespeare; William Blake and his ecstatic peregrinations and the feverish ramblings of opium addict Thomas De Quincey; and, among the lamp-lit literary throng, the supreme nightwalker Charles Dickens. We discover how the nocturnal city has inspired some and served as a balm or narcotic to others. In each case, the city is revealed as a place divided between work and pleasure, the affluent and the indigent, where the entitled and the desperate jostle in the streets. With a foreword and afterword by Will Self, *Nightwalking* is a captivating literary portrait of the writers who explore the city at night and the people they meet. *Philosophy of the Arts* Random House Max, the talking buffalo, has an enquiring mind, a keen sense of humour, and a grumpy disposition. Orphaned by the villainous Neruvians, sold off as a slave to the callous Berundians, he escapes into the wilderness, is attacked by vicious lupers, and rescued in the nick of time by the jester, Alexander Darke.

Spy Another Day St. Martin's Press

The lord of Laughter, the Monarch of Mirth-if only the bumbling 17-year-old Sebastian Darke could be a successful jester like his father. The problem is Sebastian's not funny. But after his father's death, with no choice but to beg in the streets, the half-human, half-elf teen sets off with Max, his father's slightly cynical Buffalo, to offer his services as a jester to King Septimus of Keladon. On the way they meet Captain Cornelius Drummel, small in stature, but

the fiercest of fighters. The three rescue the fair princess Kerin, who's being held captive by brigands, and happily escort her home. If only Sebastian knew the kidnapping was engineered by the evil King Septimus!

A Buffalope's Tale Penguin

Set in the future when teenagers are monitored via camera and their recorded actions and confessions plugged into a computer program that determines their ability to succeed. All kids given a "score" that determines their future potential. This score can get kids into colleges, grant scholarships, or destroy all hope for the above. Scored's reluctant heroine is Imani, a girl whose high score is brought down when her best friend's score plummets. Where do you draw the line between doing what feels morally right and what can mean your future? Friendship, romance, loyalty, family, human connection and human value: all

are questioned in this fresh and compelling dystopian novel set in the scarily foreseeable future.

This book is about representations of the devil in English and European literature. Tracing the fascination in literature, philosophy, and theology with the irreducible presence of what may be called evil, or comedy, or the carnivalesque, this book surveys the parts played by the devil in the texts derived from the Faustus legend, looks at Marlowe and Shakespeare, Rabelais, Milton, Blake, Hoffmann, Baudelaire, Goethe, Dostoevsky, Bulgakov, and Mann, historically, speculatively, and from the standpoint of critical theory. It asks: Is there a single meaning to be assigned to the idea of the diabolical? What value lies in thinking diabolically? Is it still the definition of a good poet to be of the devil's party, as Blake argued?
