LIN NOVAK

The Concise Oxford Dictionary of Current English (Classic Reprint)
OUP Oxford

face2face is the flexible, easy-to-teach General English course that helps adults and young adults to speak and listen with confidence. face2face is informed by Cambridge English Corpus and its vocabulary syllabus has been mapped to the English Vocabulary Profile, meaning students learn the language they really need at each CEFR level. The course improves students' listening skills by drawing their attention to the elements of spoken English that are difficult to understand. The free DVD-ROM in the Student's Book includes consolidation activities and electronic portfolio for learners to track their progress with customisable tests and grammar and vocabulary reference sections.

Solutions: Pre-Intermediate: Teacher's Book OUP Oxford
Excerpt from *The Concise Oxford Dictionary of Current English*
Again, of the many thousands of old or new scientific and

technical terms that have a limited currency some are carried by accident into the main stream of the language and become known temporarily or permanently, vaguely or precisely, to all ordinarily well-informed members of the modern newspaper-reading public. For the purposes of a dictionary that is not to be bulky and yet is to give a fuller treatment than is usual in dictionaries of its size to the undoubtedly current words forming the staple of the language, selection among these intruders is a difficult but very necessary task. The most that can be hoped for is that every one conversant with any special vocabulary may consider us, though sadly deficient on his subject, fairly copious on others the meaning of many learned words that have been omitted as having no pretence to general currency may easily be gathered by reference first to the stem, which is often the subject of an article, or to another word of which the stem is clearly the same, and secondly to the suffix. In another class of words and senses the test of currency has led us to diverge in the opposite direction from the practice usual in dictionaries of this size if we give fewer scientific and technical terms, we admit colloquial, facetious, slang, and vulgar expressions with freedom, merely attaching a cautionary label when a well established usage of this kind is omitted, it is not because we consider it beneath the dignity of lexicography to record it, but because, not being recorded in the dictionaries from which our word-list is necessarily compiled, it has escaped our notice we have not, however, consulted slang dictionaries nor made any attempt at completeness in this respect. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a

reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.

Encountering the Book of Romans (Encountering Biblical Studies)

In this updated edition of his successful textbook, a leading evangelical New Testament scholar offers a guide to the book of Romans that is informed by current scholarship and written at an accessible level. The new edition has been updated throughout and features a new interior design. After addressing introductory matters and laying the groundwork for reading Romans, Douglas Moo leads readers through the weighty argument of this significant book, highlighting key themes, clarifying difficult passages, and exploring the continuing relevance of Romans. As with other volumes in the well-received Encountering Biblical Studies series, this book is designed for the undergraduate classroom and includes pedagogical aids such as photos and sidebars. A test bank for professors is available through Baker Academic's Textbook eSources.
