Here's a complete guide
to deploying and
managing Windows Vista
that is suitable for IT
professionals and
students alike! By 2007,
Windows Vista, the
newest desktop operating
system from Microsoft,
will be installed on
millions of computers. It is

anticipated that the numbers will only grow from there. This instructional text provides information users need to successfully migrate to Windows Vista and immediately begin deriving benefits from it. Readers will learn the differences between the new system and the old, including Vista's additional functionalities, and its advanced security features. Written with the novice networking student in mind, this informative guide examines Windows Vista in a thorough, logical, organized manner to ensure that all information is easily understood. The Hands-on Activities and Case Projects help students practice new skills, and review questions and key terms reinforce important information ... With the new section devoted to troubleshooting, this text also doubles as a manual that professionals can take on the job with them on the job.-Back cover.

MCTS 70-640 Cert Guide
Pearson Education
LabConnection provides powerful computer-based exercises, simulations, and demonstrations for hands-on skills courses such as this. It can be used as both a virtual lab and homework

assignment tool, and provides automatic grading. LabConnection maps directly to the textbook and provides remediation to the text and to the 70-680 exam objectives. Features:

Enhanced Comprehension: Through the LabConnection labs and guidance, while in the virtual lab environment, the student develops skills that are accurate and consistently effective.

Exercises: Includes dozens of exercises that assess and prepare the learner for the virtual labs, establishing and solidifying the skills and knowledge required to complete the lab.

Virtual Labs: Labs consist of end-to-end procedures performed in a simulated environment where the student can practice the skills required of professionals.

Guided Learning: LabConnection allows learners to make mistakes but alerts them to errors made before they can move on to the next step, sometimes offering demonstration as well.

Video demonstrations: Instructor-led video demonstrations guide the learners step by step through the labs while providing additional insights to solidify the

concepts. SCORM Compliant Grading and Record Keeping: LabConnection will grade the exercises and record the completion status of the lab Portion, easily porting to and compatible with distance learning platforms.
