Moving Heals is the title of a book by exercise physiologist Dr. Joan Vernikos. Her argument—one that has been confirmed by other scientists in a new field called “inactivity physiology” is not that sitting is necessarily bad for us; just that we spend far too much time doing it. The real problem is inactivity. Joan Vernikos - *Born to Move: A Body in Motion Stays Healthy Longer* - Duration: 1:04:58.
