Just because the undead's taste buds are atrophying doesn't mean yours have to! Is it the undead? No—it's your stomach. When the zombie apocalypse tears down life and society as we know it, it will mean no more take out, no more brightly lit, immaculately organized aisles of food just waiting to be plucked effortlessly off the shelves. No more trips down to the local farmers' market. No more microwaved meals in front of the TV or intimate dinner parties. No, when the undead rise, eating will be hard, and doing it successfully will become an art. *The Art of Eating through the Zombie Apocalypse* is a cookbook and culinary field guide for the busy z-poc survivor. From the basics, the book moves into detailed survival techniques for water, food, fire, shelter and first aid. Finally, the book concludes with extreme emergencies, where civilization might collapse, whether for a short or extended period of time. And yes, that's when we get to zombies (communicable diseases). This is a book that can save your life and the life of those you love."
