## CARRILLO EMILIO

### How to Bridge the Distance Between Business Strategy and Design : a Whiteboard Overview AMACOM

We are now living in a world with over one hundred brands of bottled water. The United States alone is home to over 45,000 shopping malls. And there are more than 19 million customized beverage choices a barista can whip up at your local Starbucks. Whether it's good or bad, the real question is why we behave this way in the first place. Why do we telegraph our affiliations or our beliefs with symbols, signs, and codes? Brand Thinking and Other Noble Pursuits contains twenty interviews with the world's leading designers and thinkers in branding. The interviews contain spirited views on how and why humans have branded the world around us, and the ideas, inventions, and insight inherent in the search.

*Strategic Brand Management* Penguin

Aaker on Branding provides the principles of branding you need to know to create and manage strong brands. The concepts are culled from the articles, six branding books, and other writings of David Aaker and have been proven to help hundreds of firms develop branding programs. With five sections, it provides a story arc about creating a strong brand that involves understanding that brands are assets, creating a compelling brand vision, bringing the brand to life in the marketplace, maintaining its relevance over time, and managing the brand team to create clarity, synergy, and leverage. The book provides a vehicle for a marketing professional to learn or review the issues, problems,

and solutions of branding in a compact form.

*Using Innovative Ideologies to Build Breakthrough Brands* Wiley  
Build a successful SOCIAL BUSINESS by empowering the SOCIAL EMPLOYEE Includes success stories from IBM, AT&T, Dell, Cisco, Southwest Airlines, Adobe, Domo, and Acxiom "Great brands have always started on the inside, but why are companies taking so long to leverage the great opportunities offered by internal social media? . . . The Social Employee lifts the lid on this potential and provides guidance for businesses everywhere." -- JEZ FRAMPTON, Global Chairman and CEO, Interbrand "Get a copy of this book for your whole team and get ready for a surge in measurable social media results!" -- MARI SMITH, author, *The New Relationship Marketing*, and coauthor, *Facebook Marketing* "Practical and insightful, *The Social Employee* is sure to improve your brand-building efforts." -- KEVIN LANE KELLER, E.B. Osborn Professor of Marketing, Tuck School of Business at Dartmouth College, and author, *Strategic Brand Management* "This book will change how you view the workplace and modern connectivity, and inform your view of how social employees are changing how we work and create value in today's networked economy." -- DAVID ARMANO, Managing Director, Edelman Digital Chicago, and contributor to *Harvard Business Review* "The Social Employee makes the compelling argument that most organizations are sadly missing a key opportunity to create a social brand, as well as to build a strong company culture." -- ANN HANDLEY, Chief Content Officer, MarketingProfs.com, and coauthor, *Content Rules Smarter Digital Marketing for Businesses Big and Small* AMACOM  
Stories are orders of magnitude which are more effective than facts at achieving attention, persuading, being remembered, and inspiring involvement. Signature stories—intriguing, authentic,

and involving narratives—apply the power of stories to communicate a strategic message. Marketing professionals, coping with the digital revolution and the need to have their strategic message heard internally and externally, are realizing that a digital strategy revolves around content and that content is stories. *Creating Signature Stories* shows organizations how to introduce storytelling into their strategic messaging, and guides organizations to find, or even create, signature stories and leverage them over time. With case studies built into every chapter, organizations will realize the power of storytelling to energize readers, gain visibility, persuade audiences, and inspire action.

*Review and Analysis of Aaker's Book* John Wiley & Sons

As industries turn increasingly hostile, it is clear that strong brand-building skills are needed to survive and prosper. In David Aaker's pathbreaking book, *MANAGING BRAND EQUITY*, managers discovered the value of a brand as a strategic asset and a company's primary source of competitive advantage. Now, in this compelling new work, Aaker uses real brand-building cases from Saturn, General Electric, Kodak, Healthy Choice, McDonald's, and others to demonstrate how strong brands have been created and managed. A common pitfall of brand strategists is to focus on brand attributes. Aaker shows how to break out of the box by considering emotional and self-expressive benefits and by introducing the brand-as-person, brand-as-organisation, and brand-as-symbol perspectives. A second pitfall is to ignore the fact that individual brands are part of a larger system consisting of many intertwined and overlapping brands and subbrands. Aaker shows how to manage the "brand system" to achieve clarity and synergy, to adapt to a changing environment, and to

leverage brand assets into new markets and products. As executives in a wide range of industries seek to prevent their products and services from becoming commodities, they are recommitting themselves to brands as a foundation of business strategy. This new work will be essential reading for the battle-ready.

Creating Signature Stories Morgan James Publishing

Did you know Brands Are Assets? Do you know how to create a Brand Vision? Is it possible to bring a Brand to Life? This is the definitive book that answers these questions and more... Aaker on Branding presents in a compact form, the twenty essential principles of branding that will lead to the creation of strong brands. These principles provide a broad understanding of brands, brand strategy, brand portfolios, and brand building that all business, marketing, and brand strategists should know.

Frenemies Business Expert Press

The tenth annual Advertising and Consumer Psychology Conference held in San Francisco focused on branding -- a subject generating intense interest both in academia and in the "real world." The principle theory behind these conferences is that much can be gained by joining advertising and marketing professionals with academic researchers in advertising. Professionals can gain insight into the new theories, measurement tools and empirical findings that are emerging, while academics are stimulated by the insights and experience that professionals describe and the research questions that they pose. This book consists of papers delivered by experts from academia and industry discussing issues regarding the role of advertising in the establishment and maintenance of brand equity -- making this volume of interest to advertising and marketing specialists, as well as consumer and social psychologists.

Brand Naming Psychology Press

Capture their attention-and keep it! With the rise of digital media, you'd think it would be easier than ever to be heard. Yet, most messages fail to cut through the clutter. Consumers are overwhelmed. Ads alone aren't effective. And you can't just churn out content and connect on every social network. To stand out today, you need to start with your brand. Brand Now uncovers the new rules of branding in our complex and chaotic world. Written by the author of *Get Scrappy*, the digital marketing bible for business, this latest book explains how to build brands that

resonate both online and off. The book helps you: Create a brand with meaning \* Reinforce it with the right touchpoints \* Hone your brand's unique story \* Share it through engaging content \* Cultivate a sense of community \* Craft a coherent experience \* Stand out with simplicity and transparency The world may be growing louder, but with Brand Now's big ideas and practical toolbox, you can break through the noise-and win a place in the hearts and minds of your customers.

**The New CMO Imperative** Oxford University Press

You don't have a brand—whether it's for a company or a product—until you have a name. The name is one of the first, longest lasting, and most important decisions in defining the identity of a company, product, or service. But set against a tidal wave of trademark applications, mortifying mistranslations, and disappearing dot-com availability, you won't find a good name by dumping out Scrabble tiles. Brand Naming details best-practice methodologies, tactics, and advice from the world of professional naming. You'll learn: What makes a good (and bad) name The step-by-step process professional namers use How to generate hundreds of name ideas The secrets of whittling the list down to a finalist The most complete and detailed book about naming your brand, Brand Naming also includes insider anecdotes, tired trends, brand origin stories, and busted myths. Whether you need a great name for a new company or product or just want to learn the secrets of professional word nerds, put down the thesaurus—not to mention Scrabble—and pick up Brand Naming. *Get Scrappy* Free Press

An intimate and profound reckoning with the changes buffeting the \$2 trillion global advertising and marketing business from the perspective of its most powerful players, by the bestselling author of *Googled* Advertising and marketing touches on every corner of our lives, and the industry is the invisible fuel powering almost all media. Complain about it though we might, without it the world would be a darker place. But of all the industries wracked by change in the digital age, few have been turned on their heads as dramatically as this one. Mad Men are turning into Math Men (and women--though too few), an instinctual art is transforming into a science, and we are a long way from the days of Don Draper. *Frenemies* is Ken Auletta's reckoning with an industry under existential assault. He enters the rooms of the ad world's most important players, meeting the old guard as well as new powers

and power brokers, investigating their perspectives. It's essential reading, not simply because of what it reveals about this world, but because of the potential consequences: the survival of media as we know it depends on the money generated by advertising and marketing--revenue that is in peril in the face of technological changes and the fraying trust between the industry's key players.

*20 Principles That Drive Success* John Wiley & Sons

The text is a European adaptation of our current US

book: *Strategic Market Management*, 9th Edition by David Aaker.

This new edition is a mainstream text suitable for all business students studying strategy and marketing courses. *Strategic Market Management: Global Perspectives* is motivated by the strategic challenges created by the dynamic nature of markets. The premise is that all traditional strategic management tools either do not apply or need to be adapted to a more dynamic context. The unique aspects of the book are its inclusion of: A business strategy definition that includes product/market scope, value proposition, and assets and competences. A structured strategic analysis including a detailed customer, competitor, market, and environmental analysis leading to an understanding of market dynamics that is supported by a summary flow diagram, a set of agendas to help start the process, and a set of planning forms. Concepts of strategic commitment, opportunism, and adaptability and how they can and should be blended together. Bases of a value proposition and strong brands. A strategy without a compelling value proposition will not be market driven or successful. Brand assets that will support a business strategy need to be developed. Creating synergetic marketing with silo organisations defined by products or countries. All organisations have multiple products and markets and creating cooperation and communication instead of competition and isolation is becoming an imperative. A global perspective is an essential aspect of this new edition. This reflects the lived experience of the student reader but also their likely professional challenges. This is achieved by the extensive use of new examples and vignettes.

*Making Competitors Irrelevant* Simon and Schuster

The must-read summary of David Aaker's book: "Building Strong Brands: How the Best Brand Managers Build Brand Equity". This summary of the ideas from David Aaker's book "Build Strong Brands" shows that a strong brand creates customer interest and loyalty, and can be an organization's most valuable strategic

asset. In fact, brand equity is historical – the current brand image is derived from actions previously taken. Therefore, the process of adding value to a brand so that it has greater equity in the future is termed a brand identity program. Through the integration of additional product attributes, organizational attributes, personality characteristics and visual imagery, including symbols, the brand identity program adds value to the brand in the future. In essence this summary highlights that a strong brand is the strategic asset which holds the key to the long-term performance of any organization; any initiative focused on building the value of the brand is integral to the long-term viability of the organization itself. Added-value of this summary: • Save time • Understand the key concepts • Increase your business knowledge To learn more, read "Building Strong Brands" and discover a useful book to develop successful organizations.

**Brand Equity & Advertising** Simon and Schuster  
Incorporating the latest thinking and developments from both academia and industry, this exploration of brands, brand equity and strategic brand management combines a comprehensive theoretical foundation with numerous techniques and practical insights for making better day-to-day and long-term brand decisions. Focused on how-to and why, it provides specific tactical guidelines for planning, building, measuring and managing brand equity. It includes numerous examples on each topic and over 75 Branding Briefs that identify successful and unsuccessful brands. Uncommon Growth in the Digital Age Createspace Independent Publishing Platform

"Unquestionably the most comprehensive treatment available on the subject. I found this book unique in its capacity to benefit executives, planning staff, and students of strategy alike."  
—Robert L. Joss, Dean of the Graduate School of Business, Stanford University  
A successful business strategy enables managers to provide organizational vision, monitor and understand a dynamic business environment, generate creative strategic options in response to environmental changes, and base every business effort on sustainable competitive advantages. *Developing Business Strategies* provides the knowledge and understanding needed to generate and implement such a strategy. This fully revised and updated edition of David Aaker's highly influential strategic manual offers copious new information on important emerging business topics. Numerous new and

revised sections cover such critical areas as the big idea, knowledge management, the customer as an active partner, creative thinking, distinguishing fads from trends, forecasting technologies, alliances, design as strategy, downstream business models, and more. Other important new features of this comprehensive guide include: A new chapter on strategic positioning Many new illustrative examples from B-to-B, high-tech, and the Internet Increased focus on global leadership and global brand management Using the Internet to develop and support business strategies For managers who need to develop and implement effective, responsive business strategies that keep the organization competitive through changing business conditions, *Developing Business Strategies*, Sixth Edition is the way to go.

**The Bereavement Ministry Program** Morgan James Publishing  
The most important assets of any business are intangible: its company name, brands, symbols, and slogans, and their underlying associations, perceived quality, name awareness, customer base, and proprietary resources such as patents, trademarks, and channel relationships. These assets, which comprise brand equity, are a primary source of competitive advantage and future earnings, contends David Aaker, a national authority on branding. Yet, research shows that managers cannot identify with confidence their brand associations, levels of consumer awareness, or degree of customer loyalty. Moreover in the last decade, managers desperate for short-term financial results have often unwittingly damaged their brands through price promotions and unwise brand extensions, causing irreversible deterioration of the value of the brand name. Although several companies, such as Canada Dry and Colgate-Palmolive, have recently created an equity management position to be guardian of the value of brand names, far too few managers, Aaker concludes, really understand the concept of brand equity and how it must be implemented. In a fascinating and insightful examination of the phenomenon of brand equity, Aaker provides a clear and well-defined structure of the relationship between a brand and its symbol and slogan, as well as each of the five underlying assets, which will clarify for managers exactly how brand equity does contribute value. The author opens each chapter with a historical analysis of either the success or failure of a particular company's attempt at building

brand equity: the fascinating Ivory soap story; the transformation of Datsun to Nissan; the decline of Schlitz beer; the making of the Ford Taurus; and others. Finally, citing examples from many other companies, Aaker shows how to avoid the temptation to place short-term performance before the health of the brand and, instead, to manage brands strategically by creating, developing, and exploiting each of the five assets in turn

**A Comprehensive Guide for Churches** John Wiley & Sons Incorporated

Aaker on Branding 20 Principles That Drive Success Morgan James Publishing

*Review and Analysis of Aaker and Joachimsthaler's Book* Simon and Schuster

The must-read summary of David Aaker and Erich Joachimsthaler's book: "Brand-Leadership: The Evolving Paradigm". This complete summary of the ideas from David Aaker and Erich Joachimsthaler's book "Brand-Leadership" shows that creating and progressively building strong brands is an important commercial activity for most business enterprises. However, the way that strong brands are built is rapidly changing and evolving. A new paradigm is emerging in which achieving brand leadership is becoming more important than simply building brand equity. In fact, the paradigm for brand building is evolving from the tactical and reactive approach of traditional brand management to the much more strategic and visionary brand leadership approach. Added-value of this summary: • Save time • Understand the key concepts • Increase your business knowledge To learn more, read "Brand-Leadership" and discover how to overcome and address the challenges brought by today's new brand paradigm.

*Brand Equity & Advertising* John Wiley & Sons

*Strategic Market Management*, helps managers identify, implement, prioritize, and adapt market-driven business strategies in dynamic markets. The text provides decision makers with concepts, methods, and procedures by which they can improve the quality of their strategic decision-making. The 11th Edition provides students in strategic marketing, policy, planning, and entrepreneurship courses with the critical knowledge and skills for successful market management, including strategic analysis, innovation, working across business units, and developing sustainable advantages.

Creating Relevance, Differentiation, Energy, Leverage, and Clarity

#### Primento

It's an exciting time to be in marketing, with an array of equalizing platforms from the Internet to social media to content marketing, that have reset the playing field for businesses large and small. Yet, it's also a challenging time, with much work to do and an ever-changing array of platforms, features, and networks to master--all on tighter budgets than ever before. Don't get discouraged, get scrappy! Weaving hacks, tips, idea starters, and more, chief brand strategist Nick Westergaard has provided in *Get Scrappy* a plan of attack for businesses of any size to:

- Demystify digital marketing in a way that makes sense for your business
- Do more with less
- Build a strong brand with something to say

Create relevant and engaging content for your social media platforms

- Spark dialogue with your community of customers
- Measure what matters
- And more

The result will be a reliable, repeatable system for building your brand, creating engaging content, and growing your community of customers. Don't wait for marketing to reinvent itself. Instead, proactively reinvent your company's marketing to maximize its reach!

**Advertising's Role in Building Strong Brands** Wheatmark  
In this long-awaited book from the world's premier brand expert and author of the seminal work *Building Strong Brands*, David Aaker shows managers how to construct a brand portfolio strategy that will support a company's business strategy and create relevance, differentiation, energy, leverage, and clarity.

Building on case studies of world-class brands such as Dell, Disney, Microsoft, Sony, Dove, Intel, CitiGroup, and PowerBar, Aaker demonstrates how powerful, cohesive brand strategies have enabled managers to revitalize brands, support business growth, and create discipline in confused, bloated portfolios of master brands, subbrands, endorser brands, cobrands, and brand extensions. Renowned brand guru Aaker demonstrates that assuring that each brand in the portfolio has a clear role and actively reinforces and supports the other portfolio brands will profoundly affect the firm's profitability. *Brand Portfolio Strategy* is required reading not only for brand managers but for all managers with bottom-line responsibility to their shareholders.
