The Trombone Man: Tales of a Misogynist Encyclopaedia Britannica, Inc.

Dr. Peter Kraus is a forty-something behavioral scientist who is known for his quirky innovative ideas, charming bookish manner and love for music, especially the sound of the trombone. Sadly, though courteous and engaging, as well as being a good and considerate lover, he has never been successful with women. While women adore him, his dates usually end in disaster. Nonetheless, Dr. Kraus makes it no secret that he loves the company of women-in carefully measured doses. Following a particularly bad date with his on-and-off girlfriend, Bev, Peter consults his psychoanalyst, Dr. Maxine Feinschmecker, who is the only one who knows about his James Bond fantasies and unresolved oedipal issues. His sessions with Dr. Feinschmecker reveal that he is a misogynist. The Trombone Man shares the story of one man's zany adventure through an outlandish world where political correctness and populism take on new meanings, but that may end up being more normal than he ever imagined. *1997 A&E Information Please Entertainment Almanac* Lulu Press, Inc

The Tastemaker charts the singular life of a man who has been at

the beating heart of music's most iconic moments for over sixty years. Leaving school and starting his career at Decca Records in 1958 at the age of sixteen, Tony King would soon find himself becoming close friends with Elton John, rekindling John Lennon and Yoko Ono's relationship, mediating a quarrelsome Mick Jagger and Keith Richards and spending time with Freddie Mercury in his final days - a far cry from his childhood days in Eastbourne. Living in an era of seismic social, technological and cultural transformation, King experienced these defining moments as a stalwart in London and New York's gay scenes. Alongside his heady life in showbusiness, he was witness to the AIDS crisis and its devastating consequences: the death of family, the death of friends and the stultifying weight of responsibility in being called upon to hold things together. At once profound and suffused with Tony King's disarming warmth and unparalleled charisma, The Tastemaker paints an intimate portrait of a music legend and captures the unpredictable world he stamped his indelible mark upon.

The very first biography of Peter Tosh, rude boy, founder member of The Wailers and a compelling recording artist in his own right. Tosh was Jamaica's most controversial reggae star. A fiery advocate of Rastafari and African nationalism as well as the legalisation of marijuana, his uncompromising political stance won him a reputation as Jamaica's Malcolm X. Now revered second only to Bob Marley among reggae audiences worldwide, Tosh was awarded the Order of Merit, Jamaica's third highest honour, as the nation celebrated 50 years of Independence. Based on hundreds of interviews with those who knew Peter Tosh best, including Bunny Wailer and close associates, here are the stories behind hits like 'Legalise It', 'Equal Rights', 'Get Up Stand Up' and 'Johnny B. Goode'; Tosh's infamous appearance at the 1978 One Love Peace Concert; and his now legendary adventures with Mick Jagger and Keith Richards. One of reggae's most extraordinary stories, the life of Peter Tosh came to an end when he was brutally murdered in 1987 amidst rumours involving the

supernatural and Kingston's criminal underworld. This is his story.

Despite an often unfair reputation as being less popular, less successful, or less refined than their bona-fide Broadway counterparts, Off Broadway musicals deserve their share of critical acclaim and study. A number of shows originally staged Off Broadway have gone on to their own successful Broadway runs, from the ever-popular *A Chorus Line* and *Rent* to more off-beat productions like *Avenue Q* and *Little Shop of Horrors*. And while it remains to be seen if other popular Off Broadway shows like *Stomp*, *Blue Man Group*, and *Altar Boyz* will make it to the larger Broadway theaters, their Off Broadway runs have been enormously successful in their own right. This book discusses more than 1,800 Off Broadway, Off Off Broadway, showcase, and workshop musical productions. It includes detailed descriptions of Off Broadway musicals that closed in previews or in rehearsal, selected musicals that opened in Brooklyn and in New Jersey, and American operas that opened in New York, along with general overviews of Off Broadway institutions such as the Light Opera of Manhattan. The typical entry includes the name of the host theater or theaters; the opening date and number of performances; the production's cast and creative team; a list of songs; a brief plot synopsis; and general comments and reviews from the New York critics. Besides the individual entries, the book also includes a preface, a bibliography, and 21 appendices including a discography, filmography, a list of published scripts, and lists of musicals categorized by topic and composer.

Human movement has an influence on the socio-economic dynamics of people, regions, and countries. The schisms between host and immigrants impact how host countries utilize immigrant skills and expertise to benefit their economies. However, immigrants are impacted by negative diplomatic relations between countries that limit the free movement of people and the welfare of immigrants. In association, this brings about social challenges such as Afrophobia, racism, xenophobia, hatred, and violence within these countries. While these challenges are deeply rooted across the world, Africa has its own unique challenges. Still struggling with massive underdevelopment, Africa needs to remove all the negative factors that could impede its quest of achieving development imperatives. Impact of

Immigration and Xenophobia on Development in Africa analyzes the genesis and evolution of immigration in Africa and how this has resulted in social challenges such as xenophobia within the continent. The book focuses on demonstrating how immigrant skills and expertise can be positively utilized to assist African development and asserts the existence of xenophobia in respective countries does not assist Africa's quest of resolving its own challenges. The chapters within this book therefore explore how this subsequent output of xenophobia has impacted African development and focuses on the revival of Pan-Africanism as a uniting instrument and ideology for Africans. This book is a valuable reference tool for activists, retired and practicing politicians, governments, policymakers, practitioners, stakeholders, researchers, students, and academicians.

Moreover, it is not an erudite or pedantic tome targeted only at a limited audience of specialists. Instead, this volume is meant to be a highly accessible yet subtly expressive and copiously illustrated

collection of interviews, all of which deal with cinematic (as well as dramatic) questions of interest to many cultivated readers and spectators—not just British ones. Interviews with English Filmmakers is thus aimed at students, teachers, cinephiles, and educated individuals with an interest in British cinema in particular and global cinema in general, in addition to those readers with an interest in the practice of film directing and production as well as film analysis and criticism.
