DISCIPLE IV UNDER THE TREE OF LIFE is the final study in the four-phase DISCIPLE program and is prepared for those who have completed BECOMING DISCIPLES THROUGH BIBLE STUDY. The study concentrates on the Writings (Old Testament books not in the Torah or the Prophets), the Gospel of John, and Revelation. Emphasis on the Psalms as Israel's hymnbook and prayer book leads natural to an emphasis on worship in the study. Present through the entire study is the sense of living toward completion - toward the climax of the message and the promise, extravagantly pictured in Revelation. The image of the tree and the color gold emphasize the prod and promise in the Scriptures for DISCIPLE IV: UNDER THE TREE OF LIFE. The word under in the title is meant to convey invitation, welcome, sheltering, security, and rest - home at last. Commitment and Time Involved 32 week

study Three and one-half to four hours of independent study each week (40 minutes daily for leaders and 30 minutes daily for group members) in preparation for weekly group meetings. Attendance at weekly 2.5 hour meetings. DVD Set Four of the five videos in this set contain video segments of approximately ten minutes each that serve as the starting point for discussion in weekly study sessions. The fifth video is the unique component that guides an interactive worship experience of the book of Revelation. Under the Tree of Life Scriptures lend themselves to videos with spoken word, art, dance, music, and drama. Set decorations differs from segment to segment depending on the related Scripture and its time period. Set decoration for video segments related to the Writings generally has a Persian theme. Set decoration for the New Testament video segments emphasizes the simpler life of New Testament times. *Standard Catalog of Imported Cars 1946-2002* Krause Publications

Bonding Before Birth combines up-to-the-minute research with enlightened and compassionate wisdom. This book explores what science knows about babies in the womb and explains why mother-baby bonding is so vital for the future well-being of mother, father, and baby. Dr. Miriam Stoppard writes about the feelings that expectant parents experience during the first, second and third trimesters and promotes the significance of rites of passage through pregnancy, from adjusting to the changes that parenthood brings to celebrating your future as a family. The emotional and psychological elements of pregnancy are often overlooked in favor of hard facts and scientific evidence. This book redresses the balance and turns its attention to the conflicting feelings of exhilaration and anxiety, dreams and fears that so often characterize the nine months of pregnancy and gives parents-to-be inspiring guidance through these uncharted waters.
