#### The Oxford Dictionary of Saints, Fifth Edition Revised

Gregorian Biblical BookShop

In comprehensive detail Margaret King analyzes the activities of the patricians who were predominant in the ranks of the humanists and who made humanist thought a powerful tool in the service of their class and of the city itself. Originally published in 1986. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.

#### I romeni e la Santa Sede

Viella Libreria Editrice  
Far more than a dry hagiographical account of the lives of saints, this entertaining and authoritative dictionary breathes life into its subjects and is as browsable as it is informative. First published in 1978, the Oxford Dictionary of Saints offers more than 1,700 fascinating and informative entries covering the lives, cults, and artistic associations of saints from around the world, from the famous to the obscure, the rich to the poor, and the academic to the uneducated. From all walks of life and from all periods of history and from around the world, the wide varieties of personalities and achievements of the canonized are reflected. An updated introduction explains the steps towards becoming a saint, the processes of beatification and canonization. This revised fifth edition includes appendices containing five maps of pilgrimage sites, a list of saints' patronages and iconographical emblems, and a calendar of principal feasts, as well as a new appendix on pilgrimages.

We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.

*Butler's Lives of the Saints: September* Ist. Storia Ecclesiast.

Padova

La crisi modernista rappresentò, a cavallo tra Otto e Novecento, la fase più acuta del confronto plurisecolare del cristianesimo con il moderno, inteso soprattutto come istanza di autonoma determinazione, emancipazione da ogni prospettiva e sistema di valori compiuto e di carattere assolutistico, affermazione delle scienze legate alle metodologie sperimentali e al vaglio della critica. Il modernismo si concretizzò in un articolato tentativo di ripensare il messaggio cristiano alla luce delle esigenze della società di inizio Novecento. La sua condanna da parte di Pio X chiuse ogni spazio al dibattito teologico e culturale con numerose istanze della modernità e contribuì in modo decisivo all'atteggiamento della Chiesa cattolica verso la società nel

Novecento. Sono qui pubblicati studi innovativi sulle prime censure del "prete romano" Buonaiuti, sull'elaborazione del "nuovo Sillabo" Lamentabili, sulla ricezione dell'enciclica Pascendi da parte dei vescovi d'Italia e Francia e sulle reazioni di alcuni ambienti culturali legati a Lucien Laberhonnière, sul giuramento antimodernista del 1910, sulle tensioni a Vicenza tra gli antimodernisti e il vescovo Rodolfi. Il volume ha anche un significato attuale, perché una catena di richiami al modernismo da parte delle gerarchie ecclesiastiche ha segnato la storia successiva della Chiesa, con la sola eccezione del pontificato di Giovanni XXIII, contribuendo alla diffusione e al rafforzamento di un preciso modello di Chiesa e di disciplinamento, fortemente caratterizzati dal ruolo centrale delle gerarchie ecclesiastiche e in particolare del papato.

*Miscellanea di scitti teologici e di storia ed erudizione ecclesiastica* BRILL

Uniquely authoritative and wide-ranging in its scope, The Oxford Dictionary of the Christian Church is the indispensable reference work on all aspects of the Christian Church. It contains over 6,500 cross-referenced A-Z entries, and offers unrivalled coverage of all aspects of this vast and often complex subject, from theology; churches and denominations; patristic scholarship; and the bible; to the church calendar and its organization; popes; archbishops; other church leaders; saints; and mystics. In this new edition, great efforts have been made to increase and strengthen coverage of non-Anglican denominations (for example non-Western European Christianity), as well as broadening the focus on Christianity and the history of churches in areas beyond Western Europe. In particular, there have been extensive additions with regards to the Christian Church in Asia, Africa, Latin America, North America, and Australasia. Significant updates have also been included on topics such as liturgy, Canon Law, recent international developments, non-Anglican missionary activity, and the increasingly important area of moral and pastoral theology, among many others. Since its first appearance in 1957, the ODC has established itself as an essential resource for ordinands, clergy, and members of religious orders, and an invaluable tool for academics, teachers, and students of church history and theology, as well as for the general reader.

Grubb's comprehensive analysis of his subjects' compelling, if inconspicuous, lives investigates every significant aspect of private experience during the Renaissance: marriage, birth, death, household relations, work, land, social status, and spirituality. Winner of the Society for Italian Historical Studies's Howard R. Marraro Prize Originally published in 1996. Historical writing on the Renaissance has usually focused on the social extremes that co-existed in the great metropolitan centers—on either elites or the underclass. As a result, the world of the middling families and provincial societies remains largely unexplored. Daily experiences in the lesser cities are, however, no less rich and revealing than those of Florence, Venice, and Milan. In addition, writes historian James Grubb, these experiences offer new perspectives from which to reassess familiar assumptions about domestic life in the fifteenth century. Based on memoirs and other records left by thirteen merchant families from the Veneto cities of Verona and Vincenza, *Provincial Families of the Renaissance* is an engrossing study of daily lives that have until now been overlooked by scholars. Grubb examines the attitudes and experiences of families undistinguished in their modest means and local ambitions from the majority of their compatriots, uncovering a detailed historical landscape rich in social obligations, commercial activities, and religious beliefs. Grubb's comprehensive analysis of his subjects' compelling, if

inconspicuous, lives investigates every significant aspect of private experience during the Renaissance: marriage, birth, death, household relations, work, land, social status, and spirituality. In reconstructing provincial life in the Veneto, Grubb discovers in his subjects an independence of mind that mediated their reception of metropolitan ideologies far more than the historiography of the Renaissance might suggest. These "unremarkable" provincials were agents of their own destiny, influenced in equal measures by prevailing attitudes, local customs, and personal convictions. "James Grubb is exploring new terrain in this book. Distinguished by its clarity and eloquence, this is a superior work of historical writing and analysis that merits comparison with the best monographs on the social history of Renaissance Italy."—Gene Brucker, University of California at Berkeley

#### "I" Romeni e la Santa Sede

A&C Black  
For more than two centuries, "Butler's" has been one of the best known, most widely consulted hagiographies. In its brief and authoritative entries, readers can find a wealth of knowledge on the lives and deeds of the saints, as well as their ecclesiastical and historical importance since canonization.

*Miscellanea Francesco Ehrle* Wipf and Stock Publishers

Recent studies of medieval preaching have tended to focus on sermon texts. This is the first scholarly study in English of preaching and its social context in thirteenth-century Italy. Augustine Thompson O.P., both an academic and a preacher, reconstructs the "Great Devotion" of 1233 and analyzes its devotional, social, political, and legal elements. He shows how the preachers of this revival crafted an image of divine authority that supported their intervention in factional disputes and facilitated their arbitration in social and political conflicts. They exploited forms from revived Roman Law and developing city statutes in order to create flexible procedures for mediation, and ultimately were able to revise communal ordinances to enshrine their message of social harmony. This is a work of original scholarship, carefully researched and lucidly written, which is a valuable contribution to our understanding of religion and politics in the middle ages.

#### Miscellanea di storia ecclesiastica e studi ausiliari

JHU Press  
Approaching the Threshold of Mystery brings two recently estranged strands of theology back together, to explore the same 'liturgical worlds' and to chart 'theological spaces'. The editors have assembled a formidable group of scholars from systematic and liturgical theology with the express purpose of examining the mystery of the liturgy with both expert perspectives in mind. The result is thirteen essays that return to a more 'synoptic' theology, seeing speculative and liturgical approaches as united together for a common purpose, and ultimately approaching the same mysterious, sacred reality. In today's fragmented world, this approach is sorely needed, and although many postmodern authors point out the need for healing this division, this volume actually attempts to bridge the disciplinary divide by placing specialists within the same prayerful 'space', oriented towards something greater than what is merely enacted in human words and deeds.
