Psychodynamic Counselling in a Nutshell Routledge

El Tesoro Magico de Yin Tzi Taa (Piramides, en chino) es el tercer libro de esta maravillosa saga. Se narran las aventuras de Marcel y un grupo de amigos que han rescatado a una Primordial y ahora deben impedir desastres y una guerra mundial con las civilizaciones intraterrenas. Viajes por el interior de la tierra, impresionantes galerías y salas, así como la linea argumental, emocionan al lector y lo atrapan como pocos libros pueden hacerlo. Una novela documento apasionante, que una vez empezada no es posible dejar de leer. Julio Verne se ha quedado corto porque la corta es la vida. El autor ha conseguido el aplauso de los fans del escritor frances, sobre todo porque -a diferencia de otros libros juveniles- los fundamentos científicos de la obra son indiscutibles. Not your typical prostitute ... this is a story of unconditional love. Beautiful, intelligent, independent, strong-willed, wealthy... Lilith Fontenot seems, by all appearances, to have it all. But that's not how the highest-paid prostitute in New Orleans sees herself. A stain on society. A scourge. A waste. Outsider. Prisoner... Any idyllic dream of the normal life she may have once imagined, Lilith buried long ago. Her only plan now is survival. But mob boss Nico Santelli and community center owner Soti Christos have not given up on Lilith. Each has his own very specific, very opposing, plans for her, and neither will rest until it becomes a reality. LILITH is a singularly bracing take on an ancient tale of tireless love, betrayal, and the possibility of redemption.

Learning Emotion-focused Therapy Letra Viva

En 1887 Bérenguer Saunière, párroco de la pequeña aldea francesa de Rennes le Château, descubrió unos manuscritos escondidos en un pilar del altar cuando realizaba reformas en la iglesia del pueblo. Poco después, el cura empezó a gastar enormes sumas de dinero, borró inscripciones en lápidas del cementerio y restauró la iglesia haciendo cosas sorprendentes como poner la imagen de un diablo en el templo, entre otras rarezas. ¿Qué encontró el cura francés en aquella remota aldea?. ¿Qué relación tenía con el tesoro templario?. ¿Se dio de bruces con un secreto de mayor envergadura?.

Nascidas para o prazer está escrito com o intuito da mulher melhorar seu nível de satisfação com a vida e com a sua sexualidade. Todo mundo admite que os homens precisam aprender a desenvolver sua parte emocional, mas ninguém pensa que as mulheres devemos desenvolver nosso instinto sexual, o que não significa dar as costas para a emoção e a ternura. Muitas mulheres têm se esquecido do brincar e do prazer, e ainda mais do prazer que pode surgir de seus corpos. Gostaria de abrir um pouco mais as portas da sexualidade para as mulheres, para que priorizem esta fonte de vida e prazer. Mireia Darder ☐

Deepak Chopra nos trae una aventura espiritual sobre el discípulo olvidado de Cristo, una antigua escuela mística y el poder eterno de la fe. Antes de desaparecer repentinamente del claustro, la hermana Margaret Thomas deja un pesado relicario de oro que su sobrina, Mare, descubre entre las pertenencias de la monja. «Esto es del decimotercer discípulo -dice una nota manuscrita-. Síguelo adonde te lleve.» La nota pone en marcha un misterio milenario relacionado con el último y más verdadero discípulo de Cristo. Cuando Mare busca a su tía, empieza a darse cuenta de que

el relicario encierra un secreto que bien podría cambiar la historia del cristianismo y redefinir lo que significa ser una persona de fe. A esta búsqueda de Mare se une un variopinto y reticente grupo de pecadores y escépticos: Frank, un periodista ansioso por destapar la verdad; Lily, una excéntrica madre de dos hijas que sabe más de lo que deja entrever; Galen, un misántropo con un pasado oculto, y Jimmy, auxiliar de hospital cuya fe lo sostiene incluso en las horas más bajas. Juntos intentarán dar sentido al relicario y su enigmático contenido. Pero ¿están preparados para lo que descubrirán sobre el misterioso objeto y sobre ellos mismos? Entrelazando una narración magistral, una intriga apasionante y datos que revelan una erudición bíblica y religiosa apabullante, Chopra revela verdades iluminadoras sobre Jesús, sus discípulos y, en última instancia, la misma fe. Opiniones: «Deepak Chopra es un gran tesoro. Una vez más nos ilumina, abriendo nuestra imaginación a posibilidades que están más allá de nada que hayamos visitado antes. El decimotercer discípulo es un tapiz de ideas fascinante, tejido por una delas grandes voces de nuestro tiempo.» Marianne Williamson «Deepak Chopra nunca deja de asombrarme. Si loconoces por sus sabios consejos sobre salud, bienestar y espiritualidad, deja que te deje estupefacto también con su vívida imaginación y su talento narrativo.» Maria Shriver Una aventura espiritual que podría cambiar el mundo Vaso Roto Ediciones Few readers will want, or be able, to resist this modern bestiary. Borges’ cunning and humorous commentary is sheer delight.

Berne is the originator of transactional analysis, which he made famous with his landmark publication "Games People Play." In this work Berne lays the groundwork for a rational method for understanding and analyzing human behavior. "Transactional analysis" (TA), is a theory in psychology that examines the interactions, or 'transactions', between a person and other people. The underlying precept is that humans are social creatures and that a person is a multi-faceted being that changes when in contact with another person in their world. Berne developed the concept and paradigm of TA in the late 1950s and it has gone on to have continuing influence in popular psychology.

El tesoro de Lilith : Un cuento sobre la sexualidad, el placer y el ciclo menstrual Martino Fine Books

This series of small primers on drawing encourages readers not only to pick up a pen and start drawing, but to see the world that surrounds them with fresh eyes. Visual thinking and using one's imagination are skills that are often neglected in today's world. With author Peter Jenny's help, readers will learn to perceive their environment in a new way and will soon follow his lead, discovering the joy of drawing. The three books in the series each present a short introduction by Jenny and twenty-two easy exercises, with each book focusing on a different aspect: Notes on Drawing Technique takes actions such as gesticulating, touching, feeling, doodling, and moving as the starting points for putting pen to paper. Notes on Figure Drawing focuses on the archetypal presentation of the human figure, and Learning to See teaches the reader to discover art in everyday objects.

El secreto de Rennes le Château y el misterio del tesoro de los Templarios North Atlantic Books Metaphors and exercises play an incredibly important part in the successful delivery of acceptance and commitment therapy (ACT). These powerful tools go far in helping clients connect with their values and give them the motivation needed to make a real, conscious commitment to change. Unfortunately, many of the metaphors that clinicians use have become stale and ineffective. That’s why you need fresh, new resources for your professional library. In this breakthrough book, two ACT researchers provide an essential A-Z resource guide that includes tons of new metaphors and experiential exercises to help promote client acceptance, defusion from troubling thoughts, and values-based action. The book also includes scripts tailored to different client populations, and special metaphors and exercises that address unique problems that may sometimes arise in your

therapy sessions. Several ACT texts and workbooks have been published for the treatment of a variety of psychological problems. However, no one resource exists where you can find an exhaustive list of metaphors and experiential exercises geared toward the six core elements of ACT. Whether you are treating a client with anxiety, depression, trauma, or an eating disorder, this book will provide you with the skills needed to improve lives, one exercise at a time. With a special foreword by ACT cofounder Steven C. Hayes, PhD, this book is a must-have for any ACT Practitioner.

This open access book offers a comprehensive overview of the role and potential of microorganisms in the degradation and preservation of cultural materials (e.g. stone, metals, graphic documents, textiles, paintings, glass, etc.). Microorganisms are a major cause of deterioration in cultural artefacts, both in the case of outdoor monuments and archaeological finds. This book covers the microorganisms involved in biodeterioration and control methods used to reduce their impact on cultural artefacts. Additionally, the reader will learn more about how microorganisms can be used for the preservation and protection of cultural artefacts through bio-based and eco-friendly materials. New avenues for developing methods and materials for the conservation of cultural artefacts are discussed, together with concrete advances in terms of sustainability, effectiveness and toxicity, making the book essential reading for anyone interested in microbiology and the preservation of cultural heritage.

Psychodynamic Counselling in a Nutshell explains in clear, jargon-free style, the concepts at the heart of the psychodynamic approach, and, drawing on case material, describes the therapeutic practice which rests on those ideas. Assuming no previous knowledge of the subject, the book introduces: - the history of the approach, - the key main concepts, and - practical techniques used by practitioners In the first chapter, the author introduces a client, John, whose case is revisited throughout the book, connecting together theory and practice for the reader. This new and revised edition also now includes new material on supervision and ethics, on Freud and Jung, and on outcome research and the most recent developments in the field. Psychodynamic Counselling in a Nutshell is the ideal place to start for anyone reading about the psychodynamic approach for the first time.

Esta historia en torno a la esposa de Caín es mi primer intento por compaginar la Biblia con la

evidencia científica indiscutible de la evolución. He combinado 4 series: la Biblia actual, la Biblia antigua antes de los grandes cambios a finales de la época A.C y principios de la época D.C, literatura antigua y hechos científicos sobre la creación/evolución. La Biblia tiene 2 relatos acerca de Adán y Eva. En realidad, la Biblia describe la creación de 2 mujeres para Adán. La primera fue Lilith (Génesis 1:27), pero su nombre fue removido de la Biblia actual. Sin embargo, su nombre se puede ver en la versión anterior de la Biblia, antes de los cambios realizados.

"Yo, la leona seductora, regreso para cubrir de vergüenza a las sumisas y reinar sobre la Tierra.

Regreso para sanar la costilla de Adán y liberar a cada hombre de su Eva". Con esta declaración de

intenciones, Joumana Haddad da voz a Lilith y continuidad a uno de los mitos más antiguos, subversivos y acallados de la tradición bíblica. Lilith fue la primera mujer, creada como Adán a semejanza de Dios a partir de barro. Por ello, nunca quiso someterse a él y le abandonó en el Edén. Religión y tradición la castigarían por su desacato, atribuyéndole rasgos demoniacos, pero en estas páginas Lilith regresa, majestuosa y transgresora para reclamar los honores que le pertenecen, a ella y a su estirpe -Nefertiti, Salomé, Dalila y todas aquellas mujeres que han reclamado su lugar en la historia- y hasta Dios sucumbe a su poder y osadía.

Living with Bariatric Surgery: Managing Your Mind and Your Weight aims to help those who are considering bariatric surgery develop a psychological understanding of their eating behaviour and the changes needed in order to make surgery successful. It is also a resource for those who have undergone surgery to help them adapt to the physical, psychological and relationship adjustments that occur. Whilst the benefits of bariatric surgery are significant, the psychological challenges it presents for patients have been overlooked. This book will help patients develop a realistic view of bariatric surgery and the changes required. It incorporates the real-life experiences of people who have had bariatric surgery, showing how they have responded to the psychological and behavioural changes after surgery, and also features helpful psychoeducation, exercises and

strategies to facilitate reflection and learning. Living with Bariatric Surgery will be an essential guide for anyone considering, preparing for or recovering from bariatric surgery, as well as health professionals working with these clients.

"Las mismas estructuras clínicas, cambios en la presentación de las patologías y de los síntomas, diversidad de las demandas, pero hoy, igual que ayer, la vía analítica sigue siendo el camino de la subjetividad que otorga a la escucha del sufrimiento humano su dignidad ética". Luego de recorrer los casos freudianos de Juanito, Dora y el Hombre de las Ratas, y los problemas emergentes de la lógica de la perversión en la obra de Freud, la autora establece las puntuaciones que iluminan las particularidades de las preguntas que organizan cada estructura. Estas se actualizarán mediante el relato de recortes clínicos que ponen en escena la obsesión y la perversión masculina, en contraste con los arrebatos femeninos (por donde desfilan el estrago, la histeria y hasta la bulimia). Cierra el libro un esclarecedor ensayo acerca de los modelos femeninos de Lilith y Eva, proponiendo la existencia de dos posiciones femeninas "bíblicas" aún para los tiempos que corren.
