THE COMPLETE HITCH HIKER'S GUIDE TO THE GALAXY SERIES Don't panic. First a legendary radio series, then a sequence of bestselling books, a television series, a computer game, a little-known Belgian progressive rock opera, a blockbuster movie, and finally this handsome hardback edition – primarily intended as a blunt object with which to bludgeon one’s enemies – The Hitch Hiker’s Guide to the Galaxy is one of the greatest fictional enterprises of the twentieth century. Telling the long, circuitous and often inexplicable story of Arthur Dent, left homeless and rather annoyed after the Earth is destroyed in order to build a hyperspace expressway, this edition collects all five parts of the trilogy: · The Hitch Hiker’s Guide to the Galaxy · The Restaurant at the End of the Universe · Life, the Universe and Everything · So Long and Thanks For All the Fish · Mostly Harmless along with a wealth of extra material prefaced and contextualised by Jem Roberts, the official biographer of Douglas Adams, to complete the canon. Introduced by Richard Dawkins and Nick Harkaway

The Hitchhiker's Guide to the Galaxy Omnibus Open Road Media

The #1 New York Times–bestselling author’s “hilarious . . . idiosyncratic . . . delightful” and definitive companion to a global phenomenon (Publishers Weekly). Douglas Adams’s “six-part trilogy,” The Hitchhiker’s Guide to the Galaxy grew from a blip of a notion into an ever-expanding multimedia universe that amassed an unprecedented cult of followers and became an international sensation. As a young journalist, Neil Gaiman was given complete access to Adams’s life, times, gossip, unpublished outtakes, and files (and became privy to his writing process, insecurities,

disillusionments, challenges, and triumphs). The resulting volume illuminates the unique, funny, dramatic, and improbable chronicle of an idea, an incredibly tall man, and a mind-boggling success story. In Don’t Panic, Gaiman celebrates everything Hitchhiker: the original radio play, the books, comics, video and computer games, films, television series, record albums, stage musicals, one-man shows, the Great One himself, and towels. And as Douglas Adams himself attested: “It’s all absolutely devastatingly true—except the bits that are lies.” Updated several times in the thirty years since its original publication, Don’t Panic is available for the first time in digital form. Part biography, part tell-all parody, part pop-culture history, part guide to a guide, Don’t Panic “deserves as much cult success as the Hitchhiker’s books themselves” (Time Out).

The Ultimate Hitchhiker's Guide to the Galaxy National Geographic Books

In this sixth installment of the Hitchhiker's Guide to the Galaxy series, Arthur Dent has finally made it home to Earth, only to discover that it is about to be blown up ... again. What could a pantheon of unemployed gods, everyone's favorite renegade Galactic President, a lovestruck green alien, an irritating computer, and at least one very large slab of cheese have to do with all of this?

The Hitch Hiker's Guide to the Galaxy Omnibus Little, Brown

Seconds before the Earth is demolished to make way for a galactic freeway, Arthur Dent is plucked off the planet by his friend Ford Prefect, a researcher for the revised edition of The Hitchhiker's Guide to the Galaxy who, for the last 15 years, has been posing as an out-of-work actor.

Together this dynamic pair begin a journey through space aided by quotes from The Hitchhiker's Guide ("A towel is about the most massively useful thing an interstellar hitchhiker can have.") and a galaxy full of fellow travelers: Zaphod Beeblebrox, the two-headed, three-armed ex-hippie and totally out-to-lunch president of the galaxy; Trillian, Zaphod's girlfriend (formally Tricia McMillan), whom Arthur tried to pick up at a cocktail party once upon a time zone; Marvin, a paranoid, brilliant, and chronically depressed robot; and Veet Voojagig, a former graduate student who is obsessed with the disappearance of all the ballpoint pens he bought over the years. Where are these pens? Why are we born? Why do we die? Why do we spend so much time in between wearing digital watches? For all the answers stick your thumb to the stars. And don't forget to bring a towel!

And Another Thing ... will be the sixth novel in the now improbably named Hitchhiker's Guide to the Galaxy trilogy. Eight years after the death of its creator, Douglas Adams, the author's widow, Jane Belson, has given her approval for the project to be continued by the international number one bestselling children's writer, Eoin Colfer, author of the Artemis Fowl novels. Douglas Adams himself once said, 'I suspect at some point in the future I will write a sixth Hitchhiker book. Five seems to be a wrong kind of number, six is a better kind of number.' Belson said of Eoin Colfer, 'I love his books and could not think of a better person to transport Arthur, Zaphod and Marvin to pastures new.' Colfer, a fan of Hitchhiker since his schooldays, said, 'Being given the chance to write this book is like suddenly being offered the superpower of your choice. For years I have been finishing this incredible story in my head and now I have the opportunity to do it in the real world.' Prepare to be amazed...
