The culinary journey of three women who followed their hearts. When Sonia Kapoor, a journalist working in a Hong Kong food magazine befriends Zubi, a shy Indian woman living in Hong

Kong with her husband and child, she hopes to peel away the layers of fascinating stories about Zubi's connection with food. Hesitant at first, Zubi slowly opens up to Sonia, taking her to the Bangalore of her childhood and her mother's simply cooked home food. Life lessons are learnt with the help of familiar dishes and Sonia realizes that there's more to Zubi and Muslim food than just their love for biryani. At its heart, *More than Just Biryani* is a story of understanding needs, discovering identities, overcoming fears and above all, embracing love. Through the life stories of three women from three generations, the novel shows how food plays a significant role in

shaping the lives and characters of each of these women. In the process, it also gives out quite a bit of the recipes for delicious Muslim dishes such as kaali mirch ki phaal, lauz, etc.

"What the Communist Manifesto is to the capitalist world, Annihilation of Caste is to India." —Anand Teltumbde, author of *The Persistence of Caste*. B.R. Ambedkar's *Annihilation of Caste* is one of the most important, yet neglected, works of political writing from India. Written in 1936, it is an audacious denunciation of Hinduism and its caste system. Ambedkar – a figure like W.E.B. Du Bois – offers a scholarly critique of Hindu

scriptures, scriptures that sanction a rigidly hierarchical and iniquitous social system. The world's best-known Hindu, Mahatma Gandhi, responded publicly to the provocation. The hatchet was never buried. Arundhati Roy introduces this extensively annotated edition of *Annihilation of Caste* in "The Doctor and the Saint," examining the persistence of caste in modern India, and how the conflict between Ambedkar and Gandhi continues to resonate. Roy takes us to the beginning of Gandhi's political career in South Africa, where his views on race, caste and imperialism were shaped. She tracks Ambedkar's emergence as a major political figure in the

national movement, and shows how his scholarship and intelligence illuminated a political struggle beset by sectarianism and obscurantism. Roy breathes new life into Ambedkar's anti-caste utopia, and says that without a Dalit revolution, India will continue to be hobbled by systemic inequality. *Striving to Score* Verso Books

This book examines the development of the theory and practice of constitutionalism, defined as a political system in which the coercive power of the state is controlled through a pluralistic distribution of political power. It explores the main venues of constitutional practice in ancient Athens, Republican Rome, Renaissance Venice,

the Dutch Republic, seventeenth-century England, and eighteenth-century America. From its beginning in Polybius' interpretation of the classical concept of mixed government, the author traces the theory of constitutionalism through its late medieval appearance in the Conciliar Movement of church reform and in the Huguenot defense of minority rights. After noting its suppression with the emergence of the nation-state and the Bodinian doctrine of sovereignty, the author describes how constitutionalism was revived in the English conflict between king and Parliament in the early Stuart era, and how it has developed since then into the

modern concept of constitutional democracy.

Contributing to the ongoing debates on citizenship, this book traces the Citizenship Act of India, 1955 from

its inception, through the various amendments in 1986, 2003, and 2005. It includes detailed studies of other significant laws and judgments including the Abducted Persons (Recovery and Rehabilitation) Act (1949), and the Illegal Migrants Determination by Tribunals Act (1983) to show how citizenship unfolded among differentially located individuals, communities, and groups. The book argues that the citizenship laws in India show a steady movement towards the affirmation of citizenship's relationship with blood-ties and descent. The volume identifies amendments in the Citizenship Act as transitions which are

framed by major historical choices and decisions. It examines the liminal categories of citizenship produced in the period between the commencement of the Constitution and the enactment of the Citizenship Act, which continue to make citizenship fraught with uncertainties and exclusions. Through a discussion of laws and judgments, the work also brings out the relationship between citizenship and migration in independent India, in particular in the wake of migration from Bangladesh and distress migration because of the breakdown of rural economies.

The basic objective of

this book is to explore the possibilities of reform in Muslim Personal Law and Hindu Personal Law from women rights perspective. It is a long, complex discourse. But the key factor in the whole discourse is gender . The issue of Uniform Civil Code (UCC) is being hugely politicized and communalized by communal forces in the name of religion. But the endeavour here is to see the whole issue objectively through the lens of gender equality.

Annihilation of Caste

Routledge

A Social History of Indian Football covers the period 1850-2004. It considers soccer as a derivative sport, creatively and imaginatively adapted to suit modern Indian socio-cultural needs - designed to fulfil political imperatives and satisfy economic aspirations. The book is concerned with the appropriation, assimilation and subversion of sporting ideals in colonial and post-colonial India for nationalist needs. The book assesses the role of soccer in colonial Indian life, to delineate the inter-relationship between those who patronised, promoted, played and viewed the game, to analyse the impact of the colonial context on the games

evolution and development and shed light on the diverse nature of trysts with the sport across the country. Throughout this book, soccer is the lens that illuminates India's colonial and post-colonial encounter. This volume was previously published as a special issue of the journal Soccer and Society. Controlling the State Oxford University Press
AMBEDKAR'S INDIA is a collection of three of B.R. Ambedkar's most prominent speeches on caste and the Indian Constitution. "In the fight for Swaraj, you fight with the whole nation on your side. In fighting caste system, you stand against the whole nation - and that too, your own."

"Annihilation of Caste" is one of Ambedkar's best works in putting together how caste as a system has been

eating up the roots of a rich cultural melting pot like India. “Bhakti in religion could lead to salvation. But in politics, Bhakti is a sure road to eventual dictatorship.” “The Grammar of Anarchy” reflects Ambedkar’s ideas on how we need to pave the way for Independent India. It reflects his deep love and aspirations for India and its people. “...the sub-divisions [of caste] have lost the open-door character of the class system, and have become self-enclosed units called castes.” “Castes in India: Their Mechanism, Genesis and Development” is an in-depth study of how classes went on to become castes and sub-castes to dot the Indian social system. This powerful narrative

is a radical eye-opener. Routledge

Decolonisation and World Order Ssoft Group, INDIA

This is one of the epics from Dr. Ambedkar. Written in 1945 the book really explains the dynamics of Hindu Mahasabha and Muslim League and how Congress and British

Government played a role in partition. Although this book takes you to the unheard side of partition, it is interesting on how linguistic approach was chosen for a division of something that is unsure if it existed. Dr. Ambedkar takes a fine approach of giving a clarity of situation instead of been judgmental on the partition. No wonder the man was chosen to write our constitution. Of course if the war of majority and minority is kept away, the partition and its tragedy can be ready more fluently.
