The European Commission monitors and investigates anti-competition practices, mergers and state aid to ensure a level playing field for EU businesses, while guaranteeing choice and fair pricing for consumers. Competition | European Union It is only the two combined, the European requirements including the judicial; practice of the ECJ on the fundamental freedoms and national laws, which create European Unfair Competition Law. The book delineates, with extraordinary clarity and precision, the working of unfair competition law throughout the European Union.[PDF] Unfair Competition Law. European Union and Member ...European antitrust policy is developed from two central rules set out in the Treaty on the Functioning of the European Union: First, Article 101 of the Treaty prohibits agreements between two or more independent market operators which restrict competition. This provision covers both horizontal agreements (between actual or potential competitors operating at the same level of the supply chain) and vertical agreements (between firms operating at different levels, i.e.

<p>agreement between a ...Antitrust: Overview - Competition - European Commission Law No. 4054 on the Protection of Competition ("Competition Law") has recently gone through the most comprehensive set of amendments since its initial adoption back in 1994.
