But as strong as their attachment is, they still haven't formed the elusive mate bond—the almost magical joining of true mates. Now with a monster ravaging the countryside and threatening the Shifertown community, some in the pack fear that a pair without a true mate bond isn't strong enough to lead. Bowman and Kenzie will have to rely on their instinctive trust in one another to save their Shifters—and the ensuing battle will either destroy them or give them the chance to seize the love they've always craved.
