The Social Construction of Reality Hachette Books

The old saying goes, "To the man with a hammer, everything looks like a nail." But anyone who has done any kind of project knows a hammer often isn't enough. The more tools you have at your disposal, the more likely you'll use the right tool for the job - and get it done right. The same is true when it comes to your thinking. The quality of your outcomes depends on the mental models in your head. And most people are going through life with little more than a hammer. Until now. The Great Mental Models: General Thinking Concepts is the first book in The Great Mental Models series designed to upgrade your thinking with the best, most useful and powerful tools so you always have the right one on hand. This volume details nine of the most versatile, all-purpose mental models you can use right away to improve your decision making, productivity, and how clearly you see the world. You will discover what forces govern the universe and how to focus your efforts so you can harness them to your advantage, rather than fight with them or worse yet- ignore them. Upgrade your mental toolbox and get the first volume today. AUTHOR BIOGRAPHY Farnam Street (FS) is one of the world's fastest growing websites, dedicated to helping our readers master the best of what other people have already figured out. We curate, examine and explore the timeless ideas and mental models that history's brightest minds have used to live lives of purpose. Our readers include students, teachers, CEOs, coaches, athletes, artists, leaders, followers, politicians and more. They're

not defined by gender, age, income, or politics but rather by a shared passion for avoiding problems, making better decisions, and lifelong learning. AUTHOR HOME Ottawa, Ontario, Canada

When Work Disappears Invincible Publishers

In 'The Art of Grieving', you embraced the comfort of sadness. It's about time to not hold on to the melancholy for too long and knowing when to let go. 'The Art of Letting Go' is a collection of poems- all about making peace with loss, accepting the absence and moving on. It's for the seekers searching for a new home, for the wanderers leaving their old homes, for the lovers creating a home wherever they are. Sometimes you hold on to what is left, sometimes you just let go to start afresh.

Awards: How to Write a Book in 8 Days is the winner of 3 International Awards. Synopsis: Imagine what it would be like if you had a fully completed manuscript of a book you have been thinking of writing for years, in about eight days, without having to quit your job, wait for retirement or to take a sabbatical. A lot of people are under the impression that it takes years to write a good book; and to go years without any income or a future prospect of remuneration, scares them and puts them off right from the start. Whether you publish that book or not, in applying the strategies that I outline here, you will be able to have in your hands a full and complete manuscript, bringing you to the status of being an author, one of the most creative professions in the world, a profession that holds the power of evolution and revolution in any area you choose to direct your interests. How to Write a Book in Eight Days demystifies and simplifies the phenomenon of writing a book and writing it in such a way that it will bring you and the reader the success you desire. About the Author Priya Kumar is an Internationally Acclaimed Motivational Speaker and Bestselling Author of 12 Inspirational Books. In her 25 years journey with Motivational Speaking, she has worked with over 2000 Multi-National Corporates across 47 countries and has touched over 3 million people through her workshops and books, and is the only Woman Speaker in India to have done so. She is the only Indian Author who has won 37 International Awards for her books.

Moving back to India was the last thing on Amol Dixit's mind when he was leading a carefree life in Chicago. Then one day, he found himself sleeping on the streets of Mumbai. Now, Returned to India is a Back-to-Rags story of a Non Resident Indian (NRI), and is a humorous account of the experiences

of Amol Dixit, who relocates to India in haste. It all begins when he interviews for a job that he doesn't really need. He plans to spend one year with his family in India, following which he would move back to North America. In a series of missteps which affect his personal, social and work life, and cost him the woman he loves, Amol learns the hard way that living in India is no cakewalk. In spite of these challenges, he decides to remain in India. Just when his life has hit rock bottom, GB enters his life. *NRI: Now, Returned to India*, is the first book in a four part fiction series that deals with the life of Amol Dixit and is the author's debut novel. It was shortlisted by DNA- Hachette in India for the "Hunt for the Next Bestseller" competition in 2014. Amar's past writing exploits include blogging about his experiences in India at the Return to India Forum, which have received over 110,000 views.

A City Happens in Love (Ishq Mein Shahar Hona) Penguin

BollySwar is a decade-wise compendium of information about the music of Hindi films. Volume 8 chronicles the Hindi film music of the decade between 2001 and 2010. This volume catalogues more than 1000 films and 8000 songs, involving more than 2000 music directors, lyricists and singers. An overview of the decade highlights the key artists of the decade - music directors, lyricists and singers - and discusses the emerging trends in Hindi film music. A yearly review provides listings of the year's top artists and songs and describes the key milestones of the year in Hindi film music. The bulk of the book provides the song listing of every Hindi film album released in the decade. Basic information about each film's cast and crew is provided and detailed music credits are provided. Where available, music credits go beyond information regarding music directors, lyricists and singers, and include the names of session musicians, assistants, programmers, arrangers, mixers, recordists, etc. Where applicable, music related awards are listed. Interesting trivia is listed for most films, more than 1500 in all. This includes information about artist debuts, plagiarised or sampled songs, controversies and stories behind the making of the film and its music. This book is primarily meant as a quick reference for people looking for information related to a Hindi film or a song, but readers can also browse through the book to get an overview of the events that shaped Bollywood music in the decade. Given that Hindi films are a reflection of the Indian society, the reader can also glean insights about the country's socio-political and cultural environment from the book.

About The Author Mohammad Shakeel is a writer, speaker, digital marketer, online trainer, a great thinker and a visionary. He's only 22 and was awarded by the United Nations for being India's youngest motivational speaker. He has more than 20 lakh subscribers on YouTube, where he talks about logical motivation, ways to make money, life-changing formulas, intellectual topics and work-like-hell kind of topics. CoolMitra Channel started 4 years ago and has completed a journey of over 120 million views so far. He is looking forward to starting a dedicated YouTube channel for Short-Films in the same category which nobody has ever done in India so far. About The Book To be a pilot of a plane, you need to know how it works. Likewise, if you want to control the most powerful thing on the earth-your MIND, you need to learn about it scientifically. Do you want to work 100 hours a week like most Successful People do in the world? Do you always want to stay energetic? Do you wait for perfection? Do you procrastinate? Are you always lazy? Do you have dreams and goals that you haven't started working on yet? Then this Book can work like MAGIC for you. I hate writing about things that are already been written. This book offers a new formula to master your MIND, it's a great vaccine for procrastinators. His video courses and E-books are also available on his Website. He sold over 100,000 copies of his E-Books in just 4 months. In 2018 he started selling high ticket courses to masses when only a few were selling courses in India.

The Art of Letting Go Rajpal & Sons

The classic work that redefined the sociology of knowledge and has inspired a generation of philosophers and thinkers In this seminal book, Peter L. Berger and Thomas Luckmann examine how knowledge forms and how it is preserved and altered within a society. Unlike earlier theorists and philosophers, Berger and Luckmann go beyond intellectual history and focus on commonsense, everyday knowledge—the proverbs, morals, values, and beliefs shared among ordinary people. When first published in 1966, this systematic, theoretical treatise introduced the term social construction, effectively creating a new thought and transforming Western philosophy.

Nri BOOKS THAT INSPIRE

For those who believe that there must be a more agile and efficient way for people to get things done, here is a brilliantly discursive, thought-provoking book about the leadership and management

process that is changing the way we live. In the future, historians may look back on human progress and draw a sharp line designating “before Scrum” and “after Scrum.” Scrum is that ground-breaking. It already drives most of the world’s top technology companies. And now it’s starting to spread to every domain where leaders wrestle with complex projects. If you’ve ever been startled by how fast the world is changing, Scrum is one of the reasons why. Productivity gains of as much as 1200% have been recorded, and there’s no more lucid – or compelling – explainer of Scrum and its bright promise than Jeff Sutherland, the man who put together the first Scrum team more than twenty years ago. The thorny problem Jeff began tackling back then boils down to this: people are spectacularly bad at doing things with agility and efficiency. Best laid plans go up in smoke. Teams often work at cross purposes to each other. And when the pressure rises, unhappiness soars. Drawing on his experience as a West Point-educated fighter pilot, biometrics expert, early innovator of ATM technology, and V.P. of engineering or CTO at eleven different technology companies, Jeff began challenging those dysfunctional realities, looking for solutions that would have global impact. In this book you’ll journey to Scrum’s front lines where Jeff’s system of deep accountability, team interaction, and constant iterative improvement is, among other feats, bringing the FBI into the 21st century, perfecting the design of an affordable 140 mile per hour/100 mile per gallon car, helping NPR report fast-moving action in the Middle East, changing the way pharmacists interact with patients, reducing poverty in the Third World, and even helping people plan their weddings and accomplish weekend chores. Woven with insights from martial arts, judicial decision making, advanced aerial combat, robotics, and many other disciplines, Scrum is consistently riveting. But the most important reason to read this book is that it may just help you achieve what others consider unachievable – whether it be inventing a trailblazing technology, devising a new system of education, pioneering a way to feed the hungry, or, closer to home, a building a foundation for your family to thrive and prosper.

The Great Mental Models: General Thinking Concepts Createspace Independent Publishing Platform
 NEW YORK TIMES BESTSELLER • This instant classic explores how we can change our lives by changing our habits. NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The Wall Street Journal • Financial Times
 In *The Power of Habit*, award-winning business reporter Charles Duhigg takes us to the thrilling edge of scientific discoveries that explain why habits exist and how they can be changed. Distilling vast amounts of information into engrossing narratives that take us from the boardrooms of Procter & Gamble to the sidelines of the NFL to the front lines of the civil rights movement, Duhigg presents a whole new understanding of human nature and its potential. At its core, *The Power of Habit* contains an exhilarating argument: The key to exercising regularly, losing weight, being more productive, and achieving success is understanding how habits work. As Duhigg shows, by harnessing this new science, we can transform our businesses, our communities, and our lives. With a new Afterword by the author “Sharp, provocative, and useful.”—Jim Collins “Few [books] become essential manuals for business and living. *The Power of Habit* is an exception. Charles Duhigg not only explains how habits are formed but how to kick bad ones and hang on to the good.”—Financial Times “A flat-out great read.”—David Allen, bestselling author of *Getting Things Done: The Art of Stress-Free Productivity* “You’ll never look at yourself, your organization, or your world quite the same way.”—Daniel H. Pink, bestselling author of *Drive* and *A Whole New Mind*

“Entertaining . . . enjoyable . . . fascinating . . . a serious look at the science of habit formation and change.”—The New York Times Book Review

Practice Makes Perfect: Basic Hindi Tuttle Publishing

We are extremely excited to have partnered with Songdew to celebrate and honor the eminent Urdu poet and lyricist, Late Dr Rahat Indori. Through couplets, ghazals and poems on a range of topics and social issues such as the status of women in society, he gained an unmatched status in the world of poetry as his work resonates with each and every generation. As an ode to him, we are happy to be part of a tribute dedicated to him and his exceptional work. This initiative gives upcoming artists a chance to showcase their talent on a national platform through their compositions based on Rahat ji's work. All the nine artists are extremely talented and it is an absolute pleasure to present their songs to all the avid music admirers. Also, just like Rahat ji's words weaved our imagination with hope, laughter and love; it's also equally marveling to see artists reimagining the lyrics and transforming his words into vivid paintings. This collaboration is our bid to memorialize him and his work for our listeners that cherish him and his legacy. - Sunil Kumaran (Big FM)

How to Understand the Mind Penguin Books India

Wilson, one of our foremost authorities on race and poverty, challenges decades of liberal and conservative pieties to look squarely at the devastating effects that joblessness has had on our urban ghettos. Marshaling a vast array of data and the personal stories of hundreds of men and women, Wilson persuasively argues that problems endemic to America's inner cities--from fatherless households to drugs and violent crime--stem directly from the disappearance of blue-collar jobs in the wake of a globalized economy. Wilson's achievement is to portray this crisis as one that affects all Americans, and to propose solutions whose benefits would be felt across our society. At a time when welfare is ending and our country's racial dialectic is more strained than ever, *When Work Disappears* is a sane, courageous, and desperately important work. "Wilson is the keenest liberal analyst of the most perplexing of all American problems...[This book is] more ambitious and more accessible than anything he has done before." --The New Yorker

Diwan-e-Ghalib Literary Licensing, LLC

The nation's premier communications expert shares his wisdom on how the words we choose can change the course of business, of politics, and of life in this country In *Words That Work*, Luntz offers a behind-the-scenes look at how the tactical use of words and phrases affects what we buy, who we vote for, and even what we believe in. With chapters like "The Ten Rules of Successful Communication" and "The 21 Words and Phrases for the 21st Century," he examines how choosing

the right words is essential. Nobody is in a better position to explain than Frank Luntz: He has used his knowledge of words to help more than two dozen Fortune 500 companies grow. He tells us why Rupert Murdoch's six-billion-dollar decision to buy DirectTV was smart because satellite was more cutting edge than "digital cable," and why pharmaceutical companies transitioned their message from "treatment" to "prevention" and "wellness." If you ever wanted to learn how to talk your way out of a traffic ticket or talk your way into a raise, this book's for you.

Hindi Tutor Harper Collins

Three shifts are shaking our society: from dominating to collaborating, from sending to interacting, and from closed to open. Organizations are increasingly forced to collaborate with both internal and external parties, including their end-users. When such collaboration is aimed at creating something

new - a product, service, experience or marketing tool - we refer to it as co-creation. We are convinced that thinking and working in co-creation will create sustainable value for organizations, end-users, and ultimately the world. For any challenge to be solved, the following is true: only involving all relevant parties will lead to completion of the entire puzzle. For those wanting to apply this truth to their everyday work, this book provides a practical framework. The book empowers readers with the required tools and knowledge to engage in 'complete co-creation', a form of co-creation in which end-users always play a central role. Following seven basic principles, the book answers 32 practical questions, including: 'What is complete co-creation and what is it not?' 'When is complete co-creation suitable?' 'Which parties to involve in complete co-creation?' And: 'How to promote support for complete co-creation?'
