An instant success in its own time, Daniel Defoe's *The Adventures of Robinson Crusoe* has for three centuries drawn readers to its archetypal hero, the man surviving alone on an island. This Companion begins by studying the eighteenth-century literary, historical and cultural contexts of Defoe's novel, exploring the reasons for its immense popularity in Britain and in its colonies in America and in the wider European world. Chapters from leading scholars discuss the social, economic and political dimensions of Crusoe's island story before examining the 'after life' of Robinson Crusoe, from the book's multitudinous translations to its cultural migrations and transformations into other media such as film and television. By considering Defoe's seminal work from a variety of

critical perspectives, this book provides a full understanding of the perennial fascination with, and the enduring legacy of, both the book and its iconic hero.

Henry James's 'masterpiece of the supernatural,' in this beautifully designed classic edition Widely recognized as one of literature's most gripping horror stories, *The Turn of the Screw* is a classic tale of moral degradation. It's been described by critics as the most sophisticated and terrifying ghost story in the English language. Written by Henry James in 1898, the novella tells the tale of a naive young governess who is hired to take care of two children in a large mansion in the English countryside. Everything is fine, until she discovers that the children are not as innocent as they seem and she becomes convinced that the grounds are haunted. Without resorting to the usual clattering chains, demonic noises, and melodramatic techniques, this elegantly told tale creates an atmosphere of chilling suspense and unspoken

horror unmatched by other books in the genre. It's considered one of the great intellectual "spook tales" of all time. Known for his probing psychological novels, James's masterpiece of the supernatural has frightened and delighted readers for nearly a century. HENRY JAMES (1843-1916) was an American-English author, considered by many to be among the greatest novelists in the English language. His other novels include *The Portrait of a Lady*, *The Ambassadors* and *The Wings of the Dove*. James's experimental style explores his characters' psyches in unique ways. Born in the United States, James relocated to Europe.

This early work by Sheridan Le Fanu was originally published in 1872. Born in Dublin in 1814, he came from a literary family of Huguenot origins; both his grandmother Alicia Sheridan Le Fanu and his great-uncle Richard Brinsley Sheridan were playwrights, and his niece Rhoda Broughton would go on to become a successful novelist. Le Fanu entered Trinity College, Dublin to study law. While there, he was elected Auditor of the College Historical Society, and between 1838 and 1840 published his first series of short stories, which were later collected as *The Purcell Papers*. At his peak, Le Fanu was the leading ghost-story writer of

the nineteenth century, and he is now seen as central to the development of the genre in the Victorian era. His work is credited with turning the Gothic's focus from the external sources of horror to the inward effects of terror, thus helping to create the psychological basis for supernaturalist literature that continues to this day. Many of the earliest books, particularly those dating back to the 1900's and before, are now extremely scarce and increasingly expensive. We are republishing these classic works in affordable, high quality, modern editions.

When her father leaves the Church in a crisis of conscience, Margaret Hale is uprooted from her comfortable home in Hampshire to move with her family to the north of England. Initially repulsed by the ugliness of her new surroundings in the industrial town of Milton, Margaret becomes aware of the poverty and suffering of the local mill workers and develops a passionate sense of social justice. This is intensified by her tempestuous relationship with the mill-owner and self-made man, John Thornton, as their fierce opposition over his treatment of his employees masks a deeper attraction. In *North and South*, Elizabeth Gaskell skillfully fuses individual feeling with social concern, and in *Margaret Hale* creates one of the most original heroines of Victorian literature.
