Use SPEED READING in your life before you even buy this book: 1 - Before reading any page at all, briefly scan over it for

about two seconds so you'll get the slightest hint of what the page is about. This will also cause curiosity and helps with keeping the attention during reading. 2 - When reading, chose to read in a comfortable position with enough lighting and a minimum of distractions. This will allow your brain to function at it's full capacity when reading. 3 - Begin at least 3 words in from the first word of each line, and end 3

words in from the last word. Your peripheral vision will still perceive the words you skimmed over. Now GO and put these speed reading tricks to work in your life. You will be shocked how much faster you'll be able to read. Then come back here, because I have a whole bunch more to show you in the book "Speed Reading & Comprehension Guide". Here's What You Will Find In This Book: How you can read up to 300% faster

under 4 hours Exactly how you can comprehend and understand 80% of what you read Exercises to improve your reading speed drastically How you can train your brain And much more valuable content

Reading Speed: Proven Hacks We live in an

incredibly fast paced society. Whether we are

at work, playing around with social media, or

working on school, you are spending your days

reading. You might be reading instructions, you

might be reading reports or data, or you might just

be catching up with the family, but either way,

you are reading. But, did you know there is a trick

to reading? That's right. There tend to be one of

two reactions to the content people are

reading. The first is that they take too long to read

through it, and are often left feeling like they are

behind. Or, they do read through it quickly, but

they are then left with a feeling that they didn't

catch everything they were supposed to. It's true, when you read something, you want to do it both quickly and effectively, and those are skills that need to be learned. You may be able to read just fine, and you may have excellent comprehensive skills, but if you don't pick up the pace, you are going to be left feeling behind. That is where this book comes in. In it, I am going to teach you how to not only read faster, or even twice as fast, but I am going to show you how to read three times as quickly as you do right now, and teach you how to retain and learn from what you read. Use this book to sharpen your reading skills, and learn how to truly read and learn in minimal time Embrace the challenges of absorbing as much information as you can out of a single setting, and make the most of your time Learn from between the lines and cut out the time you spend on each line And more! How to Quadruple Your Reading Speed: "...This book is the key to reading at four times your current speed and absorbing much more from everything you read..." Most of us don't realize it, but the way we were taught to read as children is far from the most efficient way of doing things. It was the easiest way to help you learn your letters, but in adulthood it's a handicap that keeps you from reaching your full reading potential. By ridding yourself of these impediments and discovering a whole new method of reading, you can triple your speed in a matter of days - and

that's just the start. Shed the handicaps that are holding your reading speed back In this book, you'll find out what about your reading style is keeping you from absorbing the contents of every piece of writing that strikes your fancy. You'll learn how to shed those handicaps and your reading speed will instantly start to increase. Exercise your own reading equipment to boost your speed You'll find out how you can improve your own reading equipment - your eyes, your memory and your brain - in such a way that you can both see more words in the space of a minute and absorb their meaning as you do. You'll learn: · How to care for your eyes and keep them in top condition as you practice your reading · How to exercise your eyes so that their muscles can take in more words at a time · How to pre read a piece of text to help your mind comprehend what it's seeing · How to set up your reading space to give your brain the optimum environment Start speeding your reading instantly Simply shedding the handicaps and honing your equipment will improve your reading speed, but you will also begin a daily

exercise practice that will improve both your speed and your comprehension. Not only will you increase the number of words you are reading, you'll also take away more information to store in your knowledge banks. Become more flexible in your reading In this book, you'll discover that reading a book from cover to cover is not always the best way to go about it. Using speed reading techniques, you will find out how to take away exactly the information you were looking for. You'll learn methods such as: · Flexible reading, skipping over the unnecessary sections and focusing on what's important · Hot spot reading, finding the key pieces of information on the page · Recall enhancement, remembering the parts of the text that really matter Discover a whole new world of reading From the moment you put down this book, the world will open up to you. So much of human knowledge is laid out in the books, magazines, newspaper articles and web pages we encounter every single day. With your speed reading techniques, you will increase your ability to learn new topics and

skills, increase your knowledge in every area that interests you and boost your confidence tenfold. Read four times more quickly than you do right now within a matter of days. Pick up your copy right now by hitting the BUY NOW button at the top of the page!
