Amelia Earhart (The First Names Series) Enslow Publishing

The chronological story of the six-year, 1960-66, investigation ... into a mystery which began in the summer of 1937 [with the disappearance of Amelia Earhart and her navigator, Frederick Noonan, over the Pacific].

All about Amelia Earhart Penguin

When Amelia Earhart disappeared on July 2, 1937, she was flying the longest leg of her around-the-world flight and was only days away from completing her journey. Her plane was never found, and for more than sixty years rumors have persisted about what happened to her. Now, with the recent discovery of long-lost radio messages from Earhart's final flight, we can say with confidence that she ran out of gas just short of her destination of Howland Island in the Pacific Ocean. From the beginning of her flight, a series of tragic circumstances all but doomed her and her navigator, Fred Noonan. Authors Elgen M. and Marie K. Long spent more than twenty-five years researching the mystery surrounding Earhart's final flight before finally determining what happened. They traveled over one hundred thousand miles to interview more than one hundred people who knew some part of the Earhart story. They draw on authoritative sources to take us inside the cockpit of the Electra plane that Earhart flew and recreate the final flight itself. Because Elgen Long began his own flying career not long after Earhart's disappearance, he can describe the equipment and conditions of the time with a vivid first-hand accuracy. As a result, this book brings to life the primitive conditions under which Earhart flew, in an era before radar, with unreliable communications, grass landing strips, and poorly mapped islands. *Amelia Earhart: The Mystery Solved* does more than just answer the question, What happened to Amelia Earhart? It reminds us how daring early aviators such as

Earhart were as they risked their lives to push the technology of the day to its limits -- and beyond.

Amelia Earhart Simon and Schuster

Amelia Earhart's account of her ill-fated last flight around the world, begun in 1937, remains one of the most moving and absorbing adventure stories of all time. Last Flight compiles the letters, diary entries and charts that she sent to her husband, G.P. Putnam at each stage of her trip. In her own words, these dispatches offer a window into her experience on this ground-breaking journey and illustrate her cheerful, charming nature. Her story continues to intrigue and inspire people to this day.

First Names: Amelia (Earhart) WW Norton

"Amelia Earhart gained world fame as the most skilled pilot of her time. As a daring and courageous aviator, she was the first female pilot to fly solo across the Atlantic Ocean. Although flight would always be closest to Amelia's heart, she had other interests too. She was a social worker, an author, a clothing designer, and an educator. Most importantly, in all of her pursuits, Amelia worked hard to promote the rights and equality of women. Amelia proved that female pilots were just as capable and courageous as male pilots. Her achievements made her an important part of our history." --

On her attempt to circumnavigate the globe at the equator, Earhart and her plane vanished and were never found. But her memory endures as a symbol of adventure, courage, and perseverance.

East to the Dawn Gareth Stevens Publishing LLLP

Amelia Earhart was queen of the skies at a time when airplanes dazzled the imagination. She was adventurous and daring. Earhart became the first woman pilot to cross the Atlantic Ocean, and she did it solo. She flew across the United States and returned, alone. She soloed halfway across the Pacific. She set many flying records but none of that satisfied Earhart. In May 1937, she and her navigator took off from California on her final, epic flight. Their destination: around the world. This action-packed biography for young readers includes Vocabulary and Quick Fact boxes.

Amelia Earhart Vintage

In this brilliantly imagined novel, Amelia Earhart tells us what happened after she and her navigator, Fred Noonan, disappeared off the coast of New Guinea one glorious, windy day in 1937. And she tells us about herself. There is her love affair with flying ("The sky is flesh") . . . There are her memories of the past: her childhood desire to become a heroine ("Heroines did what they wanted") . . . her marriage to G.P. Putnam, who promoted her to fame, but was willing to gamble her life so that the book she was writing about her round-the-world flight would sell out before Christmas. There is the flight itself -- day after magnificent or perilous or exhilarating or terrifying day ("Noonan once said any fool could have seen I was risking my life but not living it"). And there is, miraculously, an island ("We named it Heaven, as a kind of joke"). And, most important, there is Noonan . . .
