The Gift Is in the Making

UP Press
The thrilling sequel to S.J.
Kincaid's New York Times
bestselling novel, *The
Diabolic*, which
TeenVogue.com called
"the perfect kind of high-
pressure adventure." It's
a new day in the Empire.
Tyrus has ascended to the
throne with Nemesis by
his side and now they can
find a new way
forward—one where they
don't have to hide or
scheme or kill. One where
creatures like Nemesis
will be given worth and
recognition, where
science and information
can be shared with

everyone and not just the
elite. But having power
isn't the same thing as
keeping it, and change
isn't always welcome. The
ruling class, the
Grandiloquy, has held
control over planets and
systems for
centuries—and they are
plotting to stop this
teenage Emperor and
Nemesis, who is
considered nothing more
than a creature and
certainly not worthy of
being Empress. Nemesis
will protect Tyrus at any
cost. He is the love of her
life, and they are partners
in this new beginning. But
she cannot protect him by
being the killing machine
she once was. She will
have to prove the
humanity that she's found
inside herself to the whole
Empire—or she and Tyrus
may lose more than just
the throne. But if proving
her humanity means that
she and Tyrus must do
inhuman things, is the
fight worth the cost of

winning it?

Hellboy: 25 Years of Covers 3dtotal Publishing The exciting end to The Poppy War trilogy, R. F. Kuang's acclaimed, award-winning epic fantasy that combines the history of twentieth-century China with a gripping world of gods and monsters, to devastating, enthralling effect. After saving her nation of Nikan from foreign invaders and battling the evil Empress Su Daji in a brutal civil war, Fang Runin was betrayed by allies and left for dead. Despite her losses, Rin hasn't given up on those for whom she has sacrificed so much—the people of the southern provinces and especially Tikany, the village that is her home. Returning to her roots, Rin meets difficult challenges—and unexpected opportunities. While her new allies in the Southern Coalition leadership are sly and untrustworthy, Rin quickly

realizes that the real power in Nikan lies with the millions of common people who thirst for vengeance and revere her as a goddess of salvation. Backed by the masses and her Southern Army, Rin will use every weapon to defeat the Dragon Republic, the colonizing Hesperians, and all who threaten the shamanic arts and their practitioners. As her power and influence grows, though, will she be strong enough to resist the Phoenix's intoxicating voice urging her to burn the world and everything in it?

Wonder Schiffer Publishing Return to #1 New York Times bestseller Brandon Sanderson's Mistborn world of Scadrial as its second era, which began with *The Alloy of Law*, comes to its earth-shattering conclusion in *The Lost Metal*. For years, frontier lawman turned big-city senator Waxillium Ladrian has hunted the shadowy organization the Set—with his late uncle and his sister among their leaders—since they started kidnapping people with the power of Allomancy in their bloodlines. When Detective Marasi Colms and her partner Wayne

find stockpiled weapons bound for the Outer City of Bilming, this opens a new lead. Conflict between Elendel and the Outer Cities only favors the Set, and their tendrils now reach to the Elendel Senate—whose corruption Wax and Steris have sought to expose—and Bilming is even more entangled. After Wax discovers a new type of explosive that can unleash unprecedented destruction and realizes that the Set must already have it, an immortal kandra serving Scadrial's god, Harmony, reveals that Bilming has fallen under the influence of another god: Trell, worshipped by the Set. And Trell isn't the only factor at play from the larger Cosmere—Marasi is recruited by offworlders with strange abilities who claim their goal is to protect Scadrial...at any cost. Wax must choose whether to set aside his rocky relationship with God and once again become the Sword that Harmony has groomed him to be. If no one steps forward to be the hero Scadrial needs, the planet and its millions of people will come to a sudden and calamitous ruin. Other Tor books by Brandon Sanderson *The Cosmere*

 Three Kings. In the
 aftermath of World War II,
 the Earth's population
 was devastated by an
 alien virus. Those who
 survived were changed
 forever. Some, known as
 jokers, were cursed with

bizarre mental and physical mutations; others, granted superhuman abilities, became the lucky few known as aces. Queen Margaret, who came to the English throne after the death of her sister Elizabeth, now lies on her death-bed. Summoning the joker ace Alan Turing, she urges him to seek the true heir: Elizabeth's lost son. He was rumored to have died as a baby but, having been born a joker, was sent into hiding. Margaret dies and her elder son Henry becomes king and at once declares he wants to make England an "Anglo-Saxon country" and suggests jokers be sent "to the moon." Dangerous tensions begin to tear the country apart. The Twisted Fists—an organization of jokers led by the Green Man—are becoming more militant. And Babh, goddess of war, sees opportunities to sow strife and reap blood... At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

"A memorable and lovely debut."--Kirkus Reviews
"Walking with Miss Millie is full of subtle wisdom. Its ending is satisfying though sobering and there are elements of this story that stay with you long after the last page has been read."--Karen English, Coretta Scott King Honor Award Author
A poignant middle grade debut about the friendship between a white girl and an elderly black woman in the 1960s

South Alice is angry at having to move to Rainbow, Georgia—a too small, too hot, dried-up place she's sure will never feel like home. Then she gets put in charge of walking her elderly neighbor's dog. But Clarence won't budge without Miss Millie, so Alice and Miss Millie walk him together. Strolling with Clarence and Miss Millie quickly becomes the highlight of Alice's day and opens her eyes to all sorts of new things to marvel over. During their walks, they meet a mix of people, and Alice sees that although there are some bullies and phonies, there are plenty of kind folks, too. Miss Millie shares her family's story with Alice, showing her the painful impact segregation has had on their town. And with Miss Millie, Alice is finally able to express her own heartache over why her family had to move there in the first place. Tamara Bundy's beautifully written debut celebrates the wonder and power of friendship: how it can be found when we least expect it and make any place a home.
