LAYLA RACHAEL

*100 Old Roses for the
American Garden*
Rizzoli Publications

Amidst the unspeakable horrors of Hitler's Concentration Camps, a young German girl finds beauty and love for a man that will last a lifetime.

A Practical Guide to Growing, Care and Maintenance of Roses

Timber Press

Suffering from schizophrenia, sixteen-year-old Deborah struggles to overcome her illness and rejoin the real world with the help of her hospital psychiatrist, in a new edition of the classic, semi-autobiographical novel. Reprint. 40,000 first printing.

The Secret Garden

Birch Lane Press

Danyana "Yana" Morneen, the only child of a widowed cobbler, has always wondered why the forest seems so sad. Dark and lifeless, it sits on the outskirts of town, never producing the lush greenness she longs for. As Yana explores the secrets of the forest, she tries in vain to keep an

admirer's advances at bay. Many women in the village desire Nicolas Vanlock, the wealthy, handsome son of a local merchant, but he only has eyes for Yana. For as long as she can remember, Nicolas has been trying to force himself into her life, and now he desires marriage. But Yana knows that her destiny does not lie with Nicolas. As she ventures further into the forest and its secrets, Yana discovers a lush, hidden estate in the very heart of the woods and is surrounded by magic she cannot comprehend. Her visits to the property's garden of roses become more frequent, and she becomes aware of a presence in the dilapidated old

mansion. Nicolas fears he is losing his true love to another, and he begins a relentless campaign to claim Yana's heart. If Nicolas has his way, Yana will never be allowed to enter the enchanted forest again

Orwell's Roses Pavilion

A guide to more than 450 varieties of roses offers advice on selection, planting, watering, fertilizing, and pruning

The Organic Rose Garden Taunton

Describes how the author's efforts to cultivate a garden in California paralleled her struggles to come to terms with her family and with her partner's desire to get married

Roses Rose's Garden

"This card collection features planting and care information for 28

of Smith's favorite roses, plus how-to projects and choosing the best companion plants. This collection also includes an hour-long DVD with additional how-to projects, garden tours and more."--Container. Short Stories Macmillan
Four months after the explosion at the Garden, a place where young women known as the Butterflies were kept captive, FBI agents Brandon Eddison, Victor Hanoverian, and Mercedes Ramirez are still entrenched in the aftermath, helping survivors in the process of adjusting to life on the outside. With winter coming to an end, the Butterflies have longer, warmer days of healing ahead. But for the agents, the impending thaw means

one gruesome thing: a chilling guarantee that somewhere in the country, another young woman will turn up dead in a church with her throat slit and her body surrounded by flowers. Priya Sravasti's sister fell victim to the killer years ago. Now she and her mother move every few months, hoping for a new beginning. But when she ends up in the madman's crosshairs, the hunt takes on new urgency. Only with Priya's help can the killer be found—but will her desperate hope for closure compel her to put her very life on the line?

[The Kew Gardener's Guide to Growing Roses](#) Simon and Schuster

This inspirational book from Kew Gardens'

rose expert is the perfect guide to choosing and growing these majestic and versatile flowers. Instantly recognisable, fragrant and evocative, roses are the quintessential garden flowers. From low-growing ground-cover roses to long-stemmed Hybrid Tea roses, multi-petalled English roses, wild roses, small shrubs for containers, climbers and ramblers, in a range of forms, colours and scents, there is a rose for every garden situation. Combining botanical illustrations and practical advice, *The Kew Gardener's Guide to Growing Roses* is the definitive introduction to growing seventy-eight beautiful roses, with full growing instructions and details on feeding,

propagation and training. Twelve garden projects, from growing from seed to preserving rose petals, will bring the wonderful world of roses to life.

Beautiful varieties for home and garden

Smith & Hawken 100 English Roses for the American Garden

Algonquin Books
Roses: Rose Garden Ideas and Gardening Tips for Beautiful Gardens of Rose Flowers, Landscaping Ideas & Home Garden Design Ideas for All Types of Roses Ask anyone who has a green thumb about rose gardening, and you may need a tape recorder to remember all the advice you'll get! Almost anyone who has an interest in gardening flowers and plants will eventually mosey into rose territory. It's almost irresistible because of the beauty and scent of one of the most popular plants on earth. A rose is like no other. Rose gardening then will certainly open up grounds for controversy among fellow gardeners. It's a subject like that of

rearing children. To the rose gardening crowd, their plants often become like their own children. They must be fed and nourished and guided properly to bloom and flourish into their majestic beauty.

The Rose Garden

Penguin

The focus of this book is on the classic, ageless, and enduring flowers, which we have dubbed Vintage roses. This user-friendly term encompasses both the true Old roses and the best of the Modern roses. All Vintage roses have one thing in common; they are garden-friendly roses that celebrate the style and grace of the old. Vintage roses can be overblown, multi-petalled or deliciously simple, and this sumptuous tome is a love letter to these

beautiful blooms.

Unearth the hands-on know-how and history of the world's favourite flower. This book will appeal to the armchair gardener, gardening novice and seasoned expert alike. At the heart of the book are over 60 specially selected specimens – including those that have the best visual appearance, the most fragrant perfume, are easy to grow and produce beautiful flowers for cutting. The book covers not just original varieties such as Rosa Mundi (with its beautifully variegated stripes of deep pink and white), but also the wonderful new varieties that have been developed over the last 20 years. The no-fuss notes on pruning and care and the straightforward

advice that accompanies each variety completely dispel the myth that roses are difficult or time-consuming to grow – proving that you can just as easily grow roses in a pot on your front steps as you can in a large country garden. Covering the best rambling, climbing and shrub roses, from bourbon to tea and floribunda to polyantha, you'll be sure to find your new favourite variety. Plus, tips and tricks on arranging your cut roses makes it even easier to enjoy these fabulous flowers at home. With contemporary commentary on each bloom, easy-to-follow advice and glorious photography, this book will appeal to everyone who appreciates the

classic beauty of the vintage rose.

Rose's Garden Henry Holt and Company Winner of the ALA Reading List Award Difficult and obstinate. Thriving under a set of specific and limited conditions. That pretty much describes me. Maybe that's why I like these roses so much. Roses are Galilee Garner's passion. An amateur breeder, she painstakingly cross-pollinates her plants to coax out new, better traits, striving to create a perfect strain of her favorite flower, the Hulthemia. Her dream is to win a major rose competition and one day have her version of the bloom sold in the commercial market. Gal carefully calibrates the rest of her time to manage the kidney failure she's had since

childhood, going to dialysis every other night, and teaching high school biology, where she is known for her exacting standards. The routine leaves little room for relationships, and Gal prefers it that way. Her roses never disappoint her the way people have. Then one afternoon, Riley, the teenaged daughter of Gal's estranged sister, arrives unannounced to live with her, turning Gal's orderly existence upside down. Suddenly forced to adjust to each other's worlds, both will discover a resilience they never knew they had and a bond they never knew they needed.

A Novel Harper Collins
The Rose Garden is a richly imagined historical novel full of intrigue and secrets,

spanning the luxury and poverty of Victorian England. Perfect for fans of Dinah Jefferies and Rachel Hore. Every house has its secrets . . . For twelve-year-old Otilie Finch, London is an exciting playground to explore. Her family have recently arrived in Hamstead from Durham, under a cloud of scandal that Otty is blissfully unaware of. The only shadow over her days is her mother's mysterious illness, which keeps her to her room. When young local girl Mabs is offered the chance to become Mrs Finch's companion, it saves her from a desperate life on the canals. Little does she know that all is not as picture-perfect as it seems. Mabs is about to become tangled in the

secrets that chased the Finches from their last home, and trapped in an impossible dilemma . . . 'Tracy Rees is a natural storyteller . . . What a treat it is!' - Rachel Hore, author of *A Gathering Storm*. 'In this engrossing novel Tracy Rees takes the reader directly into the drama and action . . . the roles and attitudes to women at the end of the Victorian period and the emerging 'women's movement were riveting. Totally unputdownable.' - Dinah Jefferies, author of *The Tea-Planter's Wife*.

Roses of May Catapult Rose finds a neglected patch of earth in the middle of a bustling city where she can plant the flower seeds collected from her travels in her magical teapot.

Rose's Garden

Workman Publishing
A former curator at the New York Botanical Garden describes 150 different varieties of roses that can be grown without the use of pesticides, fungicides or fertilizers and provides information on planting, pruning and caring for these gorgeous blooms. Original.

Growing Roses in the Pacific Northwest

Candlewick Press
'Fascinating...I'll never look at a rose in quite the same way again.'
Adrian Tinniswood
The rose is bursting with meaning. Over the centuries it has come to represent love and sensuality, deceit, death and the mystical unknown. Today the rose enjoys unrivalled popularity across the

globe, ever present at life's seminal moments. Grown in the Middle East two thousand years ago for its pleasing scent and medicinal properties, it has become one of the most adored flowers across cultures, no longer selected by nature, but by us. The rose is well-versed at enchanting human hearts. From Shakespeare's sonnets to Bulgaria's Rose Valley to the thriving rose trade in Africa and the Far East, via museums, high fashion, Victorian England and Belle Epoque France, we meet an astonishing array of species and hybrids of remarkably different provenance. This is the story of a hardy, thorny flower and how, by beauty and charm, it came to

seduce the world.

By Any Other Name

Thomas & Mercer
A visit from an angel changes the life of a grieving widower in this "deeply touching love story" by the award-winning author of *The Last First Day* (Booklist). In the four months since Conrad Morrissey's beloved wife, Rose, died, he has let her cherished garden slide into neglect, just as he has stopped caring what he eats or wears. But there, in Rose's overgrown and unkempt garden, Conrad receives an unearthly visitor, familiar yet perplexing. It appears to be an angel—though it's the last person he ever expected to see wearing wings. What does this mean? What should he do? What

would vivacious Rose have done? She would not have kept it a secret, Conrad decides, so he begins to share his story. And suddenly he finds himself learning how Rose touched the lives of people he barely knew. These people, from a silent, damaged young woman to the chattering ladies of Rose's drama group, begin to shape his own days as they make unlikely pilgrimages to the garden. Conrad thought his life was over, but now—as a disaster threatens the tiny New Hampshire town where all of them live—there is hope in Rose's last message of love. "A magical first novel . . . both luminous and wise."
—The New York Times Book Review "Brown's writing . . . conveys

intense events and emotions with a deceptively gentle touch." —USA Today
"Simply the most romantic love story you will read this year. Don't miss it."

—Albuquerque Journal

The Girl in the Garden Sunset Books/Sunset Publishing Corporation
Graham Stuart Thomas stands alone as the world's pre-eminent rose gardener. In this unique presentation he focuses on the uses of a variety of garden plants--flowering and nonflowering--with which to create enduring garden designs that rescue roses from the stiff formality of most ornamental gardens. Here, Mr. Thomas employs the lessons of the magnificent garden at Mottisfont Abbey,

first created by him in 1972 and extended in the 1980s, to demonstrate thrilling design choices and methods of lengthening the flowering seasons open to any alert gardener. As Henry Mitchell, the Washington Post's distinguished horticulturist, puts it: "It was Thomas who launched the revival of interest in roses long out of commerce...He found many of the unheard-of nineteenth-century roses at Bobbink and Atkins Nursery in New Jersey and the old Lester and Tillotson Nursery in California. The authority of Graham Stuart Thomas is by no means limited to roses. He writes authoritatively on perennials, garden design, the grouping of

plants, on groundcovers and much else...Few gardeners are so catholic or such connoisseurs." The present book is a glorious display--in words and color illustrations--of Mr. Thomas's gardens, providing an education for the reader in the design of his own garden. Photographs show roses close up and in garden settings with complementary plants that extend the flowering season of the gardens into the late fall. The author explores the origins of the roses selected and explains how he has employed their particular qualities in his designs. He includes a checklist to assist gardeners who wish to re-create these sumptuous plant

combinations.

The Rose Garden Lulu Press, Inc

Many gardeners dream of filling their garden with lush, healthy roses—but growing roses can be tricky, especially under the Northwest’s moody skies. Luckily this definitive guide will help you build your garden sanctuary without the use of pesticides or chemicals. *Growing Roses in the Pacific Northwest* guides you through every step, including choosing rose varieties for your climate, landscape design, planting, harvesting, and basic care, as well as invaluable tips for

nurturing a show-stopping rose garden. Growing no-spray roses has never been easier! The book features information on popular rose types like David Austin, Hybrid Tea, Climbing, and Old Garden, and such stunning cultivars as Boscobel and Lady of Shalott. With full-color illustrations of the 90 best cultivars for the region, this visual guide is a go-to resource for everyone; whether you live east or west of the Cascades in Washington, Oregon, or British Columbia and are an urban gardener or have room to spread out, you’ll soon be surrounded by roses in full bloom.
