Two old gods play chess to decide the fate of the galaxy. A hapless pawn is cast down

upon the Earth. Mikha'il awakens, mortally wounded, on his crashed ship. He's saved by a young woman with unusual abilities. With no memory of his past and his ship destroyed, he has no choice but to integrate into her village. In stone-aged Mesopotamia, everyone must work or starve, but the only skill he possesses is an uncanny ability to kill. Ninsianna's people have prophecies of a time when a

winged champion, a Sword of the Gods, will defend their people against an Evil One. Mikha'il insists he's no demi-god, but the dark premonitions sent to her by She-who-is say otherwise! Unbeknownst to them, Earth is about to become ground zero in a war between two ancient adversaries. The Emperors' armies are a dying race ... and humans hold the key to their survival. As love blossoms, the

mysterious kidnappings of young women forces Mikha'il to choose between Ninsianna and his duty to complete a mission he can't quite recall. As fault lines open in the heavens, Mikha'il must teach his adopted people to raise armies from the dust to fight back against an enemy who remains unseen.

"A good legal secretary is one of the most valuable

assets in any legal office and this book, written as a practical guide, will enable them to approach their work with increased confidence. Of particular assistance will be the numerous completed specimen forms and documents. These examples are invaluable reference sources, indicating the best way of filling in such forms. As well as covering most areas of law, this book identifies the

people who work in the law and the structure of the courts. It contains a useful glossary, a section on etiquette, and a helpful list of addresses, telephone numbers, and web addresses. There is also a guest chapter on finding a job which has been written by Zarak Legal, a leading London recruitment consultant firm. A 'test yourself' section at the end of most chapters acts

as an ideal study aid for beginners to monitor progress, or as a desktop reference for the more experienced legal secretary."--

"Non-Contentious Probate Practice in the English-Speaking Caribbean is widely acclaimed by students and practitioners as an indispensable guide to probate practice and procedure in

the Caribbean. This second edition brings the book up to date with the current law and practice by incorporating the major changes that have taken place since the book was first published in 1998. All legislative and procedural changes are dealt with, most notably the Civil Procedure Rules 2002 in Jamaica, the Supreme Court Act, Administrative of Estate Act and the Wills Act in The Bahamas and

the Distribution of Estate Act in Trinidad & Tobago, all of which have had significant impact on succession practice in these territories. As before, the book covers the core areas of probate practice and provides a clear, comprehensive exposition of succession law and a practical guide to the fundamentals of probate practice and procedure. **A Practical Guide, 2nd Edition**

Anchor Revised and updated, the third edition of this highly acclaimed anthology surveys all the major religious

traditions--Hinduism, Buddhism, Confucianism, Taoism, Judaism, Christianity, Islam, and African religions--and also covers Zen Buddhism, Shinto, and the religious experience in America. Ideal for courses in world religions and comparative religion, it introduces the unique claims, hopes, and wisdom of each tradition in its own voice, through substantial excerpts from its scriptures,

prophets, and authors. "I have tried to pay heed," Eastman writes in his Preface, "to A. C. Bouquet's warning of many years ago that the study of religion may sink to the level of collecting dead insects or pressed flowers, which in the process lose all their color and reality. There is not much excuse for a dreary book about a subject as inherently interesting and provocative as

<p>the world's religions."The following selections are new to the third edition: Diana L. Eck's "Frontiers of Encounter," Barbara Stoler Miller on Yoga, R. K. Narayan's story "Chudala," Julia Ching's "Confucianism in Perspective," Thomas Merton on Chuang Tzu, Joseph M. Kitagawa's "The Way of the Kami," Ian Reader on Shinto, Vincent Mulago on African Religions, and</p>	<p>"A Personal Note" by John Hick. <u>Point Made</u> Seraphim Press Provides an in-depth overview of ADR before covering in detail the principles, processes, and enforcement options involved. This fully revised third edition integrates a range of important new case law and specifically locates ADR within an increasingly digital landscape. <u>Three Junes</u> University of</p>	<p>Chicago Press Adjudication has been the main means of settling construction disputes since it was first introduced by the Housing Grants, Construction and Regeneration Act 1996, and a substantial body of case law has now built up. This book established itself as the key authority on adjudication when it was first published. It has now been revised to reflect the authors'</p>

experience of adjudication in practice and to cover the large number of court decisions. It features useful appendices on adjudication materials. *Murphy on Evidence* Oxford University Press on Demand Admirably clear, concise, down-to-earth, and powerful—all too often, legal writing embodies none of these qualities. Its reputation for obscurity and needless legalese is

widespread. Since 2001 Bryan A. Garner's *Legal Writing in Plain English* has helped address this problem by providing lawyers, judges, paralegals, law students, and legal scholars with sound advice and practical tools for improving their written work. Now the leading guide to clear writing in the field, this indispensable volume encourages legal writers to challenge conventions

and offers valuable insights into the writing process that will appeal to other professionals: how to organize ideas, create and refine prose, and improve editing skills. Accessible and witty, *Legal Writing in Plain English* draws on real-life writing samples that Garner has gathered through decades of teaching experience. Trenchant advice covers all types of legal

materials, from analytical and persuasive writing to legal drafting, and the book's principles are reinforced by sets of basic, intermediate, and advanced exercises in each section. In this new edition, Garner preserves the successful structure of the original while adjusting the content to make it even more classroom-friendly. He includes case examples from the past decade and

addresses the widespread use of legal documents in electronic formats. His book remains the standard guide for producing the jargon-free language that clients demand and courts reward. *Sword of the Gods: The Chosen One* Amer Bar Assn The Modern Law of Evidence is a lucid treatment of the contemporary law of evidence and is recognised as an unusually clear and

comprehensive account of a complex subject. This fifth edition again examines the theory of the law of evidence as well as its practical application, placing the emphasis, wherever possible, on recent discussion and modern aspects of the subject. [It's Criminal!](#) Oxford University Press The fourth edition of this best-selling book has been thoroughly revised to

take into account recent developments in the law in criminal practice and procedure across the region. The only textbook that explores criminal practice and procedure as it relates to the Commonwealth Caribbean, the book clarifies the state law in each of 11 jurisdictions, at the same time making it clear when laws are the same or similar and highlighting where

differences among jurisdictions occur. Both statute law and common law are examined in the relevant jurisdictions, which include Trinidad and Tobago, Guyana, Barbados, Jamaica and Grenada amongst others. The impact of statutory changes in the laws are analysed, as well as recent developments in the common law. Throughout the text the statutory law in the

Commonwealth Caribbean is compared to similar English legislation, in the light of the analysis of such legislation in English case law. Commonwealth Caribbean Criminal Practice and Procedure is the recommended textbook for all professional law schools in the Commonwealth Caribbean and is used at regional universities as a reference book for criminal justice students. In

addition, as the only book that deals specifically with criminal practice and procedure in the regions, it has proved a valuable reference tool for legal practitioners, judicial officers and police officers.

This fourth edition of Sir Peter Coulson's highly regarded work

on construction adjudication, widely considered to be the leading authority in the field, continues to provide comprehensive analysis of the law and practice of adjudication in construction and engineering disputes.

Thoroughly revised with reference to over 80 new adjudication cases, the new edition of this popular title also provides an analysis of the increase in 'smash and

grab' payment claims brought by contractors based on the procedural omissions of the employer. The book has also expanded to cover developments in the Technology and Construction Court's (TCC) practice and procedure for dealing with 'smash and grab' claims, and includes practical guidance from the TCC and Commercial Court as to the necessary ethical principles to be adopted by

adjudicators.
