We are delighted to introduce the proceedings of the first edition of the 2019 International Conference on Advances in Education, Humanities, and Language (ICEL). The aim of ICEL (International Conference on Advances in Humanities, Education and Language) is to provide a platform for researchers, professionals, academicians as well as industrial professionals from all over the world to present their research results and development activities in Education, humanities, and Language. The theme of ICEL 2019 was

“Mainstreaming the Influences on Higher Order of Thinking Skills in Humanities, Education, and Language in Industrial Revolution 4.0”. The technical program of ICEL 2019 consisted of 77 full papers, including invited papers in oral presentation sessions at the main conference tracks. Aside from the high quality technical paper presentations, the technical program also featured six keynote speeches, Hamamah, Ph.D (Univeritas Brawijaya, Indonesia), Prof. Dr. Nuraihan binti Mat Daud (UIIM, Malaysia), Dr. Edith Dunn (Conservator/Cultural Specialist, USA), Prof. Yoshihiko -Sugimura (university of Mizaki, Japan), Prof. Park Yoonho (Suncheon National University, Korea) and Prof. Su Keh Bow

(Soochow University, Taiwan). We strongly believe that ICEL conference provides a good forum for all researchers, developers and practitioners to discuss various advances that are relevant to education, humanities, and language. We also expect that the future ICEL conference will be as successful and stimulating, as indicated by the contributions presented in this volume How to Be Perfect Jossey-Bass New York Times bestselling author Shauna Niequist invites you to look at the landscape of your own life, consider what it might look like to leave behind the pressure to be perfect, and begin the life-changing practice of simply being present in the middle of the mess and the ordinariness of

life. A few years ago, Shauna found herself exhausted and isolated, her soul and body sick. She was tired of being tired and burned out on busy. It seemed like almost everyone she talked to was in the same boat: longing for connection, meaning, and depth, but settling for busy. But then something changed: she learned a new way to live. She decided to trade the hustle and bustle for grace, love, stillness, and play, and it changed everything. Shauna offers an honest account of what led her to begin this journey and a compelling vision for an entirely new way to live: soaked in rest, silence, simplicity, prayer, and connection with the people who matter most to us. As you witness Shauna's journey, you'll be inspired to embark on one of your own. She gives you the encouragement you need to: Put an end to people-pleasing tendencies Embrace moments of simplicity, quiet, and stillness Accept that you are worthy of love, belonging, and joy Written in Shauna's warm and vulnerable style, this collection of essays focuses on the most important transformation

in her life, and maybe yours too: leaving behind busyness and frantic living and rediscovering the person you were made to be. Present Over Perfect is a hand reaching out, pulling you free from the constant pressure to perform faster, push harder, and produce more while maintaining an exhausting image of perfection. Join the over 500,000 others who have already started walking this new path away from frantic pushing and proving and toward their true selves.

When The Essential 55 was published, Ron Clark became a tireless promoter, traveling the country to speak to large groups of teachers and

fans. And when his Oprah appearance shot the book onto the New York Times bestseller list, he kept the heat on. We can expect the same tenacious commitment to promoting his follow-up book, The Excellent 11. The Excellent 11 contains eleven sections, with each one focusing on a theme directly related to teaching and raising children. Ron Clark draws from his own experience to give advice, telling personal stories that demonstrate the significance of each theme within the learning environment--an environment that extends beyond the classroom and into the larger world. Using themes ranging from Adventure, Ingenuity, and Humor to Dedication, Creativity, and Love, Clark provides a road map for both parents and teachers who want to enrich their children's learning experiences.

"As David Robson makes plain in this compelling book, the way we think about the world can profoundly shape how we navigate it. Based in science and packed with smart advice, The Expectation Effect will

expand your mind—and maybe even extend your life.” —Daniel Pink, New York Times bestselling author of *When, Drive, and To Sell Is Human* A journey through the cutting-edge science of how our mindset shapes every facet of our lives, revealing how your brain holds the keys to unlocking a better you. What you believe can make it so. You’ve heard of the placebo effect and how sugar pills can accelerate healing. But did you know that sham heart surgeries often work just as well as placing real stents? Or that people who think they’re particularly prone to cardiovascular disease are four times as likely to die from cardiac arrest? Such is the power and deadly importance of the expectation effect—how what we think will happen changes what does happen. Melding neuroscience with narrative, science journalist David Robson takes readers on a deep dive into the many life zones the expectation effect permeates. We see how people who believe stress is beneficial become more creative when placed under strain. We see how associating aging with wisdom can

add seven plus years to your life. People say seeing is believing but, over and over, Robson proves that the converse is truer: believing is seeing. The Expectation Effect is not woo-woo. You cannot think your way into a pile of money or out of a cancer diagnosis. But just because magical thinking is nonsense doesn’t mean rational magic doesn’t exist. Pointing to accepted psychology and objective physiology, Robson gives us the practical takeaways we need to improve our fitness, productivity, intelligence, and happiness. Any reader who wants to take their fate into their own hands need only pick up this book.

Your Nitty-Gritty Guide to Beating the Lies That Hold You Back Simon and Schuster

Young people in America today face a crisis of character. Traditional role models continue to disappoint the public, falling short of expectations and fostering cynicism rather than idealism. As a result, many young people struggle to distinguish right from wrong and seem indifferent to whether it matters. It clearly becomes the task of parents and schools to re-engage the hearts and minds of our children in forming their own characters. In *Building Character in Schools*, Kevin Ryan and Karen Bohlin draw from nearly fifty years of combined field experience to offer a

practical guide to character education -- designed to help children to know the good, love the good, and do the good. Ryan and Bohlin provide a blueprint for educators who wish to translate a personal commitment to character education into a schoolwide vision and effort. They outline the principles and strategies of effective character education and explain what schools must do to teach students the habits and dispositions that lead to responsible adulthood - - from developing curriculum that reinforces good character development to strengthening links with parents. A useful resource section includes sample lessons, program guidelines, and a parents' list of ways to promote character in their children. *Building Character in Schools* clearly defines the responsibilities of adults and students in modeling and nurturing character and sets forth practical guidelines for schools seeking to become communities of virtue where responsibility, hard work, honesty, and kindness are modeled, taught, expected, celebrated, and continually practiced.

A Body to Love Zondervan

An inspiring speaker and artist asked 20,000 people around the world to share the regrets they wanted him to burn in a mock Viking ship. This is the story of what he learned about letting go of the pain of the past and embracing the future with hope. Turning 30, artist and speaker Kyle Scheele wanted to do something unusual to mark this milestone. Instead of a birthday bash, he decided to hold a funeral to memorialize the decade of his life that was ending. Building a 16-foot Viking ship out of cardboard, he invited friends to help him set it on fire—a symbolic farewell to his 20s and all the grief, regret, and mistakes that accompanied those years. When video of his Viking funeral went viral, it encouraged many others to let go of past hurts as well. Moved by the response he received, Kyle planned a second funeral (this time with a 30-foot cardboard Viking ship) and asked people to share the things they carried—the bad choices, disappointments, heartaches, and negative thinking that they wanted to lay to rest. He received more than 20,000 responses from around

the world—stories both heartbreaking and hilarious, painful and inspiring. In this entertaining and wise book, Kyle reflects on what he discovered about freeing ourselves from the pain of the past, interweaving anecdotes from those who participated with the story of his own journey of renewal. "This story involves multiple Viking funerals, thousands of square feet of cardboard, and enough hot glue to supply your mother-in-law's craft night for the rest of time," he writes. "But it also involves regret, self-doubt, insecurity, and ultimately, redemption. So buckle up. It's about to get bumpy." How to Host a Viking Funeral is the story of letting go of the people we used to be, but no longer want to be. It's about renewal; where there was once regret there is now blank space—an opportunity for a fresh start.

From Form to Meaning and Use Routledge

The Tenth Anniversary Edition of the New York Times bestselling book that has sold over half a million copies in paperback. "I was addicted to "Bewitched" as a kid. I worshipped

Darren Stevens the First. When he'd come home from work and Samantha would say, 'Darren, would you like me to fix you a drink?' He'd always rest his briefcase on the table below the mirror in the foyer, wipe his forehead with a monogrammed handkerchief and say, 'Better make it a double.'" (from Chapter Two) You may not know it, but you've met Augusten Burroughs. You've seen him on the street, in bars, on the subway, at restaurants: a twentysomething guy, nice suit, works in advertising. Regular. Ordinary. But when the ordinary person had two drinks, Augusten was circling the drain by having twelve; when the ordinary person went home at midnight, Augusten never went home at all. Loud, distracting ties, automated wake-up calls and cologne on the tongue could only hide so much for so long. At the request (well, it wasn't really a request) of his employers, Augusten lands in rehab, where his dreams of group therapy with Robert Downey Jr. are immediately dashed by grim reality of fluorescent lighting and paper hospital slippers.

But when Augusten is forced to examine himself, something actually starts to click and that's when he finds himself in the worst trouble of all. Because when his thirty days are up, he has to return to his same drunken Manhattan life—and live it sober. What follows is a memoir that's as moving as it is funny, as heartbreaking as it is true. Dry is the story of love, loss, and Starbucks as a Higher Power.

Boundaries is the book that's helped over 4 million people learn when to say yes and know how to say no in order to take control of their lives. Does your life feel like it's out of control? Perhaps you feel like you have to say yes to everyone's requests. Maybe you find yourself readily taking responsibility for others' feelings and problems. Or perhaps you focus so much on being loving and unselfish that you've forgotten your own limits and limitations. Or maybe it's all of the above. In the New York Times bestseller, Boundaries, Drs. Henry Cloud and John Townsend help you learn when to say yes and know how to say no in order to

take control of your life and set healthy, biblical boundaries with your spouse, children, friends, parents, co-workers, and even yourself. Now updated and expanded for the digital age, this book continues to help millions of people around the world answer these tough questions: Can I set limits and still be a loving person? What are legitimate boundaries? How do I effectively manage my digital life so that it doesn't control me? What if someone is upset or hurt by my boundaries? How do I answer someone who wants my time, love, energy, or money? Why do I feel guilty or afraid when I consider setting boundaries? How do boundaries relate to mutual submission within marriage? Aren't boundaries selfish? You don't have to let your life spiral out of control. Discover how boundaries make life better today! As the janitor in a haunted house, single mom Abby Jenkins has many contacts with the living and the dead in the small Pacific Northwest town of Sunset Cove, which puts her in a perfect position to solve local mysteries. Or so she thinks. Hired to find diamonds hidden in a haunted manor she gets help from a Viking ghost with existential issues. Will she survive? This book contains bad-boy ghosts, mischievous magic, and a woman who knows what she wants in a Viking hayloft. Qualities Teachers, and Parents Use to Motivate, Inspire, and Educate Children Cambridge University Press From the creator of *The Good Place* and the cocreator of *Parks and Recreation*, a hilarious, thought-provoking guide to living an ethical life, drawing on 2,400 years of deep thinking from around the world. Most people think of themselves as "good," but it's not always easy to determine what's "good" or "bad"—especially in a world filled with complicated choices and pitfalls and booby traps and bad advice. Fortunately, many smart philosophers have been pondering this conundrum

for millennia and they have guidance for us. With bright wit and deep insight, *How to Be Perfect* explains concepts like deontology, utilitarianism, existentialism, ubuntu, and more so we can sound cool at parties and become better people. Schur starts off with easy ethical questions like "Should I punch my friend in the face for no reason?" (No.) and works his way up to the most complex moral issues we all face. Such as: Can I still enjoy great art if it was created by terrible people? How much money should I give to charity? Why bother being good at all when there are no consequences for being bad? And much more. By the time the book is done, we'll know exactly how to act in every conceivable situation, so as to produce a verifiably maximal amount of moral good. We will be perfect, and all our friends will be jealous. OK, not quite. Instead, we'll gain fresh, funny, inspiring wisdom on the toughest issues we face every day. Dedicated AnImage Identify, understand, and reframe your life story with this essential guide for self-acceptance from Lisa Olivera, a therapist, writer, and creator of a

wildly popular Instagram account. When Lisa Olivera was just a few hours old, her birth mother abandoned her behind a rock near Muir Woods in Northern California. She was found and later adopted. Growing up, Lisa knew she was adopted. She later learned she was abandoned. Like with many adopted children, this led Lisa to wonder: why did her mother leave her behind? Without answers, Lisa came up with her own: something must be wrong with her. Lisa came to believe she was not enough. This story wasn't true, but it made sense of a confusing experience. It allowed her to move forward. It felt like the only way. Until, with the help of a therapist, Lisa began to tell herself a better story. If you have ever felt like you didn't belong, or like you weren't worthy, or like you weren't enough, just as you are...it might be time for you to rewrite your story, too. Now a therapist herself, Lisa shows you how. In *Already Enough*, Lisa explores how our stories affect us—often much more than we realize. She guides us through reframing our stories so

we can remember that we are already enough, just as we are. And she invites us to join her on a transformative journey to healing. Tender, hopeful, and inspiring, *Already Enough* is a powerful reminder that we are the authors of our own stories. The sooner we decide to write a better story, the sooner we can live a more whole, more meaningful, more nourishing life.
