Financial Accounting - B.Com Semester II (According to Minimum Uniform Syllabus Prescribed by National Education Policy) Vikas Publishing House

This well-known textbook provides students with the knowledge of basic accounting principles and practices in a systematic manner. The unique feature that has made this book popular among students is the simplicity of presentation which enables them to understand the subject and solve practical problems with ease. The main strengths of the book are updated text, plentiful illustrative examples and the end-of-chapter exercises with answers. The wide coverage and user-friendly approach help the book to meet the course content

requirements for BCom, BBA, MCom, MCA examinations of different universities and examinations conducted by professional institutions. KEY FEATURES • Updated text in view of new and withdrawn accounting standards and their interpretation. • Formulation of the roadmap for convergence of Indian Accounting Standards to IFRS. • Incorporation of the New Schedule VI in place of Old Schedule VI with appropriate notes, wherever necessary. • Complete overhauling of solutions to all Illustrations and requisite changes in the answers to Practical Problems required due to the substitution of New Schedule VI in place of Old Schedule VI. • Latest questions and problems from examinations conducted by different professional bodies and universities.

Accountancy Class XI by Dr. S. K. Singh, Shailesh Chauhan Pearson Higher Education AU

The book provides a comprehensive coverage of the course-content requirements of the students appearing in the paper 'Management Accounting' at the MBA and MCom examinations of different Indian Universities and those of professional institutions. The book has been divided into five convenient sections. Each section covers a different aspect of 'Management Accounting' with the subject divided into chapters covering different topics in a systematic and concise manner. The unique features of this book lie in its simple and systematic presentation of theory, which would enable the students to solve practical problems with ease. The other main strengths of this book are: plentiful illustrative examples and end-of-the-chapter exercises with answers.

Problems & Solutions In Accountancy Class XI - SBDP Publications (English) Vikas Publishing House

It gives me a great pleasure and satisfaction to present this book "FINANCE AND ACCOUNTING". The main characteristics of the book are simple understanding and key concepts. The following important highlights in this book will make the users to read this book. i. I have illustrated Accounting cycle steps by creating 42 transactions, given the journal entries for these 42 transactions, prepared all the various ledger accounts from these journal entries, preparation of Trial balance has done with these ledger account balances and finally, prepared the final accounts (Trading, Profit and loss account and Balance sheet) based on the Trial balance. Hence, I conclude that the

end-to-end process of Accounting cycle with data interpretation has done in this book which will help the readers to understand that "where can we get the amounts which are appear in trial balance). ii. I have evaluated 45 ratios based on latest financial statements of a leading manufacturing company for the financial year ended December 2019. iii. Clear presentation of financial statements analysis have done in this book. iv. Bank Reconciliation statement have prepared based on real time scenario. v. Capital budgeting methods have explained in clear and transparent manner. vi. Readers can easily understand about Derivatives. vii. The computation of Sensex from live indices will help the readers to understand how the Sensex figures arrive. And also, I have given an important 150 terms under 'GLOSSARY' at the end of the book which can be used as a quick reference to learn an important terminology of Finance and Accounts. Chapter wise hyperlink will help the readers to go quickly to the desired chapter. This book is useful to everyone in Finance and Accounting field like students, Accounts executives, Financial analysts, etc. I have added two important chapters 'Monetary policy Rates' and 'GDP and Inflation' in this book. I hope that the book will help the readers to study in a focused manner. Any criticism and constructive suggestion in the direction of making the book a better teaching and studying manual will be gratefully acknowledged by the author. Suggestions will be incorporated in the subsequent editions. All the best

X-kit FET Grade 12 ACCOUNTING Pearson South Africa

Book-Keeping Made Simple, Revised Edition covers all the basic principles of elementary book-keeping. The book describes the requirements and process of starting a business, including ledger accounts, classifying the assets, the balance sheet, buying assets, and transactions involving liabilities. The text also discusses the double-entry systems; subsidiary books and original documents; the reduction of work-on day book entries; and the three-column cash books. The journal proper, the Imprest system, the trial balance and its limitations, and the bank reconciliation statements are also considered. The book further tackles analytical or columnar day books; the principle and layout of the cash book; the adjustments in final accounts; and partnership accounts. The text also discusses departmental-, manufacturing-, and control accounts and accounts of limited companies; the amalgamation of businesses; the purchase of a business; and the bills for exchange. Students of

book-keeping will find the book invaluable. Accountancy Class 11 - [Bihar & JAC] Vikas Publishing House
