25th Anniversary**

Edition Citadel Press
Never before in e-format, Embracing the Moon has been the go-to book for those wanting to learn a non-traditional, eclectic magickal system. Yasmine Galenorn first wrote this book in 1998. With over 50,000 copies of the book

in print, it went out of print. Now, 17 years later, Galenorn has chosen to make it available in e-format. Faerie magick, shadow magick, natural magick... all of these forms of witchcraft are rooted in the natural world around us.

Embracing the Moon is a practical, yet mystical, guidebook to finding and creating your own spiritual path. The old gods still walk the Earth, and this book is a shamanic, experiential path to finding your way to them. Be aware, while

similar in some ways, this is not a Wiccan guide.

Note: I now have a print version out with the new cover!

Each card is evocatively illustrated, and falls into one of seven suits, depicting first the Sun, then the Sun plus the Moon, Mercury, Venus, Mars, Jupiter or Saturn in each of the twelve zodiac signs. Accompanied by an illustrated book that helps users understand each card's imagery, the deck allows for a wide range of depth of interpretation, accommodating both beginners and experienced readers.

The Runes Weiser Books A guide to the secrets of rune-reading, an ancient predictive art, that teaches you how to lay out runes and interpret them instantly. Once the sacred alphabet of the Germanic people of Northern Europe, runes are more than 2,000 years old. Runes (meaning a secret or mystery) were words of

power, once carved on amulets, rings and weapons, and found as inscriptions on tombstones. The 1st rune, Fehu, is connected with cattle, and since wealth was measured in the number of cows a person owned, it has an underlying meaning of material wealth. The 11th rune, Isa, literally means 'ice', signifying danger and the probability of slipping up. Likewise, the 17th rune, Tiwaz, shares its significance with the North Star as an aid to navigation and charting

life's path. In this insightful book, each of the runes is fully described, together with the symbolic images and celestial phenomena associated with them. Methods of laying out, or 'casting' the runes are described in order to give a full and comprehensive reading to answer any question. There are six spreads to choose from, from Odin's Rune, a simple reading with one rune stone, to using up to nine runes for deeper insight into the past, present and future.

Everything You Need to Know to Begin Working With Runes The enigmatic nature of the runes is undeniable. In fact, the English word "rune" comes to us from the

Norse word runa, which means "a secret," or "to whisper." As symbols, the runes mean little to the untrained eye, yet the magical energies they activate can be used for positive, impactful change in your everyday life. But what are runes, exactly? On the surface level, runes are the characters in a writing system used by the ancient Germanic peoples of Europe. But unlike our modern letters, the runic symbols had been used for magical purposes long before they were fashioned into an

alphabet. This is known from runic inscriptions found on ancient artifacts as well as Germanic myth and lore handed down over the centuries. Indeed, those who work with the runes today are taking part in an age-old magical tradition established by our Northern European pagan ancestors. In *Runes for Beginners*, best-selling author Lisa Chamberlain shines the light on these ancient symbols, showing you how to discover and utilize their unique magical energies. With

both an eye toward tradition and a multicultural spirit, Lisa combines an appreciation for the Germanic roots of the runes with a more eclectic Neopagan approach. Unlike many other books on the topic, *Runes for Beginners* is completely accessible to those with no experience in Northern European magical traditions, yet it doesn't ignore those traditions altogether. You will emerge from this guide with a basic understanding of the runes' role in ancient

Germanic paganism, as well as a solid foundation of knowledge to build your own runic practice, regardless of your religious or spiritual path. *Foundations in Runic Magic and Divination* The runes represent various aspects of the human experience of the Universe-both tangible and intangible. Each runic symbol embodies a natural force, or type of energy, which the rune worker can attune to and then manipulate in various ways. Runes can be sent out into the

Universe to manifest a magical goal, or they can be used to consult with the unseen realms about a situation at hand. In *Runes for Beginners*, you'll learn all you need to know to start working with runes, including: The history of the runes and their role within the framework of the Germanic magical worldview The origins of runic wisdom in Norse mythology An overview of the Elder Futhark, the oldest-known runic alphabet and most widely used rune system in

contemporary Neopaganism Basic techniques of rune magic, including rune scripts, bind runes, and creating runic talismans How to make your own runes Instructions for traditional rune-casting as well as contemporary rune spreads Tips for successful divination The divinatory meanings and magical uses of each rune in the Elder Futhark A suggested reading list for further exploring the runes and the magical and spiritual traditions of the ancient Germanic

peoples Detailed tables of correspondence for a handy condensed magical and divinatory guide By the end of this guide, you will have a working knowledge of the runes that will enable you to use them with confidence in magic and divination. However, when it comes to truly mastering the runes, the importance of time and practice can't be emphasized enough. Indeed, working with runes can truly become a lifelong journey, but *Runes for Beginners* is an excellent first step along

the way. If you're ready to start exploring the runes for yourself, just scroll to the top of the page and hit the Buy button!

[A Guide to Reading Runes in Divination, Rune Magic, and the Meaning of the Elder Futhark Runes](#) Chris Constantin

Discover the power of ancient Nordic runes with this beautifully presented book and deck. According to Norse mythology, Odin, the chief of the gods, hung himself in self-sacrifice from the world tree Yggdrasil for nine days and nights in order

to receive cosmic wisdom. This was granted to him in the form of the runes. The runes make up an alphabet that, with local variations, was used across most of northern Europe from pre-Christian times until the thirteenth century. The word rune is derived from *rúna*, an ancient Germanic word meaning whisper or mystery. The Runes Box explains the meanings of the runes and the Norse mythology that underpins their basic concepts. Enclosed in a handy hardcover case so that

the wisdom of the runes can be carried with you at all times, you'll find: A 96-page booklet that explains the history of runes and how to use them 36 carry-size cards with information on the 24 runes and their meanings, plus some essential runic blessings and wishes The straight, angular lines of the runes are ideal for carving into bone, wood, or stone, or forming with twigs. Different methods for making runestones are described with instructions on how to use them for divinatory and

magical purposes, from making talismans to petitioning the Norse gods. Approach the runes with a benevolent instinct, an open heart, and an honest spirit, and truths will be revealed to you.

Their Uses in Divination and Magick Citadel Press

For fans of Barbara Erskine, Pamela Hartshorne, Susanna Kearsley, Christina Courtenay. When Dr Viv DuLac, medievalist and academic, finds a mysterious runic

inscription on a Rune Stone in the graveyard of her husband's village church, she unwittingly sets off a chain of circumstances that disturb their quiet lives in ways she never expected. She, once again, feels the echoes of the past resonate through time and into the present. Can she unlock the secrets of the runes in the life of the 6th century Lady Vivianne and in Viv's own life? Again, lives of the past and present intertwine alarmingly as Viv desperately tries to save

them both, without changing the course of history. Praise for Julia Ibbotson (for A Shape on the Air) "In the best Barbara Erskine tradition ...I would highly recommend this novel" - Historical Novel Society (for the series) "Julia does an incredible job of setting up the idea of time-shift so that it's believable and makes sense" - book tour reviewer (for The Rune Stone) "Dr Ibbotson has created living, breathing characters that will remain in the reader's

mind long after the book is read ... The characters are brought to life beautifully with perfect economy of description ... fabulous!" - Melissa Morgan (for The Rune Stone) "A rich and evocative time-slip novel that beautifully and satisfyingly concludes this superb trilogy. The story is woven seamlessly and skilfully between the past and the present and the reader is drawn deeply into both worlds. Her portrayal of the 6th century and its way of life are authoritative, vivid

and memorable" - Kate Sullivan
