Galaxy Cruise: the Maiden Voyage

Claymore Publishing

Readers of science fiction dystopia comedy books will (hopefully) enjoy the dry sarcastic humour and satire of this series. Despite the dystopian setting, and the odd bit of gallows humour, it's a light sci fi novel. When The Pan of Hamgee encounters some mudlarkers trying to land a box on the banks of the River Dang he is happy to help. Having accepted a share of the contents as a reward he cannot believe his luck. It contains one of the most expensive delicacies available in K'Barth, Goojan spiced sausage. If he can sell it, the sausage might spell the end of his troubles. On the other hand, knowing his luck, it could bring a whole load more. Written in British English with a dash of light swearing. Suitable for any reader of any age from 10 up - younger readers who have read all the Harry Potter books without any worries will be fine with the Hamgeean Misfit stories. Suggested cinema rating, PG. Too Good To Be True is the fourth book in the Hamgeean Misfit, dystopian humorous science fiction series. It is set in a contemporary dystopia, in a parallel reality but there is some futuristic technology. There is an overall story arc, but these stories are written to be stand alone and can be read in any order. **** INTERVIEW WITH THE AUTHOR Q - What made you write this series? A - If you want the honest answer I wrote it for me. As a reader, I love British satire and humor (or humour). I love wit; funny epic fantasy series like the Discworld novels and comedic sci fi like Douglas Adams. I like sff and speculative fiction, I like adventure and action and a gripping tale that zips along quickly, I like genre mash ups and I love an angsty dystopian world but the best science fiction and fantasy stories, for me, are funny. I am to write comedy in the tradition of all the great humorous British authors. I like to aim high. I wanted protagonists people could love and empathise with, mavericks, misfit

characters, real people ... except they're not all people obviously, some of them are other alien (ish) species. This book is about misfit heroes and heroines winning the day, it's about good versus evil even when the good guys are on different sides. It's science fiction fantasy action - it's dystopia but it's comedy, it's sci-fi but it's planet-based. You'll find all sorts of quirky characters and interesting alien species: from 6ft Swamp Things with antennae to cute furry creatures like the Blurpons, with their fluffy ears, big button eyes and penchant for extreme violence. Oh, and did I mention the 11mph barge chase? *** SIMILAR AUTHORS: Robert Rankin, C Gockel, Patty Jansen, JJ Greene, FJ Savage, Heide Goodey, EM Foner, Robert Asprin, the Stainless Steel Rat and Space Team series. But even if they make it out, Roman and his fellow escapees still have hundreds of miles of frozen tundra between them and freedom. With the help of a mysterious being straight out of his childhood fairy tale stories, Roman just might make it—or is the being simply a manifestation of the brutal circumstances driving him insane? The Wrong Stuff Independently Published

The Pan of Hamgee is not a natural knight
in shining armour. Yet he has escaped
from police custody in K'Barth, switched
realities and foiled Lord Vernon's attempt
to kidnap Ruth, the Chosen One, from the
Festival Hall. Pretty good, he thinks.
However, Ruth thinks otherwise. Being
pursued by Lord Vernon is bad enough.
Now, thanks to The Pan, she's on the run.
They are both alive, of course, but with
Lord Vernon on their tail neither of them
can be sure how long for. To save K'Barth
and Ruth, the woman of his dreams, The

Pan must introduce her to the Candidate,
who is prophesied to be the man of her
dreams. And he must do it fast - before
Lord Vernon finds her. But the gentleman
in question is in hiding and no-one knows
where. Only The Pan can find him, if he
can bring himself to unite them. Written in
British English with a dash of light
swearing. Suggested cinema rating PG. A
QUICK WORD WITH THE AUTHOR Q - So,
tell us about the K'Barth Series. What
made you write it? What makes it special?
A - As a reader, I have always loved British
satire and humor or humour. I love
comedic sci fi and fantasy and I love
funny; funny epic fantasy series like the
Discworld novels and comedic sci fi like
Douglas Adams totally floats my boat. But
I also like a gripping tale that zips along
quickly in the time honoured tradition of
unputdownable adventure. And of course,
I like genre fiction mashups; Douglas
Adams meets StarTrek and James Bond -
and a dash of romance (but no squelchy
bits). Therefore, my cunning gambit was
fantasy that was also science fiction and
would surprise even me. I wanted a fast
paced story and gripping tale but comedy
in the tradition of all the great funny
British authors. The K'Barth series does
have a deeper side. Sure on one level it's
a light piece of witty comedy fiction but on
another level it's about teamwork; team
action in science fiction - or fantasy. Our
heros and heroines work together across
the series to bring down the indomitable
forces of evil (bit of an untrendy epic
fantasy trope there but I like it). You won't
find standard mythic creatures in my sci fi
- I couldn't face the deluge of emails I'd
inevitably get from those who knew more
about them than I do, telling me I'd got
them wrong. However, you will find all
sorts of quirky characters and interesting
alien species. From six feet Swamp Things
with antennae to cute furry creatures like
the Blurpons, with their fluffy ears, big
button eyes and penchant for extreme
violence. The K'Barth population has
variety. Q - Should this series be read in
order? A - Yes. The character development
- and some of the technology - will make
the most sense if it is. That said, the short
series prequel can be read any time. The
books go in this order: - Unlucky Dip:
Prequel - Few Are Chosen, K'Barth
Series: Part 1 - The Wrong Stuff, K'Barth
Series: Part 2 - One Man: No Plan,
K'Barth Series: Part 3 - Looking For
Trouble, K'Barth Series: Part 4 Q - What
is your favourite kind of Book? Would The
K'Barth Series fit on the list? A - Oh yes.
I wrote it entirely for me. If anyone else
likes it, that's gravy. I love British humour,
especially satire and parody in sci fi and

fantasy: people like Pratchett and Adams.
There's so much texture and depth in their
books. I think if you're funny you can be
harder hitting and setting it all in a parallel
reality helps. Q - Do you have a target
reader? A - It's more a mind set and an
approach to life I'm reaching out to. Sure, I
wrote it with my (then) teenage nephew in
mind - but to give you an idea; the oldest
fan of the series I know of is in his 90s and
the youngest is 10. Q - Thanks for giving
our readers a look inside The K'Barth
Series. A - Thank you!

Sentience Wars tore the galaxy apart and
nearly ended the entire concept of
intelligent space-faring life. In the

everyone who was left and bring the
shattered worlds together in the spirit of

And if a new species should wish to be counted among the high and the mighty, if a new planet has produced some savage group of animals, machines, or algae that claim to be, against all odds, sentient? Well, then they will have to compete. And if they fail? Sudden extermination for their entire species. This year, though, humankind has discovered the enormous universe. And while they expected to discover a grand drama of diplomacy, gunships, wormholes, and stoic councils of aliens, they have instead found glitter, lipstick, and electric guitars. Mankind will not get to fight for its destiny—they must sing. Decibel Jones and the Absolute Zeroes have been chosen to represent their planet on the greatest stage in the galaxy. And the fate of Earth lies in their ability to rock.
