Two Lions

A novel about race, sex, class, and love—from an author at the beginning of a major career—Tomi Obaro's sparkling debut tells the story of three once-inseparable college friends in Nigeria who

reunite for the first time in thirty years at a lavish wedding in Lagos for one of their daughters. Funmi, Enitan, and Zainab first meet at university in Nigeria and become friends for life despite their differences. Funmi is beautiful, brash, and determined; Enitan is homely and eager, seeking escape from her single mother's smothering and needy love; Zainab is elegant and reserved, raised by her father's first two wives after her mother's death in childbirth. Their

friendship is complicated but enduring, and over the course of the novel, the reader learns about their loves and losses. How Funmi stole Zainab's boyfriend and became pregnant, only to have an abortion and lose the boyfriend to police violence. How Enitan was seduced by an American Peace Corps volunteer, the only one who ever really saw her, but is culturally so different from him—a Connecticut WASP—that raising their daughter together put them at odds. How Zainab

fell in love with her teacher, a friend of her father's, and ruptured her relationship with her father to have him. Now, some thirty years later, the three women are reunited for the first time, in Lagos. The occasion: Funmi's daughter, Destiny, is getting married. Enitan brings her American daughter, Remi. Zainab travels by bus, nervously leaving her ailing husband in the care of their son. Funmi, hosting the weekend of elaborate festivities with her wealthy husband,

wants everything to go perfectly. But as the big day approaches, it becomes clear that something is not right. As the novel builds powerfully toward the big event, the complexities of the mothers' friendship—and the private wisdom each has earned—come to bear on a riveting, heartrending moment of decision. *Dele* Weds Destiny is a sensational debut from a dazzling new voice in contemporary fiction. Acclaimed as a meticulous explorer of the psyche's most obscure alleyways, Elvira Navarro here gives us a novel of feminine friendship, potent sexuality, madness, and the vulnerability that makes us reveal our most shameful secrets. It begins as Elena transcribes the ravings of her roommate Susana, acting as part-therapist, part-confessor while this odd woman recounts the shocking tale of her gay dwarf boyfriend, the only person who will fulfill her singular sexual appetites.

But is she telling the truth? And what to make of Elena's strange account of her difficult relationship with Susana, one that blends her ambitions as a writer with her deep need for catharsis? And in one final surprise, *A Working Woman* concludes with a curious epilogue that makes us question everything we have just read. With her penchant for finding the freakish side of the everyday, and her precisely timed, mordant sentences, Navarro's most successful novel to-date masterfully

uncovers the insecurity lurking just beneath the surface of every stable life.

Especial DELE A2 curso completo klucz
 "This volume describes 20 years of work at Cambridge English to

develop multilingual assessment frameworks and presents useful guidance of good practice. It covers the development of the ALTE Framework and 'Can Do' project, work on the Common European Framework of Reference (CEFR) and the linking of the Cambridge English exam levels to it, Asset Languages - a major educational initiative for UK schools, and the European Survey on Language Competences, co-ordinated by Cambridge English for the European Commission. It

proposes a model for the validity of assessment within a multilingual framework and, while illustrating the constraints which determined the approach taken to each project, makes clear recommendations on methodological good practice. It also explores and looks forward to the further extension of assessment frameworks to encompass a model for multilingual education. Key features of the volume include: - a clear and comprehensive explanation of several

major multilingual projects - combination of theoretical insights and practical advice - discussion of the interpretation and use of the CEFR. Multilingual Frameworks is a rich source of information on key issues in the development and use of multilingual proficiency frameworks. As such, it will be a valuable reference work for academics, education policy-makers and examination board personnel. It is also a useful resource for

postgraduate students of language assessment and for practitioners, and any stakeholders seeking to gain a clearer picture of the issues involved with cross-language assessment frameworks"--

NATIONAL BESTSELLER • For anyone who wants to learn a foreign language, this is the method that will finally make the words stick. "A brilliant and thoroughly modern guide to learning new languages."—Gary Marcus, cognitive

psychologist and author of the New York Times bestseller *Guitar Zero* At thirty years old, Gabriel Wyner speaks six languages fluently. He didn't learn them in school—who does? Rather, he learned them in the past few years, working on his own and practicing on the subway, using simple techniques and free online resources—and here he wants to show others what he's discovered. Starting with pronunciation, you'll learn how to rewire your ears

and turn foreign sounds into familiar sounds. You'll retrain your tongue to produce those sounds accurately, using tricks from opera singers and actors. Next, you'll begin to tackle words, and connect sounds and spellings to imagery rather than translations, which will enable you to think in a foreign language. And with the help of sophisticated spaced-repetition techniques, you'll be able to memorize hundreds of words a month in minutes every day. This is brain

hacking at its most exciting, taking what we know about neuroscience and linguistics and using it to create the most efficient and enjoyable way to learn a foreign language in the spare minutes of your day.

 El presente trabajo expone los resultados de un análisis empírico cualitativo sobre la cultura como un constructo discursivo en el contexto del aprendizaje y la

enseñanza de español como lengua extranjera (ELE). Tras una discusión de los presupuestos teóricos y de numerosos documentos normativos que sitúan la cultura hispanohablante en el contexto de una lengua pluricéntrica, analiza la construcción de la cultura en un corpus diacrónico de manuales. Por otro lado, ingresa en las mentes de futuros enseñantes de ELE para iluminar su concepción del lugar de la cultura en relación con el español, de la interculturalidad, y

de sus criterios para seleccionar temas o áreas de la cultura para la tarea docente. El estudio concluye con una cartografía del discurso que delimita el aprendizaje y la enseñanza de ELE en el contexto analizado y señala puntos para la acción de la formación docente, así como desafíos para la investigación.
