A fascinating meditation on human cloning, personal identity and the conflicting claims of nature and nurture. Bernard thought he was an only child. One day he learns the shocking truth: he is just one of a number of clones. Together, he and his father confront epic questions of identity, intimacy and belonging. A Number pushes the boundaries of science and ethics with an astonishing twist on the dynamics of the father/son relationship. It was originally produced at the Royal Court Theatre, London, winning the Evening Standard Award for Best Play. This edition was published alongside a revival by the

Nuffield Theatre, Southampton, which subsequently transferred to the Young Vic, London, in 2015, and featured real-life father and son John and Lex Shrapnel.

Ideas of separation and divorce the geographical divides of borders, the separation of the dead and the living, the movement from childhood to adulthood, and the end of relationships drive this poetry collection from one of

Great Britain's rising young talents. The collection revolves around the poems "Y Gaer" and "The Hillfort," the titles themselves suggesting the linguistic divide in Wales, from poems concerned with childhood, a Welsh landscape, and family to an outward-looking vision that is both geographic and historic. A runaway train is racing toward five

men who are tied to the track. Unless the train is stopped, it will inevitably kill all five men. You are standing on a footbridge looking down on the unfolding disaster. However, a fat man, a stranger, is standing next to you: if you push him off the bridge, he will topple onto the line and, although he will die, his chunky body will stop the train, saving five lives. Would you kill the fat man? The question may seem bizarre. But it's one variation of a puzzle that has baffled moral philosophers for almost half a century and that more recently has come to preoccupy neuroscientists, psychologists, and other thinkers as well. In this book, David Edmonds, coauthor of the best-selling Wittgenstein's Poker, tells the riveting story of why and how philosophers have struggled with this

ethical dilemma, sometimes called the trolley problem. In the process, he provides an entertaining and informative tour through the history of moral philosophy. Most people feel it's wrong to kill the fat man. But why? After all, in taking one life you could save five. As Edmonds shows, answering the question is far more complex--and important--than it first appears. In fact, how we answer it tells us a great deal about right and wrong.

Churchill Princeton University Press
From Michael Dobbs, author of the book that inspired the smash hit Netflix series House of Cards, Churchill's Triumph transports us to the end of WWII as the three most powerful men on earth-

Winston Churchill, Franklin D. Roosevelt, and Joseph Stalin-gather in what will later become known as the Yalta Conference to discuss the possibility of worldwide peace. Despite their shared goals, these supposed allies will lie, cheat, and deceive each other in order to secure their respective places in history. Dobbs takes you behind the scenes and brings you into the minds and hearts of the big three leaders: the dominating and seemingly all-powerful Joseph Stalin, with the largest army, and the mission of expanding the Soviet Empire; an ailing and fragile Roosevelt, willing to make whatever compromises he felt he had to in order to bring Stalin and Russia into the final campaign against Japan; and Churchill, the least powerful of the three, but the most far-

sighted, who could not count on Roosevelt as his ally, and could not tame the avaricious Russian bear, determined to gobble up the nations around and beyond it. Like a fly on the wall of history, the reader becomes a hidden witness to these monumental negotiations, witnessing negotiations that would betray the heroic struggle of millions who died and fought in the Great War. Acclaimed author Michael Dobbs allows the reader to eavesdrop on the world's most powerful men at a crucial point in modern history. Praise for Churchill's Triumph by Michael Dobbs, bestselling author of House of Cards, the book that inspired the Netflix series starring Kevin Spacey: "His portrait of Churchill is as masterly as ever: a wonderful compound of bluster,

sentimentality, grumpiness and indefatigable physical energy. There are the usual elegant metaphors... In the tragedy of Poland burning while statesmen fiddled, Dobbs has found a theme worthy of his powers."-Sunday Telegraph "How do you delight the profit-maximising big retailers while at the same time writing something dark and moving? Michael Dobbs knows how...Dobbs knows his sources, but the dialogue is his own: good, clean, moving briskly and underpinned by the record, it conveys historical truth. As for Poland, it suffered all the horrors. Dobbs writes about the country with tight passion, transferring to his fictional village, Piorun, the rape, murder and savage enforcement by Germans and Russians which, so far away and so little regarded,

actually happened. The old women weeping, the houses burned down, the bodies left promiscuously on the street are history set out for the attention of novel-readers, memorable instruction in human grief... Furiously told and compelling, Churchill's Triumph is a thinking man's bestseller."-The Guardian "Dobbs astutely and dramatically portrays the real story of Yalta, the mighty tussle between the three men upon whose political skills and strength of character the rest of the world would depend... The novel is a triumph because of the author's fine appreciation of history and his meticulous eye for detail."-The Times "Michael Dobbs brings the Second World War to a resounding close... Dobbs portrays Churchill as being all too human - oversensitive and

easily hurt by friendship betrayed, and conjures up Roosevelt's stricken response beautifully... Dobbs is a fine writer and neatly sums up the appeal of historical novels. Not only can they fill in the gaps left by an inaccurate, incomplete or contradictory factual record, but they can capture the spirit of the thing. Dobbs has certainly done that here."-Daily Telegraph "It's all too easy to forget that you're not reading an insider's account of the real events that shaped the modern world. Dobbs clearly has an instinctive feel for what makes powerful men tick."-The Mail on Sunday

 Winston Spencer Churchill: Alone, 1932-1940 is the second volume of the outstanding three volume *The Last Lion*,

the ultimate Churchill biography from the award-winning historian, William Manchester. In this triumphant biography, William Manchester, contends that Churchill's lonely battle against appeasement, even more than his leadership in war, was the Last Lion's finest hour. Politically isolated in Parliament, sometimes jeered at and scorned when he warned of the growing Nazi threat, Churchill stood alone, a beacon of hope amid the gathering storm.
