"Seeing the big picture" is vital to making the right strategic decisions. Being able to "join the dots" and understand how your assets interact in order to get more out of them is key for operational decision-makers. OBASHI allows you to do both. You can create a dynamic map of how your organisation works, then identify and value how data flows between your assets. OBASHI will make things clearer and help you make better decisions because it's been designed, specifically, to help people improve how their organisations perform. Whether your challenge is reducing costs, driving competitive advantage, or both, then you need to think OBASHI.

The Model Rules of Professional Conduct provides an up-to-date resource for information on legal ethics. Federal, state and local courts in all jurisdictions look to the Rules for guidance in solving lawyer malpractice cases, disciplinary actions, disqualification issues, sanctions questions and much more. In this volume, black-letter Rules of Professional Conduct are followed by numbered Comments that explain each Rule's purpose and provide suggestions for its practical application. The Rules will help you identify proper conduct in a variety of given situations, review those instances where discretionary action is possible, and define the nature of the relationship between you and your clients, colleagues and the courts.
