Most people associate visions, and dream as wired and superstitious

thing but from the biblical perspective and from my personal experience over a period of an effective time in the ministry, I believe that this supernatural spiritual phenomenon are still authentic now as it was then. Those who believe that life is just about the natural realm where we now live are deceived and need someone to bring them to the dimension of spirituality. In this book I will prove to you how God used visions, revelations and dream to make his word real to me and for me. I believe that some of you who are reading some of these account of what God did in my life have also had your own share of experiences with God. It is important for those who want to grow

spiritually to know that God does use Visions, dreams, and revelation as one of his ways of teaching us about who he is and about his words. In other words, no one is that a born again Holy Spirit Christian that will not have an account of a time that God taught them spiritual things through a dream, vision or revelation. If Paul was taught by God through visions, and revelations then the same God who taught him by those means will do the same today. Some may argue that we don't need to get vision, revelations and dreams anymore because we have the written word; but they forget to understand that the bible never said that God was never going to teach us or show us

things by visions or revelations or dreams but rather whatever he teaches us by those means ill line up with his word or else it may lead to deception. It is important that I warn people however, that those who walk with God do not go about conjuring for visions, revelations and dreams; this things happens only by the doing of the Holy Spirit if it is really of God. Those who go about telling people to pay them so that they will get revelations, dreams, and visions are out of the will of God; people that operate like that are likely false prophets and those who follow such may end in end up not in the gospel but in spiritism instead of true spirituality. Since Christianity is not

a cult it is important that visions, revelations, and even dream be from God and not of human making. If those who are believers trust God he will know when it may be necessary to communicate to them by these means. Jesus said that when the Holy Spirit comes he will show us things to come; how is he going to show us things to come without doing so by revelation. Paul the Apostle praying for the Church of Ephesus prayed that God will grant them the spirit of revelation in the knowledge of him. There are two ways to learn from God one is through information from the word and the second is from revelation of his spirit. It is important to know that Christianity is not

all about information only it is also about revelations. The word "Apocalyptic" means the hidden knowledge. How are Christians going to deal with apocalyptic events if they have no clue that every knowledge about God and the universe is not all written in the bible; the bible gives us a guideline to coming to the knowledge of those things and the Holy Spirit reveals them when it is necessary in God's timing. I often ponder when I read the last chapter of the gospel of John. It states: "Jesus did many other things as well. If every one of them were written down, I suppose that even the whole world would not have room for the books that would be written" [John 21:25

NIV]. There are no book in the world or library that can contain all the information about God however, God teaches us about these things through vision, dreams and revelations. We now live in a world that believe and only trust in television but the apostles did not have television yet they were able to transact the business of the kingdom of God through heavenly visions. I submit to you that vision is for us today and those who truly walk with God are going to be shown things to come by the Holy Spirit as promised by God.

In our modern culture, we have everything from ATV's to MTV. God will never be

outdone by modern technology. He has always had His DTV's: dreams, trances and visions which He uses to communicate His direction and deliverance for our lives. In this book, Dr. Derber explores the Biblical basis for each of these and explains their purpose, function and operation. We don't pursue them merely to experience them, but to better understand God's means of communication. Although God's eternal Word is more than enough for our lives, our supernatural God still chooses at times to speak to some of us in Dreams, Trances, and Visions.
