The Ministry of the Word Baker Books
This is a classic that has stood the test of time. For forty-five years, seminary students and pastors have benefited from the principles found in this book. Two of Koller's popular texts, *Expository Preaching without Notes* and *Sermons Preached without Notes*, are combined in a single volume that allows preachers to prepare and deliver sermons without being tied to a manuscript or even outlines or notes. Among the eighteen topics discussed are the biblical conception of preaching, the advantages of preaching without notes, homiletical devices, the importance of structure, and the systematic filing of materials. Now repackaged for the next generation

of preachers, with a foreword by current Northern Seminary preaching professor Michael J. Quicke, *How to Preach without Notes* is poised to continue its history of strong and steady sales.

Harry Stout's groundbreaking study of preaching in colonial New England changed the field when it first appeared in 1986. Here, twenty-five years later, is a reissue of Stout's book: a reconstruction of the full import of the colonial sermon as a multi-faceted institution that served both religious and political purposes and explained history and society to the New England Puritans for one and a half centuries.

If I Had Only One Sermon to Prepare

Why do we worship as we do? What are the forgotten practices once central to many early Nazarene congregations? Because historical events and other factors have shaped and molded the various worship patterns found in local congregations, the way in which contemporary Nazarenes worship is no accident. Like other descendants of the American holiness movement, Nazarene worship is influenced by events predating our denominational forebears. This text explores the history behind current worship trends for a crucial reason: the very act of worship shapes and forms worshipers. Beliefs and attitudes are forged not merely by what is heard from the pulpit, but also by

what is done bodily in the pew. Ellis examines the liturgical concerns and practice of John Wesley as well as those of early Nazarene pioneers in an attempt to address these issues. In so doing, the book provides a historical resource for denominational leaders, pastors, and congregations. At the same time, it aims to help congregations both to appreciate our rich ecclesial history and to critically evaluate current worship practices in order that they may truly be transformational.

The Papers of Martin Luther King, Jr., Volume VI Abingdon Press

There's a seemingly innocuous villain that is taking up residence in the pulpits of countless churches, disrupting the connection between the pastor and the people and keeping the proclamation of God's word from having its full effect. That villain is the preacher's notes. Preachers know this all too well. Many wish that they could "preach by heart" without the aid of notes, but are unsure how to do so--and are left feeling frustrated and discouraged by the presence of that disruptive interloper. Author Ryan Tinetti shares an unexpected solution in the form of an ancient and time-tested practice known as the method of loci, or Memory Palace. Surveying portions of classical rhetoric that are especially relevant for contemporary preachers and diving deep into the theory and practice of the Memory Palace, *Preaching by Heart* plunders these ancient treasures that have been so formative for preachers through the ages but too oft neglected in our own time. When pastors preach by heart, they find greater satisfaction in the homiletic task and their proclamation is even more effective. *Preaching by Heart* shows how to pitch the notes and reach that goal.

The Rhetoric of the Pulpit treats the sermon as the single most important factor in evangelism for a parish, and also the most important factor in the spiritual growth of both the congregation and the pastor. With emphasis on the Word as the foundation, the author adds music and liturgy to the sermon's structure to build a unified worship experience. Recognizing that the Word is truth, but that the truth needs to be made to seem true, the book offers sound, practical advice on sermon preparation based on both classical and contemporary communication theory. Sermon preparation is viewed as a process that begins with downloading the Word, followed by productive meditation. The process then moves through the rhetorical steps, from a search for content to the sermon's delivery. Throughout the book, the rhetorical principles are treated as a subordinate element to the Word, a means of giving effectiveness to the truth. The Rhetoric of the Pulpit aims to reflect the spirit of Aristotle, St. Augustine, St. Paul, and Kenneth Burke.

A man who’s been transformed by Christ and desires to preach the gospel might say he feels called to be a pastor. This personal conviction, while heartfelt, doesn’t acknowledge important, challenging steps necessary to be a qualified leader. So where should full-time ministry begin? In *The Path to Being a Pastor*, Bobby Jamieson explains why it’s better to emphasize “aspiration” over “calling” as men pursue the office of elder and encourages readers to make sure they are pastorally gifted before considering the role. He shares from his own eleven-year experience preparing to be a pastor by walking potential leaders through different stages of ministry training, from practical steps—such as cultivating godly ambition and leadership, observing healthy churches, and mastering Scripture—to personal advice on building a strong family and succeeding in seminary. Emphasizing the importance of prayer, godly counsel,

and immersion in the local church, Jamieson encourages men to ask Am I qualified? instead of Am I called? when considering a life in ministry.

Thirty-Minute Sermons Vincent Cheung "The Bible is what God has made. Sermons are what we make with what God has made." This is the foundation for developing expository messages, according to Ramesh Richard. His method, explained in *Preparing Expository Sermons*, has been field-tested in training seminars for thousands of preachers around the world. Richard's book is a simple do-it-yourself resource for developing and preaching expository sermons. It guides the reader through a seven-step process, with many practical suggestions and illustrative charts along the way. In addition, there are eleven appendixes that include information on:

- o how to choose a text o preaching narratives o understanding your

A comprehensive sermon evaluation questionnaire is included as well.

Preparing Expository Sermons, an updated and expanded version of *Scripture Sculpture*, is ideal for beginning preachers, lay preachers without formal training, or any pastor who is looking for a refresher course in expository sermon preparation.
