Windows XP is the most popular operating system on the planet--and the most annoying. From incomprehensible error messages to inexplicable crashes, from wonky wireless setups to just finding a file, Windows can make your computing life a nightmare. But thanks to Fixing Windows XP Annoyances, you can banish the bugs, speed up operations, and just make Windows work right.

Inspired by author David Karp's Windows XP Annoyances for Geeks, this all-new tome pulls together tips, tricks, insider workarounds, and fixes for PC novices and pros, in a handy, accessible Q&A format that lets you find the solutions in a flash. Fixing Windows XP Annoyances will not only increase your productivity but lower

your blood pressure.

Karp's new book covers:

Setup and Hardware-Update Windows, reinstall Windows safely, speed up start up, resolve driver-hardware conflicts, and more. Windows Interface-Navigate quickly, fix screen resolution problems, customize the desktop, and switch applications more quickly. Windows Explorer-Force XP's file & folder management application to remember your view settings, save your default application choices, and get XP's Search tool to behave. Multimedia-Having a problem playing a video or burning a CD? Want to do more with your digital photo collection? We have the answers. Web and Email-Get a handle on spyware, spam and pop-ups; protect your privacy online; learn how to improve your online experience. Wireless and

Home Networking- Connect all your PCs; share Internet connections; share files and drives securely; make your wireless network purr; share network printers; and more. If you're having a problem, just look through the Table of Contents for the annoyance that most closely matches your problem, or feel free to start thumbing through the pages. You'll likely find a fix to a problem you didn't even know could be solved.

Adobe Press Millions of people seek ways to relax, promote healing, or connect with their soul. Reiki (pronounced ray-key) is a simple but profound healing system that was originally developed in Japan. Reiki means "spiritual energy" or "universal life-force energy." The Reiki system is universal because it can be used by people of any background or religion. Reiki For Dummies explains how you can harness this energy for yourself. Reiki For Dummies is a plain-English Reiki guidebook. Discover what Reiki is, where it came from, and

how to: Find and get the most from a Reiki treatment Use Reiki to boost your physical and emotional health Locate a Reiki class and become a Reiki practitioner Reiki For Dummies is amply illustrated and full of useful information on: Reiki symbols (plus nontraditional symbols) Reiki hand positions (for giving Reiki to yourself or others) Reiki for pets and animals Reiki for children and adults Reiki and surgery or medicines Reiki at birth or end-of-life Reiki in the house, in the car, or at work When you're ready to go further, Reiki For Dummies covers: Western and Japanese Reiki techniques; crystals, long distance Reiki, and setting up a successful Reiki practice. Reiki For Dummies is for you whether you are just finding out about Reiki or you are a seasoned professional who is looking for a clearly written, up-to-date, inclusive, and comprehensive source of Reiki information. Nina Paul, PhD (New York, NY), is a Reiki Master who uses Reiki to help herself and others. She has a doctorate in immunology and epidemiology and she believes in a holistic approach to health and

wellness . Nina is also the author of the compassionate guide: Living with Hepatitis C For Dummies (0-7645-7620-8).

Whether you're launching a new business or working to strengthen or expand an established one, a business plan is your road map to success Would you take off on a road trip to a new destination without a map or good directions? Probably not. Yet sometimes business owners go full speed ahead without objectives, a mission, or even a destination in mind, much less a map showing them how to get there. That's why so many businesses have difficulty making it -- and unfortunately, several don't -- in today's competitive marketplace. *Business Plans For Dummies* helps you start a new business with clear goals and a path forward to reach those goals. If you already have a

business, this no-nonsense and comprehensive guide can help you realistically determine where your business is and where you want to take it. You'll learn to: Create a detailed business plan Put that plan into action (instead of in a drawer) Use the plan to secure financing Prepare for opportunities Avoid common pitfalls In short, *Business Plans For Dummies* helps you create a map to help you take your business where you want it to go. You'll discover how to: Identify and approach potential financial backers, including venture capital firms, angels, bankers, and others Clarify and crystallize your company's mission, vision, and values Analyze your industry and your competition Identify your customers, including their needs, habits, purchase triggers, and decision-making processes Objectively analyze your company's strengths and weaknesses Analyze your financial situation to create realistic forecasts and budgets Recognize trends and anticipate changes, both in the overall economy and in your industry Plan for growth, based on new markets, your product's

life cycle, or the creation of new products Structure your organization Nurture leadership Complete with diverse techniques and approaches plus a sample business plan, *Business Plans For Dummies* gives you detailed how-to for designing a dynamic business plan that will help you navigate the inevitable curves and detours in today's marketplace and keep you on course. If you're a business owner or entrepreneur -- or you want to be one -- this friendly and accessible guide is a must-have resource.
