The Dyslexic Advantage Convergent Books

Introducing a remarkable new self-study guide for the law school admission test... The LSAT Trainer. Your LSAT score is the most important part of the law school admissions process. It is far more important than your essays, your recommendations, your GPA, where you went to college, or where you come from. A top LSAT score can open doors for you that would be virtually impossible to open otherwise. Most people are capable of drastically improving their scores with the right preparation. Most people score about the same on the actual exam as they do on their first diagnostic. The LSAT Trainer is the most advanced and effective LSAT learning system ever developed. No other book has ever explained the LSAT with as much depth and clarity, or presented strategies that are as simple, intuitive, and effective.

But that's not what makes The LSAT Trainer truly special... Other books are designed to help you understand The LSAT. And that's what we expect our academic books to do. But the LSAT is not a test of what you know. Arguably, a super-smart eighth grader with no advanced training but great reading skills and common sense can get a perfect score on the exam. The LSAT is a test of how you think. The LSAT Trainer is a workbook--it is specifically designed to help you get better and better at thinking through and solving LSAT questions. Lessons and strategies are carefully combined with pinpointed drills and hundreds of real LSAT problems to help you transform what you read about into what you can do. Other books can help you understand the LSAT. The LSAT Trainer will help you get better at it. [Test Preparation & Training Manual for the Commercial Drivers License \(CDL\) Exam](#) Test Prep Books

"This book is a message from autistic

people to their parents, friends, teachers, coworkers and doctors showing what life is like on the spectrum. It's also my love letter to autistic people. For too long, we have been forced to navigate a world where all the road signs are written in another language." With a reporter's eye and an insider's perspective, Eric Garcia shows what it's like to be autistic across America. Garcia began writing about autism because he was frustrated by the media's coverage of it; the myths that the disorder is caused by vaccines, the narrow portrayals of autistic people as white men working in Silicon Valley. His own life as an autistic person didn't look anything like that. He is Latino, a graduate of the University of North Carolina, and works as a journalist covering politics in Washington D.C. Garcia realized he needed to put into writing what so many autistic people have been saying for years; autism is a part of their identity, they don't need to be fixed. In *We're Not Broken*, Garcia uses his own life as a springboard to discuss the social and policy gaps that exist in supporting those on the spectrum. From education to healthcare, he explores how autistic people wrestle with systems that were not built with them in mind. At the same time, he shares the experiences of all types of autistic people, from those with higher support needs, to autistic people of color, to those in the LGBTQ community. In doing so, Garcia gives his community a platform to articulate their own needs, rather than having others speak for them, which has been the standard for far too long.

Georgiana Burton Pittock was a remarkable woman whose good deeds are legendary. Charitable organizations she founded, to ease the life of Oregon pioneers, still exist today, more than one hundred years later. But her other contribution may be even more widely appreciated. Without doubt, she's The "Queen of Portland's Roses." Georgiana gave Portland its city identity-without her, there would be no City of Roses, no Rose Festival and no citywide fascination with anything "rose." She introduced in Oregon the idea of rose competitions and even held rose "festivals" right in her own yard. Georgiana Pittock was a true pioneer, having crossed the Oregon Trail as a child. In Portland, she met and later married Henry Pittock, owner of "The Oregonian newspaper." They raised a family and built their dream home high on a hill overlooking downtown Portland. Now known as Pittock Mansion, it's Oregon's beloved house museum and a star locale for Hollywood movies.

Professional Publications Incorporated "Thrilling, tender, utterly absorbing . . . Every chapter shimmered with truth. It's an unforgettable debut." --Cheryl Strayed From travel writer Jedidiah Jenkins comes a long-awaited memoir of adventure, struggle, and lessons learned while bicycling the 14,000 miles from Oregon to Patagonia. On the eve of turning thirty, terrified of being funneled into a life he didn't choose, Jedidiah Jenkins quit his dream job and spent the next sixteen months cycling from Oregon to Patagonia. He chronicled the trip on Instagram, where his photos and profound reflections on life soon attracted hundreds of thousands of followers and got him featured by National Geographic and The Paris Review. In this unflinchingly honest memoir, Jed narrates the adventure that started it all: the people and places he encountered on his way to the bottom of the world, and the internal journey that prompted it. As he traverses cities, mountains, and inner boundaries, Jenkins grapples with the questions of what it means to be an adult, his struggle to reconcile his sexual identity with his conservative Christian upbringing, and his belief in travel as a

way to "wake us up" to life back home. A soul-stirring read for the wanderer in each of us, *To Shake the Sleeping Self* is an unforgettable reflection on adventure, identity, and a life lived without regret.

Changing the Autism Conversation

"A must read for parents, educators, and people with dyslexia." -Gordon F. Sherman, Ph.D., Past-President International Dyslexia Association Did you know that many successful architects, lawyers, engineers—even bestselling novelists—had difficulties learning to read and write as children? In this groundbreaking book, Brock and Fernette Eide explain how 20% of people—individuals with dyslexia—share a unique learning style that can create advantages in a classroom, at a job, or at home. Using their combined expertise in neurology and education, the authors show how these individuals not only

perceive the written word differently but may also excel at spatial reasoning, see insightful connections that others simply miss, understand the world in stories, and display amazing creativity. Blending personal stories with hard science, *The Dyslexic Advantage* provides invaluable advice on how parents, educators, and individuals with dyslexia can recognize and use the strengths of the dyslexic learning style in: material reasoning (used by architects and engineers); interconnected reasoning (scientists and designers), narrative reasoning (novelists and lawyers); and dynamic reasoning (economists and entrepreneurs.) With prescriptive advice and inspiring testimonials, this paradigm-shifting book proves that dyslexia doesn't have to be a detriment, but can often become an asset for success.
