DARIO RAMOS

All the Ever Afters Simon and Schuster

In the vein of *Wicked*, *The Woodcutter*, and *Boy, Snow, Bird*, a luminous reimagining of a classic tale, told from the perspective of Agnes, Cinderella's "evil" stepmother. We all know the story of Cinderella. Or do we? As rumors about the cruel upbringing of beautiful newlywed Princess Cinderella roil the kingdom, her stepmother, Agnes, who knows all too well about hardship, privately records the true story. . . . A peasant born into serfdom, Agnes is separated from her family and forced into servitude as a laundress's apprentice when she is only ten years old. Using her wits and ingenuity, she escapes her tyrannical matron and makes her way toward a hopeful future. When teenaged Agnes is seduced by an older man and becomes pregnant, she is transformed by love for her child. Once again left penniless,

Agnes has no choice but to return to servitude at the manor she thought she had left behind. Her new position is nursemaid to Ella, an otherworldly infant. She struggles to love the child who in time becomes her stepdaughter and, eventually, the celebrated princess who embodies everyone's unattainable fantasies. The story of their relationship reveals that nothing is what it seems, that beauty is not always desirable, and that love can take on many guises. Lyrically told, emotionally evocative, and brilliantly perceptive, *All the Ever Afters* explores the hidden complexities that lie beneath classic tales of good and evil, all the while showing us that how we confront adversity reveals a more profound, and ultimately more important, truth than the ideal of "happily ever after."

The Soft Atlas of Amsterdam Grand Central Publishing

A #1 international bestseller in the vein of Fredrik Bachman's *A Man Called Ove*: an irresistible, funny, charming, and tender-hearted tale about friendship, love, and an old man who is young at heart. "FUNNY AND FRANK...A STORY WITH A GREAT DEAL OF

HEART."--Graeme Simsion, New York Times bestselling author of *THE ROSIE PROJECT* Technically speaking, Hendrik Groen is....elderly. But at age 83 1/4, this feisty, indomitable curmudgeon has no plans to go out quietly. Bored of weak tea and potted geraniums, exasperated by the indignities of aging, Hendrik has decided to rebel--on his own terms. He begins writing an exposé: secretly recording the antics of day-to-day life in his retirement home, where he refuses to take himself, or his fellow "inmates," too seriously. With an eccentric group of friends he founds the wickedly anarchic Old-But-Not-Dead Club--"Rule #3: No Whining Allowed"--and he and his best friend, Evert, gleefully stir up trouble, enraging the home's humorless director and turning themselves into unlikely heroes. And when a sweet and sassy widow moves in next door, he polishes his shoes, grooms what's left of his hair, and determines to savor every ounce of joy in the time he has left, with hilarious and tender consequences. A bestselling phenomenon that has captured imaginations around the world, *The Secret Diary of Hendrik Groen* is inspiring, charming, and laugh-out-loud funny with a deep and poignant core: a page-turning delight for readers of any age.

The Art of the Muppets Archipelago

The author shows how stupidity manifests itself in all areas, in everyone, at all times: stupidity is the foundation of our civilization. He posits that stupidity is a condition for intelligence, that blunders stimulate progress and that failure is the basis for success.

I Have Lost My Way Ballantine Books

*

Syntax of Dutch MIRA

A novel about goodness and compassion, the book finds the perfect balance between sensitivity and humor, hopefulness and criticism, cheer and despair.

An indispensable guide to welcoming children—from babies to teens—to a lifelong love of reading, written by Pamela Paul and Maria Russo, editors of *The New York Times Book Review*. Do you remember your first visit to where the wild things are? How about curling up for hours on end to discover the secret of the Sorcerer's Stone? Combining clear, practical advice with inspiration, wisdom, tips, and curated reading lists, *How to Raise a Reader* shows you how to instill the joy and time-stopping pleasure of reading. Divided into four sections, from baby through teen, and each illustrated by a different artist, this book offers something useful on every page, whether it's how to develop rituals around reading or build a family library, or ways to engage a reluctant reader. A fifth section, "More Books to Love: By Theme and Reading Level," is chockful of expert recommendations. Throughout, the authors debunk common myths, assuage parental fears, and deliver invaluable lessons in a positive and easy-to-act-on way.

The XML Companion Liveright Publishing

How reading the Bible as a work of cultural and scientific evolution can reveal new truths about how our species conquered the Earth The Bible is the bestselling book of all time. It has been venerated -- or excoriated -- as God's word, but so far no one has read the Bible for what it is: humanity's diary, chronicling our ancestors' valiant attempts to cope with the trials and tribulations of life on Earth. In *The Good Book of Human Nature*, evolutionary

anthropologist Carel van Schaik and historian Kai Michel advance a new view of Homo sapiens' cultural evolution. The Bible, they argue, was written to make sense of the single greatest change in history: the transition from egalitarian hunter-gatherer to agricultural societies. Religion arose as a strategy to cope with the unprecedented levels of epidemic disease, violence, inequality, and injustice that confronted us when we abandoned the bush -- and which still confront us today. Armed with the latest findings from cognitive science, evolutionary biology, archeology, and religious history, van Schaik and Michel take us on a journey through the Book of Books, from the Garden of Eden all the way to Golgotha. The Book of Genesis, they reveal, marked the emergence of private property-one can no longer take the fruit off any tree, as one could before agriculture. The Torah as a whole is the product of a surprisingly logical, even scientific, approach to society's problems. This groundbreaking perspective allows van Schaik and Michel to coax unexpected secrets from the familiar stories of Adam and Eve, Cain and Able, Abraham and Moses, Jesus of Nazareth and Mary. The Bible may have a dark side, but in van Schaik and Michel's hands, it proves to be a hallmark of human indefatigability. Provocative and deeply original, *The Good Book of Human Nature* offers a radically new understanding of the Bible. It shows that the Bible is more than just a pillar for religious belief: it is a pioneering attempt at scientific inquiry.

The Good Book of Human Nature Ubiquity Press

Professionele identiteit is een belangrijk begrip voor leraren. Dit boek helpt de (aanstaande) leraar in zijn zoektocht naar zijn professionele identiteit. Hij start met zijn eigen belangwekkende

ervaringen in de klas, leert daar op samenhangende wijze over te vertellen en vervolgens over die ervaringen na te denken, er commentaar op te leveren en tenslotte verslag uit te brengen van zijn zoektocht. Vertellen, ontwerpen, plannen en structureren blijken essentiële denkactiviteiten in de ontwikkeling van de professionele identiteit. Die identiteit manifesteert zich in de verhalen en heet daarom narratieve professionele identiteit. Het boek bevat een groot aantal voorbeelden en citaten uit reële verhalen en verslagen van (aanstaande) leraren. In eerste instantie is het boek bestemd voor studenten van pabo's, maar het kan ook van dienst zijn bij andere lerarenopleidingen, nascholingscursussen of masteropleidingen, in Nederland en in Vlaanderen. Leraren kunnen nooit ophouden met na te denken over hun professionele identiteit, de identiteit die ze delen met heel veel andere leraren. Tegelijkertijd is iedere leraar uniek. Zijn persoonlijke identiteit kleurt zijn professionele identiteit. Iedere leraar is een leraar als elke andere, maar elke leraar is ook een leraar als geen ander!

Monte Carlo SUNY Press

This work covers all the features of XML, and sets them within an applied setting. In addition to the specifications of XML, readers will learn how to create powerful Web applications and see the actual workings of XML.

The Secret Diary of Hendrik Groen Maklu

Untangling the various approaches to language teaching and their history, Gerdi Quist maps recent thinking in language studies at university. Using an interdisciplinary theoretical framework, drawn from educational philosophy, cultural studies, intercultural studies and language pedagogy, the author

discusses the many tensions and currents in contemporary language teaching. The author puts forward an alternative pedagogy, that of a cultuurtekstperspective, which engages learners at complex linguistic and cultural levels. In discussing the case study in which this approach is tested, the author develops her argument for embracing various critical perspectives through the personal engagement of students. From the start the author acknowledges her own engaged position as a language teacher in a liberal humanistic educational environment. She adopts a self-critical perspective through which her engagement with adverse student reaction leads to deepening insights both for the author and her students as part of the non-linear process of learning. 'This book should be obligatory reading for all new lecturers in foreign languages at university. It is extremely thought-provoking and will help them make sense of the world in which they find themselves.' Jane Fenoulhet (Professor in Dutch Studies and co-editor of *Mobility and Localisation in Language Learning*)

Tom Gates is Absolutely Fantastic (at some things) Simon and Schuster

What happens when my brother's rival becomes my secret crush? Noah Slade is a Formula 1 legend in the making. Focused. Unapproachable. Ruthless on and off the track. A man with walls higher than the Grand Canyon. And my brother's new teammate. I want more of the prince who disguises himself as the villain. But while I crave a happy ending, he wants to destroy his. Maya Alatorre is a forbidden temptation. An ambitious post-grad I should stay far away from. And chaos wrapped with a bow. We're a ticking time bomb, about one wrong move away from

exploding. I want to trip the wire, detonating together in passion and pain. Because in the end, all's fair in lust and war. Throttled is a steamy standalone romance in the Dirty Air world.

You and Me, Always Basic Books

Who is Conrad Hirst? Knowing the answer could get you killed. Not knowing could get him killed. Conrad Hirst is a hired killer working for a German crime boss. Disturbed by the death of his girlfriend ten years earlier and still bearing the scars of post-traumatic stress after serving as a mercenary, he's valued precisely because of how broken he is, by how coldly he kills, by the solitary existence he leads. But something has happened on Conrad's most recent job that's shattered his equilibrium and left him determined to quit. Fortunately for him, there's a simple way to leave the business and begin life anew: Only four people know who he is and what he's done -- kill those four people, and Conrad is a free man. A simple plan, but life is never that simple, and as Conrad's scheme unravels, he quickly realizes he isn't the only one doing the killing. With the certainties of his life crumbling around him, he's no longer sure whom he's been working for, or why, or what they want of him now. In fact, he can't even answer the ever-looming and ominous question: Who is Conrad Hirst? Fast-paced, dark, and disturbing, Kevin Wignall's newest page-turner is the story of a broken young man seeking retribution against those who have used him for their own gain, and of the devastating secret that fuels his anger. It is a story of identity and loss, of missed opportunities and the cruelty of fate.

The Big Stick Seal Press

Who speaks for science in a technologically dominated society? In his latest work of cultural criticism Andrew Ross contends that

this question yields no simple or easy answer. In our present technoculture a wide variety of people, both inside and outside the scientific community, have become increasingly vocal in exercising their right to speak about, on behalf of, and often against, science and technology. Arguing that science can only ever be understood as a social artifact, *Strange Weather* is a manifesto which calls on cultural critics to abandon their technophobia and contribute to the debates which shape our future. Each chapter focuses on an idea, a practice or community that has established an influential presence in our culture: New Age, computer hacking, cyberpunk, futurology, and global warming. In a book brimming over with intelligence—both human and electronic—Ross examines the state of scientific countercultures in an age when the development of advanced information technologies coexists uneasily with ecological warnings about the perils of unchecked growth. Intended as a contribution to a “green” cultural criticism, *Strange Weather* is a provocative investigation of the ways in which science is shaping the popular imagination of today, and delimiting the possibilities of tomorrow.

The Reign of Speech Cambridge University Press

Alma Nel leaves her home on the edge of the Kalahari to retrieve the body of her gay son in Amsterdam. Driven by guilt and grief, she resolves to reconstruct Staal's life and the events leading up to his death, undertaking a bizarre quest in a strange and surreal world. Guided by a coke-dealing Rastafarian, Alma opens a psychedelic can of worms, meeting many of Staal's friends and acquaintances: scissor queens, leather men, rent boys, and daredevils. One such friend, Remco de Heer—driven by the need

to know whether his own malignant accident-proneness played any part in Staal's death—aids Alma in her quest. Poignant, comical, and suspenseful, this novel is also strangely sexy.

A Dream About Lightning Bugs HarperCollins

The world is on the brink of disaster. The environment, society and mankind itself are facing extreme challenges in a world that is both more connected, and yet more divided than ever before. Fear and confusion seep into all parts of everyday life now, more than ever, the world needs one voice, one guide... One day the Earth is plunged into darkness and when light appears again so does a man - call him Joe - claiming to be the son of God. Can Joe bring the world's most creative thinkers and leaders together to tackle the ills of mankind? Can he convince us all to follow him before it's too late? In this compelling and prescient novel, Martin van Es and Andrew Crofts highlight the key concerns of our time and imagines a future where we, at last, all work together to ensure the future of our world and all the life that calls it home.

Our World Mondial

Deciding to break away from everything, Tycho Zeling flies to America to spend his summer as a camp counselor, where he meets Oliver, another counselor, and feels his life stop, and finally begin again, as his.

Picture Perfect Atlas Contact

A revealing look at David Bowie, including rarely seen photos, draws on interviews with his lovers, girlfriends, business associates, groupies, and band members to shine a light on the life and career of this hypnotic performer.

Throttled Special Edition Verso

Esperanto, spoken by thousands of people across the world, is

the most successful international language project. In this book, the French linguist and literary critic Pierre Janton describes the history of Esperanto since its invention in nineteenth-century Eastern Europe and offers a comprehensive linguistic description of the language. This book is the best general introduction to Esperanto and its role in the modern world. Rooted in the populism and internationalism of the late nineteenth century, Esperanto owes its origins in part to western European educational currents and in part to the cultural history of eastern European Jewry. It is a fascinating historical and sociological phenomenon as well as a remarkable linguistic system. The book contains a survey of today's movement for the promotion of Esperanto as an international language, and a description of the extensive literature in Esperanto, both original and translated. Janton also provides a survey of the other global language projects, explaining why Esperanto has prevailed.

Een leraar als geen ander Hachette UK

"...vivid and enchanting.... [You and Me, Always] can be enjoyed on a rainy afternoon with a pot of tea and some scones." — Kirkus International bestseller Jill Mansell crafts a deliciously

romantic story about love, loss and secrets that just can't be kept Nothing stays secret forever, least of all love... On the morning of her twenty-fifth birthday, Lily Harper opens the very last letter written to her by her beloved mother, who died when she was eight. Learning about the first and only real love of her mom's life is a revelation. The same momentous day, Lily meets Eddie Tessler, an actor fleeing fame who could change her world in unimaginable ways. But her childhood friend Dan has his own reasons for not wanting Lily to get too carried away by Eddie's attentions. As secrets past and present begin to emerge, Lily's not sure what-or who-to believe. But one thing is clear: in the beautiful Cotswold village of Stanton Langley, nothing will ever be the same again... Praise for *Making Your Mind Up*: "Mansell's gentle humor and enormous heart always ensure a treat for her readers." -RT Book Reviews, 4 stars
