KIERA BRODY

Life After Life Routledge

When the time comes for Brownie the groundhog to hibernate for the winter, she asks her friends not to disturb her sleep, but Fox and Bunny miss her so much they plan a surprise to awaken her early.

On Location Mariner Books

The Valiant was supposed to save us. Instead, it triggered the end of the world. Earth is in shambles. Everyone, even the poorest among us, invested in the Valiant's space mining mission in the hopes we'd be saved from ourselves. But the second the ship leaves Earth's atmosphere, our fate is sealed. The alien invasion begins. They pour into cities around the world through time portals, possessing humans, forcing us to kill one another. And for whatever reason, my brother is their number one target. Now the fate of the world lies in the hands of me, a seventeen-year-old girl, but with the help of my best friend, Justin—who's suddenly starting to feel like more—maybe if we save my brother, we can save us all...

Groundhog's Runaway Shadow

Rowman & Littlefield

"One of the best love stories I've ever read." —Angie Thomas, #1 New York Times bestselling author of *The Hate U Give* "Read this one, reread it, and then hug it to your chest." —Becky Albertalli, #1 New York Times bestselling author of *Simon vs. the Homo Sapiens Agenda* Debut author Justin A. Reynolds delivers a hilarious and heartfelt novel about the choices we make, the people we choose, and the moments that make a life worth reliving. Perfect for fans of Nicola Yoon and John Green. When Jack and Kate meet at a party, bonding until sunrise over their mutual love of Froot Loops and their favorite flicks, Jack knows he's falling—hard. Soon she's meeting his best friends, Jillian and Franny, and Kate wins them over as easily as she did Jack. But

then Kate dies. And their story should end there. Yet Kate's death sends Jack back to the beginning, the moment they first meet, and Kate's there again. Healthy, happy, and charming as ever. Jack isn't sure if he's losing his mind. Still, if he has a chance to prevent Kate's death, he'll take it. Even if that means believing in time travel. However, Jack will learn that his actions are not without consequences. And when one choice turns deadly for someone else close to him, he has to figure out what he's willing to do to save the people he loves.

Time Travel Reagan Arthur Books

Money is Hollywood's great theme-but money laundered into something else, something more. Money can be given a particular occasion and career, as box office receipts, casino winnings, tax credits, stock prices, lotteries, inheritances. Or money can become number, and numbers can be anything: pixels, batting averages, votes, likes. Through explorations of all these and more, J.D. Connor's *Hollywood Math and Aftermath* provides a stimulating and original take on "the equation of pictures," the relationship between Hollywood and economics since the 1970s. Touched off by an engagement with the work of Gilles Deleuze, Connor demonstrates the centrality of the economic image to Hollywood narrative. More than just a thematic study, this is a conceptual history of the industry that stretches from the dawn of the neoclassical era through the Great Recession and beyond. Along the way, Connor explores new concepts for cinema studies: precession and recession, pervasion and staking, ostension and deritualization. Enlivened by a wealth of case studies—from *The Big Short* and *The Wolf of Wall Street* to *Equity* and *Blackhat*, from *Moneyball* to *12 Years a Slave*, *Titanic* to *Lost*, *The Exorcist* to *WALLE*, *Déjà Vu* to *Upstream Color*, *Contagion* to *The Untouchables*, *Ferris Bueller* to *Pacific Rim*, *The Avengers* to *The Village*—*Hollywood Math and Aftermath* is a bravura portrait of the industry coming to terms with its own numerical

underpinnings.

Hollywood Math and Aftermath Balboa Press

In 1993 *The X-Files* took the pop-culture fringe into prime time. It absorbed a galaxy of offbeat influences—B-movie horror, trippy pulp sci-fi, urban legend, Atomic Age paranoia, post-Watergate paranoia—and refracted them through the lens of the procedural. The show's legacy is still growing, like a tantalizing truth spreading further out there.

Rerolling Boardgames Touchstone

Despite the advent and explosion of videogames, boardgames—from fast-paced party games to intensely strategic titles—have in recent years become more numerous and more diverse in terms of genre, ethos and content. The growth of gaming events and conventions such as Essen Spiel, Gen Con and the UK Games EXPO, as well as crowdfunding through sites like Kickstarter, has diversified the evolution of game development, which is increasingly driven by fans, and boardgames provide an important glue to geek culture. In academia, boardgames are used in a practical sense to teach elements of design and game mechanics. Game studies is also recognizing the importance of expanding its focus beyond the digital. As yet, however, no collected work has explored the many different approaches emerging around the critical challenges that boardgaming represents. In this collection, game theorists analyze boardgame play and player behavior, and explore the complex interactions between the sociality, conflict, competition and cooperation that boardgames foster. Game designers discuss the opportunities boardgame system designs offer for narrative and social play. Cultural theorists discuss boardgames' complex history as both beautiful physical artifacts and special places within cultural experiences of play.

Around France with Thickness and Smelfungus Schwartz & Wade

What if you could live again and again, until you got it right? On a cold and snowy night in 1910, Ursula Todd is born to an

English banker and his wife. She dies before she can draw her first breath. On that same cold and snowy night, Ursula Todd is born, lets out a lusty wail, and embarks upon a life that will be, to say the least, unusual. For as she grows, she also dies, repeatedly, in a variety of ways, while the young century marches on towards its second cataclysmic world war. Does Ursula's apparently infinite number of lives give her the power to save the world from its inevitable destiny? And if she can -- will she? Darkly comic, startlingly poignant, and utterly original -- this is Kate Atkinson at her absolute best.

Neverworld Wake McFarland

From the daughter of comedy legend Harold Ramis (and featuring a Foreword by Seth Rogen) comes a hilarious and heartwarming account of his life, work, and legacy. Most of us know Harold Ramis as the writer, director, and actor who brought warmth and humor to the big screen in classics like *Animal House*, *Caddyshack*, *Ghostbusters*, *National Lampoon's Vacation*, and *Groundhog Day*. To his daughter, Violet, he was best known as an amazing father, confidant, and friend. In *Ghostbuster's Daughter*, Violet reflects on the life and legacy of her father, providing readers with an extraordinarily candid and insightful look into the man who helped shape modern American comedy. Funny, endearing, and vulnerable, *Ghostbuster's Daughter* takes readers into the private life of the American comedy icon, from his humble roots in Chicago and ascension into Hollywood stardom to his personal philosophies on life, love, and filmmaking. While the book offers a comprehensive history of her father's career, *Ghostbuster's Daughter* also provides a profound homage to their special father-daughter relationship. Violet weaves anecdotes about her father's unique and devoted parenting style among stories of her own unconventional upbringing, creating a vivid and dynamic portrait of the man behind the movies. A distinctly offbeat memoir as well as a charming family story for the ages, *Ghostbuster's Daughter* is an intimate look at one of America's preeminent comedy filmmakers.

Funds of Knowledge Abrams

Whether you're a film fanatic or just want to see a bit of Hollywood in your neighborhood, *On Location: A Film and TV Lover's Travel Guide* is the quintessential resource for visiting the locations of your favorite films or television series. In this guidebook, professional travel writer and self-proclaimed film buff Lisa Iannucci takes you across the country with over a hundred profiles about the famous movie

and television locations from *Star Trek* to *I Love Lucy*. Add this book to your carry-on or toss it into your glove compartment and you're ready to see some of the iconic settings from the silver screen up close. *On Location: A Film and TV Lover's Travel Guide* also makes a perfect gift for road trips or film trivia lovers!

The New Roadside America Tor Teen

Meet the rodents of the world in this illustrated guide to 21 species of rascally creatures! What is the smallest rodent in the world? What is the biggest? How long can rodents live? How do they find mates? Find out all this and more in this wonderfully detailed new book from award-winning author-illustrator Roxie Munro. With bright, life-sized illustrations and simple text describing the life cycles, habitats, and ranges of these fascinating creatures, *Rodent Rascals* is packed with fun facts about these often overlooked or maligned creatures. From the pygmy jerboa to the capybara, there's a whole world of clever creatures to discover! Backmatter includes expanded information on all the species featured, a glossary of important vocabulary introduced in the text, a list of further reading, and an index. A Bank Street Best Children's Book of the Year

The Wisdom of Groundhog Day Bernal Press

A piercingly raw debut story collection from a young writer with an explosive voice; a treacherously surreal, and, at times, heartbreakingly satirical look at what it's like to be young and black in America.

Ghostbuster's Daughter Time Inc. Books Wildly original, funny and moving, *The First Fifteen Lives of Harry August* is an extraordinary story of a life lived again and again from World Fantasy Award-winning author Claire North. Harry August is on his deathbed. Again. No matter what he does or the decisions he makes, when death comes, Harry always returns to where he began, a child with all the knowledge of a life he has already lived a dozen times before. Nothing ever changes. Until now. As Harry nears the end of his eleventh life, a little girl appears at his bedside. "I nearly missed you, Doctor August," she says. "I need to send a message." This is the story of what Harry does next, and what he did before, and how he tries to save a past he cannot change and a future he cannot allow.

[The 7 1/2 Deaths of Evelyn Hardcastle](#) Hachette UK

Read Along or Enhanced eBook: Phil and his shadow used to do everything together. But Phil got tired of Shadow shadowing him, so Shadow up and left.

True friends, however, have a way of finding each other somehow. If the groundhog doesn't see its shadow come February 2nd, young readers will have an idea of where it might be, based on this sweet story accompanied by David Biedrzycki's hilarious illustrations. From the Hardcover edition.

2016 National Survey of Fishing, Hunting and Wildlife-Associated Recreation Triangle Interactive, Inc.

Every year, people ask Groundhog the same, boring old question. Is spring around the corner? Or are we doomed to more winter? Sure, they care about his shadow, but what about him and his interests? He's had enough! Groundhog packs his bags and sets out for a much-needed vacation. Now the town is holding auditions to find someone to fill his spot. None of the animals seem right for the job, though. Not Elephant, not Ostrich, and most certainly not Puppy. No one has Groundhog's flair for the dramatic, but is it too late to woo him back into the spotlight? With a fresh take on a familiar event and bold, lively illustrations, this hilarious audio eBook will leave readers wishing it was Groundhog's Day year-round.

The Mind-Game Film Redhook

This historical exploration of the Green Book offers "a fascinating [and] sweeping story of black travel within Jim Crow America across four decades" (*The New York Times Book Review*). Published from 1936 to 1966, the Green Book was hailed as the "black travel guide to America." At that time, it was very dangerous and difficult for African-Americans to travel because they couldn't eat, sleep, or buy gas at most white-owned businesses. The Green Book listed hotels, restaurants, gas stations, and other businesses that were safe for black travelers. It was a resourceful and innovative solution to a horrific problem. It took courage to be listed in the Green Book, and *Overground Railroad* celebrates the stories of those who put their names in the book and stood up against segregation. Author Candacy A. Taylor shows the history of the Green Book, how we arrived at our present historical moment, and how far we still have to go when it comes to race relations in America. A *New York Times* Notable Book of 2020

Fodor's Essential Switzerland Penguin

The topic of time travel provides tantalizing conundrums to consider for STEM experts and sci-fi creators alike. Most scientists and mathematicians agree that time travel by humans is probably impossible, yet they have not been able to offer conclusive proof. This book describes

how the very nature of time remains a fascinating and complex subject, whether viewed from the perspective of Einstein's relativity or the nanoscale realm of quantum physics. Readers will recognize notable fictional works in literature, film, and television in which time travel serves as a useful plot device as well as a means of examining human history and contemporary social issues.

Leahy's Hotel-motel Guide and Travel Atlas of the United States, Canada, and Mexico JHU Press

For many Britons France has provided their first taste of that alien world called 'abroad' - and sometimes their last. Richard Guise has tracked down ten travellers' tales from three centuries, before venturing forth himself to follow some of their wanderings across the country. He finds out what's left from the sights they saw and how dramatically the country and its people changed over these turbulent times - taking in the years of the Grand Tour, the Revolution and the Napoleonic era; the coming of the railways, holidays and guide books; two world wars, recovery and prosperity; and the twenty-first-century threat of terrorism. His virtual companions include two Grand Tourers (Philip Thicknesse and Tobias Smollett - nicknamed Smelfungus), the man rumoured to have inspired Karl Baedeker, a future chairman of London County Council and Richard's own father, a D-Day survivor. They're not all complimentary about France and the French...

Under Pressure HarperCollins

As heard on Chris Evans' Radio 2 Breakfast Show With a foreword by Danny Rubin, screenwriter of Groundhog Day Paul Hannam has developed a programme based on the hidden, underlying roadmap to freedom found in the film Groundhog Day. Using research-based techniques, you will learn how to take control of your day, remove the blinkers and actually see and experience the real world around you, which will in turn enable you to let go of the past and achieve new levels of success. You will learn how to focus on and appreciate the things that truly matter: time, security, mental health and authentic happiness, and discover a life of joy and fulfilment - rather than just going through the motions. The story of the film Groundhog Day is used here as a parable for change. This book is aimed at anyone who is sleepwalking through life, is trapped by routine and needs a major wake-up call. No more cruising on

autopilot - make every day amazing. Turn every day into the best day of your life. *Rodent Rascals* Bloomsbury Publishing USA
