The World of All Souls Ballantine Books
The gilded adventures of Ramses the Damned, iconic creation of the legendary bestselling author, continue in this breathtakingly suspenseful tale of a titanic supernatural power unleashed on the eve of war. A pharaoh made immortal by a mysterious and powerful elixir, Ramses the Great became counselor and lover to some of Egypt's greatest and most powerful rulers before he was awakened from centuries of slumber to the mystifying and dazzling world of Edwardian England. Having vanquished foes both human and supernatural, he's found love with the beautiful heiress Julie Stratford, daughter of Lawrence Stratford, the slain archeologist who discovered his tomb. Now, with the outbreak of a world war looming, Ramses and those immortals brought forth from the mists of history

by his resurrection will face their greatest test yet. Russian assassins bearing weapons of immense power have assembled under one command: all those who loved Lawrence Stratford must die. From the glowing jewels at their necks comes an incredible supernatural force: the power to bring statues to life. As Ramses and his allies, including the immortal queens Cleopatra and Bektaten, gather together to battle these threats, Ramses reveals that the great weapon may have roots in an ancient Egyptian ritual designed to render pharaohs humble before Osiris, the god of the underworld. The resulting journey will take them across storm-tossed seas and into the forests of northern Russia, where they will confront a terrifying collision of tortured political ambitions and religious fervor held in thrall to a Godlike power. But the true answers they seek will lie beyond the border between life and death, within realms that defy the imagination of even an immortal such as Ramses the Great.

In *Ramses the Damned: The Reign of Osiris*, Anne Rice, revered and beloved storyteller ("queen of gothic lit, the maestro of the monstrous and the diva of the devious" --The Philadelphia Inquirer), in collaboration with her son, acclaimed bestselling novelist Christopher Rice ("a magician; a master" --Peter Straub), bring us another thrilling, seductive tale of high adventure, romance, history, and suspense. Beauty's Kingdom Plume

In the quest to be the masters of their own fate, will humanity rise to become liberators or follow the path of their ancestors into darkness? Alex Solovy and Caleb Marano risked everything to learn the hidden purpose behind the Metigen's multiverse portal network, but nothing could have prepared them for the answer. Humans are a genetic recreation of the Anaden, the dictators and overlords of the master universe. Aurora is a recreation of their origins, created by the Metigens in a desperate gambit to understand the nature of their enemy, and so find a way to defeat them. Instead it may turn out that history always repeats itself.... Aurora's future hangs in the balance as the Earth Alliance goes to war with itself over the right of synthetics and Prevos—human/AI hybrids—to exist. Terrorists sow chaos in a wave of bombings and assassinations targeted at any and all who shelter Prevos. The next evolution of the human species will not be so easily defeated, however. Prevos, their friends and lovers, and all those who believe freedom is the better path forward meet malevolence with ingenuity, despair with hope, violence with fortitude. But they must move quickly to win the day, because the true enemy is closing in faster than anyone realizes, and

they—humanity, the Metigens and the trillions the Anadens enslave—are all running out of time. * It is a time of accelerating technological change and shifting allegiances as the old rules fall away and the old balance of power is upended. A new world rises—one of unshackled AIs, indestructible starships, ethereal quantum spaces and potent new weapons—and the race is on to determine who will control its future.
