An American Housewife in Havana Univ. Press of Mississippi

Principles of Accounts is a major new textbook which provides in-depth coverage of all aspects of the CXC Principles of Accounts and Book Keeping syllabuses at basic and general levels. It is also an invaluable resource book for students preparing for advanced level accounting and for those taking accounting examinations with other examining bodies. Emphasis is placed on a clear, thorough, step-by-step presentation suitable for both classroom use and self study. Worked examples of typical exam-style questions reinforce the text and illustrate the layout of different kinds of accounts. Numerous exercises in each chapter give students plenty of practice on questions based on CXC requirements. Selected answers are given at the back of the book.

A&C Black

This is a course for students of CSEC Spanish. Relevant and lively, it consists of a Student's Book each with 2 audio CDs, a Workbook and a Teacher's Guide.

Social Studies for Jamaica is a three-level course written specifically to cover the ROSE Social Studies syllabus. It covers the three core themes of Living Together, Working Together and Growing Together.

Social Studies HarperCollins UK

Education in the Commonwealth Caribbean and Netherlands Antilles provides a contemporary survey of education development and key educational issues in the region. The chapters cover: Anguilla, Antigua and Barbuda, the Bahamas, Barbados, Belize, Bermuda, the British Virgin Islands, the Cayman Islands, Dominica, Grenada, Guyana, Jamaica, the Netherlands Antilles (Aruba, Bonaire, Curacao, Saba, Saint Eustatius and Saint Maarten), Montserrat, Saint Kitts and Nevis, Saint Lucia, Saint Vincent and the Grenadines, Surinam, Trinidad and Tobago, and the Turks and Caicos Islands. The book includes discussions of the impact of local, regional and global occurrences, including social, political and geographical events, on education systems and schooling in the region. As a whole, the book provides a comprehensive reference resource for contemporary education policies in the Caribbean, and explores some of the problems these countries face during the process of development. It is an essential reference for researchers, scholars, international agencies and policy-makers at all levels.

The Grenada Revolution Hodder Education

Practice Exercises for CSEC English Language has been revised and updated to fully meet the requirements of CSEC English syllabus A. The second edition provides a wide range of practice questions for Papers 1 and 2 to help students improve their performance in the examination. Includes two sample test papers so that students can practice on material that will be similar to the real examination paper. Uses a wide range of extracts including poetry, prose extracts, diagrams, adverts and material from web sites to motivate students. Provides comprehensive practice in the skills needed to do well in the exam. Has a fresh new page design to make it more accessible and easier to use.

Suitable for students studying for CSEC examinations, this book includes features such as: written for the latest CSEC syllabus; learning objectives stated for each chapter; keywords highlighted in the margins form a glossary; and, diagrams and pictures that encourage understanding.

A CXC Study Guide Macmillan

Migration has become an increasingly important phenomenon for societies, especially given its highly controversial political dimension. The complexity of the migrant integration process and its many varieties present challenges to policymakers who need high-quality information on which to base decisions. Nowhere is this necessity more pressing than in the development of relevant tax rules that meet the basic requirements of efficiency and equity. Moreover, the ascent of the so-called emerging economies coupled with the stagnation of the richest economies of the world implies reform of the current competition-based international tax regime and the adoption of a more cooperative paradigm. This important and timely book, for the first time in such depth, explores such aspects of the problem as the following: - migration for tax reasons, especially corporate "inversions" (change in corporate residence for tax purposes); - tax consequences related to individuals who receive free or subsidized education in one country and profit from it in another; - taxing cross-border retirement income; and - migration-related aspects of tax preferential treatment of the elderly. With particular emphasis on the effects and opportunities created by the changing international tax regime - and with attention to the role of tax treaties and recent court cases - chapters by well known tax experts present evidence on the consequences of migration in all its facets and simulate the effects of several recently enacted and proposed changes in tax law in European countries, the United States, and other jurisdictions. The grounded propositions and recommendations offered in this deeply informed book will allow policymakers to draft tax-residence rules that minimize distortion and promote fairness. The book will also be of interest to tax law practitioners and other tax specialists, migration experts, and academics investigating one of the crucial political issues of our time.

The CARICOM Bibliography Macmillan

Prepared specifically to support social studies and geography courses at upper primary and lower secondary levels throughout the Caribbean. The atlas is fully illustrated and includes the most up to date reference and thematic mapping of the countries within the Caribbean Community as well as the broader Caribbean region. Recommended by the Ministry of Education, Jamaica This very successful text has been completely revised by its authors, two of the region's leading chemistry teachers, to suit the new revised syllabus for CXC Chemistry (General Proficiency). It offers

Social Studies for CSEC CXC Oxford University Press, USA

Grenada experienced much turmoil in the 1970s and 1980s, culminating in an armed Marxist revolution, a bloody military coup, and finally in 1983 Operation Urgent Fury, a United States-led invasion. Wendy C. Grenade combines various perspectives to tell a Caribbean story about this revolution, weaving together historical accounts of slain Prime Minister Maurice Bishop, the New Jewel Leftist Movement, and contemporary analysis. There is much controversy. Though the Organization of American States formally requested intervention from President Ronald Reagan, world media coverage was largely negative and skeptical, if not baffled, by the action, which resulted in a rapid defeat and the deposition of the Revolutionary Military Council. By examining the possibilities and contradictions of the Grenada Revolution, the contributors draw upon thirty years' of hindsight to illuminate a crucial period of the Cold War. Beyond geopolitics, the book interrogates but transcends the nuances and peculiarities of Grenada's political history to situate this revolution in its larger Caribbean and global context. In doing so, contributors seek to unsettle old debates while providing fresh understandings about a critical period in the Caribbean's postcolonial experience. This collection throws into sharp focus the centrality of the Grenada Revolution, offering a timely contribution to Caribbean scholarship and to wider understanding of politics in small developing, postcolonial societies.
