The rule of law is frequently invoked in political debate, yet rarely

defined with any precision. Some employ it as a synonym for democracy, others for the subordination of the legislature to a written constitution and its judicial guardians. It has been seen as obedience to the duly-recognised government, a form of governing through formal and general rule-like laws and the rule of principle. Given this diversity of view, it is perhaps unsurprising that certain scholars have regarded the concept as no more than a self-congratulatory

rhetorical device. This collection of eighteen key essays from jurists, political theorists and public law political scientists, aims to explore the role law plays in the political system. The introduction evaluates their arguments. The first eleven essays identify the standard features associated with the rule of law. These are held to derive less from any characteristics of law per se than from a style of legislating and judging that gives equal consideration to all

citizens. The next seven essays then explore how different ways of separating and dispersing power contribute to this democratic style of rule by forcing politicians and judges alike to treat people as equals and regard none as above the law.

### **Evolution of Indian Judiciary** Routledge

This book provides an accessible, yet sophisticated treatment of the essential principles of administrative law. Topics covered include a history of the American

administrative state; theories of agency behavior; separation of powers and procedural due process, as they are implicated by the administrative process; the procedural framework of the Administrative Procedure Act; formal adjudicatory procedure; informal rulemaking procedure; and the availability, timing, and scope of judicial review. The book includes charts and diagrams that assist the reader in visualizing the major elements of the administrative process.

This book focuses on a review of how sixty years of case-law and regulatory activity transformed the European continent and the world. It provides a critical analysis of the key features of EU integration and how this integration is perceived (internally and externally). In this context, this book also explores the EU's interactions with a number of other countries and organisations with the objective of assessing the EU's role in global

governance.  
Administrative Law  
Prabhat Prakashan  
Judicial institutions evolved in India in the context of India's social, economic and political conditions and because of the reception of legal concepts and institutions known to English and Scottish judges, lawyers and administrators. Modern Indian judiciary bears the hallmarks of its genesis and evolution during the British rule but it has progressively gone for beyond the colonial confines after the

republican Constitution came into force. The theme of fundamental Rights and the role of the Supreme Court and the High Courts as vigilant custodians of fundamental rights are at the heart of India's constitutional democracy. We owe a deep debt of gratitude to our apex judicature, the higher judiciary and the country's bar in the evolution of the common law of the Constitution. It constitutes by common consent a remarkable chapter in our national life. H v H The

Constitution of India is not the last word in human wisdom, but it was certainly a glorious achievement of national consensus and national commitment. The higher Indian judiciary can be said to have broadly fulfilled its constitutional ethos. There have been aberrations, notably during the Emergency and in some cases, of overstating and unduly enlarging the scope of judicial power. More seriously, there are grave and growing problems of inefficient case

management, arrears, delays, corruption and incompetence. Those issues have to be addressed urgently, effectively and comprehensively if the Indian judiciary is to emerge as a fit instrument for Rule of Law for the teeming millions in the largest democracy in the world and if the Indian judiciary is to flourish in the twenty-first century holding its head high as an institution of freedom, liberty and balance, with a commitment to the constitutional goals and

aspirations of We the People of India.
