*Charles A. Lindbergh* Popular Press

In late May 1927 an inexperienced and unassuming 25-year-old Air Mail pilot from rural Minnesota stunned the world by making the first non-stop transatlantic flight. A spectacular feat of individual daring and collective technological accomplishment, Charles Lindbergh's flight from New York to Paris ushered in America's age of commercial aviation. In *The Flight of the Century*, Thomas Kessner takes a fresh look at one of America's greatest moments, explaining how what was essentially a publicity stunt became a turning point in history. He vividly recreates the flight itself and the euphoric reaction to it on both sides of the Atlantic, and argues that Lindbergh's amazing feat occurred just when the world--still struggling with the disillusionment of WWI--desperately needed a hero to restore a sense of optimism and innocence. Kessner also shows how new forms of mass media made Lindbergh into the most famous international celebrity of his time, casting him in the role of a humble yet dashing American hero of rural origins and traditional values. Much has been made of Lindbergh's personal integrity and his refusal to cash in on his fame. But Kessner reveals that Lindbergh was closely allied with, and managed by, a group of powerful businessmen--Harry Guggenheim, Dwight Morrow, and Henry Breckenridge chief among them--who sought to exploit aviation for mass transport and massive profits. Their efforts paid off as commercial air traffic soared from 6,000 passengers in 1926 to 173,000 passengers in 1929. Kessner's book is the first to fully explore Lindbergh's central role in promoting the airline industry--the rise of which has influenced everything from where we live to how we wage war and do business. *The Flight of the Century* sheds new light on one of America's fascinatingly enigmatic heroes and most transformative moments.

"If one took no chances, one would not fly at all." - Charles Lindbergh A lot of ink has been spilled covering the lives of history's most influential figures, but how much of the forest is lost for the trees? In Charles River Editors' American Legends series, readers can get caught up to speed on the lives of America's most important men and women in the time it takes to finish a commute, while learning interesting facts long forgotten or never known. In many ways, Charles Lindbergh represented the best and worst of America during the first half of the 20th century. Lindbergh became famous for being an aviation pioneer whose solo flight across the Atlantic captured the imagination of an entire world, yet he was an isolationist who wanted to keep American freedoms safe for Americans and no one else. Lindbergh was the quintessential family man, yet he fathered illegitimate children and suffered an unspeakable tragedy that became known as "The Crime of the Century." Lindbergh embodied some of his era's greatest virtues and harbored some of its worst prejudices. Lindbergh was a 25 year old U.S. Air Mail pilot who was probably best known for two crashes before shooting to fame with his non-stop flight across the Atlantic from New York City to Paris on May 20-21, 1927. Lindbergh was Time Magazine's first Man of the Year in 1927, and he used his newfound fame to promote the development of commercial flight and become a spokesman and symbol for advances in aviation. Tragically, Lindbergh was the subject of front page headlines in 1932 when his infant son, Charles, Jr., was kidnapped and murdered in the "Crime of the Century." After going into voluntary exile in Europe, Lindbergh found himself embroiled in scandals as he toured German (and Luftwaffe) aviation systems and took isolationist stances, at times making comments that were tinged with anti-Semitism and in favor of eugenics. Nevertheless, after Pearl Harbor, Lindbergh was rejected from serving in the armed forces, likely because President Roosevelt thought he was a Nazi sympathizer. But Lindbergh worked his way through administrative and technical positions to give himself the opportunity to fly about 50 combat missions in the Pacific, impressing his colleagues with his flying abilities and technical know-how. After World War II, as Lindbergh began to fade from the spotlight, he took up a number of causes, writing books and supporting environmental initiatives. The controversies began to fade as well, and when he died in 1974, he was remembered fondly for the Spirit of St. Louis and sympathetically for the Crime of the Century. *American Legends: The Life of Charles Lindbergh* chronicles the amazing life and career of Lindbergh, his greatest highs and most notorious lows, and everything inbetween. Along with pictures of important people, places, and events in his life, you will learn about "Lucky Lindy"

like you never have before, in no time at all.

New York to Paris? Charles Lindbergh Did It First! Biography of Famous People | Children's Biography Books Harry N Abrams Incorporated

Philip Roth's bestselling alternate history—the chilling story of what happens to one family when America elects a charismatic, isolationist president—is soon to be an HBO limited series. In an extraordinary feat of narrative invention, Philip Roth imagines an alternate history where Franklin D. Roosevelt loses the 1940 presidential election to heroic aviator and rabid isolationist Charles A. Lindbergh. Shortly thereafter, Lindbergh negotiates a cordial “understanding” with Adolf Hitler, while the new government embarks on a program of folksy anti-Semitism. For one boy growing up in Newark, Lindbergh's election is the first in a series of ruptures that threaten to destroy his small, safe corner of America—and with it, his mother, his father, and his older brother. “A terrific political novel . . . Sinister, vivid, dreamlike . . . creepily plausible. . . You turn the pages, astonished and frightened.” — The New York Times Book Review

*Under a Wing* Simon and Schuster

For the first time, Joyce Milton gives us the dual biography of the wonder couple, Charles and Anne Morrow Lindbergh. Their love prevailed against a horrifying kidnapping and murder splashed throughout the media, their careers, and even the criticism they underwent following their involvement in the America First movement as the United States entered World War II. With new information presented about their son's kidnapper, Bruno Hauptmann, and Charlie's own role in the case, Milton gives her readers a lot to think about. Thoroughly researched, Milton exposes a new understanding of and view into the personalities and lives of Charles, Anne, and the time they lived in.

*The Spirit of St. Louis* Courier Corporation

In this final collection of Anne Morrow Lindbergh's letters and journals, we mark Mrs. Lindbergh's progress as she navigated a remarkable life and a remarkable century with enthusiasm and delight, humor and wit, sorrow and bewilderment, but above all devoted to finding the essential truth in life's experiences through a hard-won spirituality and a passion for literature. Between the inevitable squalls of life with her beloved but elusive husband, the aviator Charles A. Lindbergh, she shepherded their five children through whooping cough, horned toads, fiancés, the Vietnam War, and their own personal tragedies. She researched and wrote books and articles on issues ranging from the condition of Europe after World War II to the meaning of marriage to the launch of Apollo 8. She published one of the most beloved books of inspiration of all time, *Gift from the Sea*. She left penetrating accounts of meetings with such luminaries as John and Jacqueline Kennedy, Thornton Wilder, Enrico Fermi, Leland and Slim Hayward, and the Frank Lloyd Wrights. And she found time to compose extraordinarily insightful and moving letters of consolation to friends and to others whose losses touched her deeply. *Against Wind and Tide* makes us privy to the demons that plagued this fairy-tale bride, and introduces us to some of the people—men as well as women—who provided solace as she braved the tides of time and aging, war and politics, birth and death. Here is an eloquent and often startling collection of writings from one of the most admired women of our time. (With 8 pages of black-and-white photographs.)
