The Southern Sandstone climbing area is situated in the Southeast of England on the borders of Kent and East Sussex. It offers some superb top-rope climbing and bouldering on beautiful sandstone formations. This will be the first Rockfax guidebook to cover the climbing and bouldering and is an exciting development for us. The book will cover the climbing information in the usual Rockfax style - big full-colour photo-topos, detailed maps and full text descriptions - all lavishly supported by some great action photography. The information is being put together by local climber Daimon Beail. The book will be published in the Summer of 2017 and we are certain it is going to be one of our most popular books of recent times.

Guidebook to walking or running Britain's three most challenging long-distance mountain rounds: the Bob Graham Round (Lake District), the Paddy Buckley Round (Wales) and the Charlie Ramsay Round (Scotland). Includes practical information and advice, notes on access and environmental impact, plus insights and strategies from the likes of Jasmin Paris, Nicky Spinks, Charlie Ramsay, Jim Mann and Paddy Buckley. Designed to inform and inspire, this larger format book is aimed at both walkers and runners (against the clock, or otherwise) keen to discover these epic and extremely challenging routes. Showcasing spectacular photography, tales from the Rounds, and the history of each - as well as invaluable information to help with planning and preparing - this book is a must for anyone embarking on one (or all!) of these iconic Rounds. Known to mountain runners as three of the most difficult 24-hour challenges in the world, each Big Round is a long-distance classic in the history and culture of 'fell' or hill running. Collectively, the 'Big 3' take in 113 mountain summits (including the highest peaks in England, Wales and Scotland), over 25,000m (83,000ft) of ascent and nearly 300km (183 miles) across three of Britain's most distinct mountain ranges - the Snowdonia National Park in Wales, the Lake District National Park in England, and a vast area of Lochaber in the highlands of Scotland.

South Wales Sport covers the area to the south of the Brecon Beacons, spanning the land and sea cliffs from the River Wye on the Welsh border to Pembrokeshire in the west. The area is home to a wealth of sport climbing on a multitude of venues ranging from small inland quarries to extensive limestone sea cliffs. The climbing is easily split into four main areas - Valleys Sandstone, Gower, the inland and coastal limestone crags and Camarthenshire's sea cliffs. The variation in climbing on offer is remarkable for such a compact area and access is easy.
