The Capitol Hill aide who scandalized Washington, D.C., with her blog has now written a sharp, steamy, utterly unrepentant novel set against the backdrop of the nation's capitol. When Jacqueline Turner's fiancé gives her two days to move out of his apartment, she has no choice but to leave New York City and crash with her best friend in Washington, D.C. She needs an

exciting new life--not to mention real employment. Where better to get a fresh start than the nation's capitol? Alas, D.C. turns out to be a lot more buttoned-up and toned down than she'd hoped. It's a town where a girl has to make her own excitement--and Jacqueline Turner is just the woman for the job. From the married presidential appointee who gives her cash after each tryst to the lascivious Georgetown lawyer who parades her around like something out of *Pretty Woman*, Jackie's roster of paramours grows so complicated that her friends ask her to start a blog so they can keep up. But in a small town like Washington, the line between private and public blurs

very easily, and Jackie quickly realizes this blog idea may be more than she bargained for. Deliciously gossipy and impossible to put down, *The Washingtonienne* is every bit as steamy and outrageous as the real-life exploits that inspired it.

Stark is a secret consortium with more money than God, and the social conscience of a dog on a croquet lawn. What's more, it knows the Earth is dying. Deep in Western Australia where the Aboriginals used to milk the trees, a planet-sized plot is taking shape. Some green freaks pick up the scent: a pommie poseur; a brain-fried Vietnam vet; Aboriginals who have

lost their land...not much against a conspiracy that controls society. But EcoAction isn't in society: it just lives in the same place, along with the cockroaches. If you're facing the richest and most disgusting scheme in history, you have to do more than stick up two fingers and say 'peace'.

While channeling Robin Hood's "steal from the rich and give to the poor" attitude at a local politician's house, ex-con Katie Logan witnesses a forced suicide. Dirty or not, supernatural or not, he didn't deserve to die, especially not by his own hand. But with her record, stepping forward as a witness isn't an option. On the run from the police and the murderer, she turns to The Bound Ones for help. When a beautiful woman comes to The Bound Ones, half-angel assassin Cain is immediately drawn to her. But when she fingers him as the killer, he can come to only one conclusion. The twin he thought

was dead is very much alive...and trying to send him a message. Unfortunately, that message is: "You're next." It's a race against time as Cain fights to save the woman he's falling in love with before his brother Abel destroys them both.

The work of Seattle-based architect Tom Kundig has been called both raw and refined, as well as super-crafted and warm. Kundig's projects, especially his houses, uniquely combine

these two seemingly disparate sets of characteristics to produce some of the most inventive structures found in the architecture world today. Kundig's internationally acclaimed work is inspired by both the industrial structures with which he grew up in the Pacific Northwest and the vibrant craft cultures that are fostered there. His buildings uniquely meld industrial sensibilities and materials such as Cor-ten steel and concrete with an intuitive understanding of scale. As Kundig states, "The idea is inseparable from the fabrication, inseparable from the materials used." Tom Kundig: Houses presents five projects in depth, from their

early conceptual sketches to their final lovingly wrought, intimate details. Kundig's houses reflect a sustained and active collaborative process between designer, craftsmen, and owners, resulting in houses that bring to life the architect's intentions, the materials used, and lines of unforgettable beauty. *Poseidon-T* Random House

Americans spend more than \$11 billion a year on self-help products—everything from books to diet pills to career coaches to seminars. So why—with all this time, money, and energy being spent—are so few people living the life they really want? Why are millions of smart, talented, motivated people still going through life with one foot on the brake? Here's the real Secret: You don't need any more how-to-succeed

information to reach your full potential. The problem isn't lack of motivation or lack of information. The real problem is that most people focus on the "how-to" aspects of success taught by traditional self-help programs, without coming to terms with what productivity expert Noah St. John calls your "head trash"—the subconscious, emotional roadblocks that prevent people from acting on their real hopes, dreams, and ambitions. In this groundbreaking book, based on work with thousands of clients around the world, Noah St. John has created a remarkable, step-by-step approach that helps you achieve long-term happiness, success, and wealth. In

The Secret Code of Success, you will learn how to: Eliminate the causes of self-sabotage and fear of success  
 Allow yourself to make more money  
 Remove stress while dramatically increasing personal productivity  
 Improve relationships with coworkers, family, and friends  
 Experience enhanced feelings of happiness, connection, and love  
 The Secret Code of Success shows that, when it comes to success, the conscious mind is exactly the wrong place to start. It's only when we first conquer the self-sabotage of our subconscious (which accounts for 90 percent of our behavior) that we can truly begin to enjoy a life filled with success. This insight is at the core of The Secret

Code of Success and leads to Noah's revolutionary 7-step method for eliminating these psychological obstacles. True financial freedom and personal success is possible at last! The Secret Code of Success shows you how to get your foot off the brake and start living the life you deserve.

You live in any sprawl long enough, you'll find out that there's a lot more to it than businessmen and soykaf stalls. Any sprawl worth its mettle has its dark corners, its forgotten places, its spots that are just as wild and untamed as the deepest rainforest. Seattle, the prime metroplex in the world for shadowrunning, is filled with such places, and *Sprawl Wilds* gives shadowrunners a chance to tour them. From a fortress-like Barrens farm recovering from a mysterious attack to a dark secret hidden in a clinic, runners have a chance to see the sites most people never encounter, and

uncover information that some people want to stay secret at any cost. They'll meet jaded smugglers, wary police officers, passionate activists, hardened criminals, wounded warriors, and at least one deranged killer. The questions are, will they survive long enough to collect a paycheck and how much of the sprawl will be nothing more than dust when they're done with it? *Sprawl Wilds* is a collection of Shadowrun Missions developed for major summer gaming conventions. These adventures have been adapted for both Shadowrun, Twentieth Anniversary Edition and Shadowrun, Fifth Edition, and they provide hours of shadowrunning goodness for

experienced street veterans and new shadowrunners alike. With complete game information, including

NPC stats, these adventures are poised to plunge players into urban chaos!
