From New York Times and USA Today bestselling author Lara Adrian comes a new story in her Midnight Breed series.. Born to a noble Breed lineage steeped in exotic ritual and familial duty, vampire warrior Jehan walked away from the luxurious trappings of his upbringing in Morocco to join the Order's command center in Rome. But when a generations-old obligation calls Jehan home, the reluctant desert prince finds himself thrust into an unwanted handfasting with Seraphina, an unwilling beauty who's as determined as he is to resist the antiquated pact between their families. Yet as intent as they are to prove their incompatibility, neither can deny the attraction that ignites between them. And as Jehan and Seraphina fight to resist the calling of their blood, a deadly enemy seeks to end their uneasy truce before it even begins... **Every 1001 Dark Nights novella is a standalone story. For new readers, it's an introduction to an author's world. And for fans, it's a bonus book in the author's series. We hope you'll enjoy each one as much as we do.**

Can two people brought together by desperate circumstances help one another heal, and maybe even begin a new life? New York Times bestselling author Charles Martin's Send Down the Rain answers the questions of what it means—and what level of sacrifice it takes—to truly love someone. Allie is still recovering from the loss of her family's beloved waterfront restaurant on Florida's Gulf Coast when she loses her second husband to a terrifying highway accident. Devastated and losing hope, she shudders to contemplate the future—until a cherished person from her past returns. Joseph has been adrift for many years, wounded in both body and spirit and unable to come to terms with the trauma of his Vietnam War experiences. Just as he resolves to abandon his search for peace and live alone in a remote cabin in the Carolina mountains, he discovers a mother and her two small children lost in the forest. A man of character and strength, he instinctively steps in to help them get back to their home in Florida. There he will return to his own hometown—and witness the accident that launches a bittersweet reunion with his childhood sweetheart, Allie. When Joseph offers to help Allie rebuild her restaurant, it seems the flame may reignite—until a forty-five-year-old secret begins to emerge, threatening to destroy all hope for their second chance at love. Send Down the Rain will take you on a journey that spans the sweltering migrant worker routes of south Florida, muddy

battlefields of Vietnam, thickets of northwest North Carolina, and the idyllic shores of America's most beautiful beach (Cape San Blas). At the story's center lies the question: What does it mean—and what level of sacrifice does it take—to truly love someone? Praise for Send Down the Rain: "Charles Martin understands the power of story and he uses it to alter the souls and lives of both his characters and his readers."—Patti Callahan Henry, New York Times bestselling author Full-length, stand-alone novel Includes discussion questions for book clubs Also by bestselling author Charles Martin: The Mountain Between Us, Chasing Fireflies, When Crickets Cry, and The Letter Keeper

Most startups fail. But many of those failures are preventable. The Lean Startup is a new approach being adopted across the globe, changing the way companies are built and new products are launched. Eric Ries defines a startup as an organization dedicated to creating something new under conditions of extreme uncertainty. This is just as true for one person in a garage or a group of seasoned professionals in a Fortune 500 boardroom. What they have in common is a mission to penetrate that fog of uncertainty to discover a successful path to a sustainable business. The Lean Startup approach fosters companies that are both more capital efficient and that leverage human creativity more effectively. Inspired by lessons from lean manufacturing, it relies on "validated learning," rapid scientific experimentation, as well as a number of counter-intuitive practices that shorten product development cycles, measure actual progress without resorting to vanity metrics, and learn what customers really want. It enables a company to shift directions with agility, altering plans inch by inch, minute by minute. Rather than wasting time creating elaborate business plans, The Lean Startup offers entrepreneurs—in companies of all sizes—a way to test their vision continuously, to adapt and adjust before it's too late. Ries provides a scientific approach to creating and managing successful startups in a age when companies need to innovate more than ever.

Outlining Your Novel Workbook Routledge

A scholarly work examining the continuing evolution of the magazine—part of the popular Handbooks in Media and Communication series The Handbook of Magazine Studies is a wide-ranging study of the ways in which the political economy of magazines has dramatically shifted in recent years—and continues to do so at a rapid pace. Essays from emerging and established scholars explore the cultural function of magazine media in light of significant changes in content delivery, format, and audience. This volume integrates academic examination with pragmatic discussion to

explore contemporary organizational practices, content, and cultural impact. Offering original research and fresh insights, thirty-six chapters provide a truly global perspective on the conceptual and historical foundations of magazines, their organizational cultures and narrative strategies, and their influences on society, identities, and lifestyle. The text addresses topics such as the role of advocacy in shaping and changing magazine identities, magazines and advertising in the digital age, gender and sexuality in magazines, and global magazine markets. Useful to scholars and educators alike, this book: Discusses media theory, academic research, and real-world organizational dynamics Presents essays from both emerging and established scholars in disciplines such as art, geography, and women's studies Features in-depth case studies of magazines in international, national, and regional contexts Explores issues surrounding race, ethnicity, activism, and resistance Whether used as a reference, a supplementary text, or as a catalyst to spark new research, *The Handbook of Magazine Studies* is a valuable resource for students, educators, and scholars in fields of mass media, communication, and journalism.

What links the Investment Bank of Torabundo, www.myhotswaitress.com (yes, with an s, don't ask), an art heist, a novel called *For the Love of a Clown*, a six-year-old boy with the unfortunate name of Remington Steele, a lonely French banker, a tiny Pacific island, and a pest control business run by an ex-KGB agent? *The Mark and the Void* is Paul Murray's madcap new novel of institutional folly, following the success of his wildly original breakout hit, *Skippy Dies*. While marooned at his banking job in the bewilderingly damp and insular realm known as Ireland, Claude Martingale is approached by a down-on-his-luck author, Paul, looking for his next great subject. Claude finds that his life gets steadily more exciting under Paul's fictionalizing influence; he even falls in love with a beautiful waitress. But Paul's plan is not what it seems—and neither is Claude's employer, the Investment Bank of Torabundo, which swells through dodgy takeovers and derivatives trading until—well, you can probably guess how that shakes out. *The Mark and the Void* is the funniest novel ever written about the recent financial crisis, and a stirring examination of the deceptions carried out in the names of art and commerce.

The Fifteenth Minute Farrar, Straus and Giroux

This book presents both theoretical research methods and practical uses of qualitative consumer and marketing research in Asia, as well as approaches to research with extended viewpoints and case studies on the specific research practices, identifying the distinctive characteristics and conditions of the Asian market. Starting with an introduction and a rationale for qualitative consumer and marketing research, which discuss interpretive research perspectives and key qualitative research traditions underlying the research, it then elaborates on research design, formulating research directions, research questions, research methods, research validity and reliability, as well as research ethics. The book goes on to cover various key data-collection techniques, such as interviews, focus groups, observation and ethnography, online observation and netnography, and

other alternative tools like projective techniques, autodiving and diaries. These include design of research setting (samples and sampling strategy, context, time) and research procedures (from entry to access and completion of the research project) with resources planning. In addition, the book also addresses data analysis and interpretation as well as presentation, dissemination, and sharing of research results through both academic and practical courses. Lastly, it derives key concepts by reviewing classic research traditions and methods together with academic and practical studies.

The Book of Perfumes Policy Press

This book explores cultural polarization resultant decline in social cohesion in society and how information and communication technologies exacerbate the cultural polarization through phenomenon such as “echo chambers” of information that damage the quality of online discourse. This book examines the nature of the information that is shared. Further this book identifies how the quality of online discourse and polarization induced through it leads to offline harm and negative outcomes in our society. This book discusses how wide-ranging information exchange on digital media can lead to two scenarios, namely, the formation of the public sphere or the formation of echo chambers. While the public sphere, which promotes greater diversity, is a well-researched domain, substantially less research has been conducted on echo chambers in relation to sociocultural activities, products or services. This book states that polarization induced by the formation and evolution of echo chambers in sociocultural realm such as around epidemic outbreaks, vaccination, healthcare, education, and climate change is an emerging avenue of research due to its enormous impact in the shaping of our society. Therefore, this book argues that understanding the characteristics of sociocultural products related controversies is critical and valuable in developing interventions to reduce unhealthy societal and organizational polarisations. The development of systematic knowledge is required to understand and address such a large scale and complex societal challenge so as to facilitate a deeper understanding and offer solutions to the growing issue of polarization in sociocultural context driven primarily through echo chambers. This book examines how technology enabled social media usage increases, and the complex structural outcomes such as echo chambers are likely to have an increasingly important role in shaping public opinion. This book appeals to readers with interest in developing a deeper and broader understanding of issues and initiatives related to the polarization of opinions on cultural products. These include readers and scholars from various disciplines, along with engaged organizational leaders, activists, policy makers, and common citizens.

"Like man, woman is a human being." When *The Second Sex* was first published in Paris in 1949—groundbreaking, risqué, brilliantly written and strikingly modern—it provoked both outrage and inspiration. The Independent Woman contains three key chapters of Beauvoir's masterwork, which illuminate the feminine condition and identify practical social reforms for gender equality. It captures the essence of the spirited manifesto that switched on light bulbs in the heads of a generation of women and continues to exert profound influence on feminists today.

How do local communities effectively build peace and reconciliation before, during and after open violence? This trailblazing book gives practical examples, from the Global North, the former Soviet bloc and Global South, on communities addressing conflict in divided and contested societies. The book draws on a range of critical perspectives and practitioner analyses. The diverse case studies demonstrate the considerable knowledge, skills, commitment, courage and relationships within local communities that a critical community development approach can support and encourage. Concluding with activists' perspectives on working with the challenges of violence, the book offers insights for both an understanding of the root causes of conflict and for bottom-up peacebuilding.

Paint the Town Dead Currency

NATIONAL BESTSELLER • From the award-winning author of *We Should All Be Feminists* and *Half of a Yellow Sun*—the story of two Nigerians making their way in the U.S. and the UK, raising universal questions of race, belonging, the overseas experience for the African diaspora, and the search for identity and a home. Ifemelu and Obinze are young and in love when they depart military-ruled Nigeria for the West. Beautiful, self-assured Ifemelu heads for America, where despite her academic success, she is forced to grapple with what it means to be black for the first time. Quiet, thoughtful Obinze had hoped to join her, but with post-9/11 America closed to him, he instead plunges into a dangerous, undocumented life in London. Fifteen years later, they reunite in a newly democratic Nigeria, and reignite their passion—for each other and for their homeland.

EVERY living being longs always to be happy, untainted by sorrow; and everyone has the greatest love for himself, which is solely due to the fact that happiness is his real nature. Hence, in order to realise that inherent and untainted happiness, which indeed he daily experiences when the mind is subdued in deep sleep, it is essential that he should know himself. For obtaining such knowledge the enquiry, 'Who am I?' in quest of the Self is the best means. 'WHO AM I?' I am not this physical body, nor am I the five organs¹ of sense perception; I am not the five organs of external activity², nor am I the five vital forces,³ nor am I even the thinking mind. Neither am I that unconscious state of nescience which retains merely the subtle vasanās (latencies of the mind), while being free from the functional activity of the sense-organs and the mind, and being unaware of the existence of the objects of sense-perception.

When Betty Friedan produced *The Feminine Mystique* in 1963, she could not have realized how the discovery and debate of her contemporaries' general malaise would shake up society. Victims of a false belief system, these women were following strict social convention by loyally conforming to the pretty image of the magazines, and found themselves forced to seek meaning in their lives only through a family and a home. Friedan's controversial book about these women - and every woman - would ultimately set Second Wave feminism in motion and begin the battle for equality. This groundbreaking and life-changing work remains just as powerful, important and true as it was forty-five years ago, and is essential reading both as a historical document and as a study of women living in a man's world. 'One of the most influential nonfiction books of the twentieth century.' *New York Times* 'Feminism began with the work of a single person: Friedan.' Katha Vilasam: The Story Within offers a path-breaking series of 50 articles by S. Ramakrishnan, published over the course of four years in the widely read Tamil magazine *Ananda Vikatan*, to a wider reading public through translation into English. The writing style is intentionally direct and compact to suit a magazine readership. Nevertheless, the prose is elevating, even lyrical at times. There are "Aha" moments aplenty. The author uses a unique device in these units. They are "stories within stories". In each unit, he describes an incident from his own experience and relates it to a

short story he has read by a particular eminent Tamil writer. He paraphrases/summarises the writer's story, melds it into his own reminiscence, and allows the two to resonate and create a musical signature in the reader's mind. Thus, 50 noted short story writers in the Tamil language are featured here. The avowed purpose of the author was to introduce the readers of Ananda Vikatan (who may have been readers of nothing but magazines) to also delve into the works of excellent Tamil short story writers. The series ran for four years and was very well received by readers. Each unit deserves to be read and re-read not only for the insights and information about writers in different genres, but for the word wizardry and imagery that flow effortlessly through the lines. It is hoped that this English translation will teleport these unique offerings to a wider reading public and bring the works of excellent Tamil writers into the lives of discriminating lovers of literature everywhere.
