It's So Amazing! provides the answers—with fun, accurate, comic-book-style artwork and a clear, lively text that reflects the interests of children age seven and up in how things work, while giving

them a healthy understanding of their bodies. Created by the author and illustrator of *It's Perfectly Normal*, this forthright and funny book has been newly updated for its fifteenth anniversary.

Let's Talk About the Birds and the Bees

Harmony

In a reassuring manner, Robie H. Harris and Molly Bang portray what happens when a little boy feels SO frustrated and SO mad at a parent who has said NO all day long. In this family book about what it feels like to say--and hear--those other three words, Harris and Bang delicately navigate the most profound bonds between a parent and a child.

Stork Mountain tells the story of a young Bulgarian

immigrant who, in an attempt to escape his mediocre life in America, returns to the country of his birth. Retracing the steps of his estranged grandfather, a man who suddenly and inexplicably cut all contact with the family three years prior, the boy finds himself on the border of Bulgaria and Turkey, a stone's throw away from Greece, high up in the Strandja Mountains. It is a place of pagan mysteries and black storks nesting in giant oaks; a place where every spring, possessed by Christian saints, men and women dance barefoot across live coals in search of rebirth. Here in the mountains, the boy reunites with his grandfather. Here in the mountain, he falls in love with an unobtainable Muslim girl. Old ghosts come back to life and forgotten conflicts, in the name of faith and doctrine, blaze anew. *Stork Mountain* is an enormously charming, slyly brilliant debut novel from an internationally celebrated writer. It is a novel that will undoubtedly find a home in many readers' hearts. *Infinite Jest* Macmillan The trusted, New York Times best-selling author of *It's Perfectly Normal*

presents the first in a charming and reassuring new picture book series for preschoolers that answers questions that many children ask about themselves and their friends in an entertaining and straightforward way. **Stork Naked** Candlewick Press

It's Not the Stork! A Book about Girls, Boys, Babies, Bodies, Families and Friends Candlewick Press

Starting conversations about the facts of life (From how babies are made to puberty and healthy relationships)

Back Bay Books

Designed to help adults talk with toddlers and preschoolers about sexual abuse in a way that reduces embarrassment and fear and emphasizes self-reliance and open communication, *It's MY Body* does not contain specific references and stories about sexual abuse, a nod to the tender age of its target audience. It does, however, emphasize how children's feelings can help them make decisions about sharing their bodies, and how to communicate those decisions to others. The book introduces two "touching codes," which children can use to protect themselves when they are uncomfortable.

TWO SISTERS: Kate is bound for Stanford and an M.D. -- if her family will let her go. Mary wants only to stay home and paint.

When their loving but repressive father dies, they must figure out how to support themselves and their mother, who is in a permanent vegetative state, and how to get along in all their uneasy sisterhood. THREE YOUNG MEN: Then three men sway their lives: Kate's boyfriend Simon offers to marry her, providing much-needed stability.

Mary is drawn to Marcos,

though she fears his violent past. And Andy tempts Kate with more than romance, recognizing her ambition because it matches his own. ONE AGONIZING CHOICE: Kate and Mary each find new possibilities and darkneses in their sudden freedom. But it's Mama's life that might divide them for good -- the question of *if* she lives, and what's worth living for. Irises is Francisco X. Stork's most provocative and courageous novel yet.
