Through prodigious archival research, Mullin shows Joyce responding to Edwardian ideologies of social purity by accentuating the 'contentious' or 'offensive' elements in his work. Ulysses, A Portrait and Dubliners each meticulously subvert purity discourse. "You have the luck of Croesus on stilts (as my Auntie Vi would have said) if you've had the sort of career, ups and downs, warts and all that I have in that wondrous little corner of show business called musical theatre." One of the most successful and distinguished artists of our time, Andrew Lloyd Webber has reigned over the musical theatre world for nearly five decades. The winner of numerous awards, including multiple Tonys and an Oscar, Lloyd Webber has enchanted millions worldwide with his music and numerous hit shows, including Jesus Christ Superstar, Evita, Cats, The Phantom of the Opera—Broadway's longest running show—and most recently, School of Rock. In Unmasked, written in his own inimitable, quirky voice, the revered, award-winning composer takes stock of his achievements, the twists of fate and circumstance which brought him both success and disappointment, and the passions that inspire and sustain him. The son of a music professor and a piano teacher, Lloyd Webber reveals his artistic influences, from his idols Rodgers and Hammerstein and the perfection of South Pacific's "Some Enchanted Evening," to the pop and rock music of the 1960s and Puccini's Tosca, to P. G. Wodehouse and T. S. Eliot. Lloyd Webber recalls his bohemian London youth, reminiscing about the happiest place of his childhood, his homemade Harrington Pavilion—a make-believe world of musical theatre in which he created his earliest entertainments. A record of several exciting and turbulent decades of British and American musical theatre and the transformation of popular music itself, Unmasked is ultimately a chronicle of artistic creation. Lloyd Webber looks back at the development of some of his most famous works and illuminates his collaborations with luminaries such as Tim Rice, Robert Stigwood, Harold Prince, Cameron Mackintosh, and Trevor Nunn. Taking us behind the scenes of his productions, Lloyd Webber reveals fascinating details about each show, including the rich cast of characters involved with making them, and the creative and logistical challenges and artistic political battles that ensued. Lloyd Webber shares his recollections of the works that have become cultural touchstones for generations of fans: writings songs for a school production that would become his first hit, Joseph and the Amazing Technicolor Dreamcoat; finding the coterie of performers for his classic rock opera Jesus Christ Superstar; developing his first megahit, Evita, which would win seven Tonys Awards, including Best Musical; staking his reputation and fortune on the groundbreaking Cats; and making history with the dazzling The Phantom of the Opera. Reflecting a life that included many passions (from architecture to Turkish Swimming Cats), full of witty and revealing anecdotes, and featuring cameo appearances by numerous celebrities—Elaine Paige, Sarah Brightman, David Frost, Julie Covington, Judi Dench, Richard Branson, A.R. Rahman, Mandy Patinkin, Patti LuPone, Richard Rodgers, Norman Jewison, Milos Forman, Plácido Domingo, Barbra Streisand, Michael Crawford, Gillian Lynne, Betty Buckley, and more—Unmasked at last reveals the true face of the extraordinary man beneath the storied legend.

Don't Cry for Me, Sergeant-Major Palgrave Macmillan

America's Revolutionary Mind is the first major reinterpretation of the American Revolution since the publication of Bernard Bailyn's The Ideological Origins of the American Revolution and Gordon S. Wood's The Creation of the American Republic. The purpose of this book is twofold: first, to elucidate the logic, principles, and significance of the Declaration of Independence as the embodiment of the American mind; and, second, to shed light on what John Adams once called the "real American Revolution"; that is, the moral revolution that occurred in the minds of the people in the fifteen years before 1776. The Declaration is used here as an ideological road map by which to chart the intellectual and moral terrain traveled by American Revolutionaries as they searched for new moral principles to deal with the changed political circumstances of the 1760s and early 1770s.

This volume identifies and analyzes the modes of reasoning, the patterns of thought, and the new moral and political principles that served American Revolutionaries first in their intellectual battle with Great Britain before 1776 and then in their attempt to create new Revolutionary societies after 1776. The book reconstructs what amounts to a near-unified system of thought—what Thomas Jefferson called an “American mind” or what I call “America’s Revolutionary mind.” This American mind was, I argue, united in its fealty to a common philosophy that was expressed in the Declaration and launched with the words, “We hold these truths to be self-evident.”

Maria Eva Duarte de Peron was born in poverty in 1919 and died of cancer in 1952, at the age of 33, the richest and most powerful woman in Argentina. Her story is one of the most fantastic in history. Driven by a compelling ambition, she made her way to Buenos Aires and set about becoming an actress. In a very short time she had climbed to the top of Argentina's military-social ladder until at last she met Colonel Juan Peron -and her climb took a new direction. Here is the story of 'Evita' and how her rise to power became an almost unbelievable account of intrigue, bloodshed, and pure chicanery. Her multimillion-dollar tour of Europe; her setting up of the Eva Peron Foundation whereby she cornered the market on clothes, toys, books, groceries, imported drugs, medical equipment, and housing; her impassioned campaign speeches; her shameless flaunting of jewels and clothes in the very faces of her worshipping 'shirtless ones' - these are but a few of the facets of her incredible career that are described in detail. There was a fatal fascination about Eva Peron that remains, even after her death - an aura of evil that has become a legend.
