Weaving Complementary Knowledge System and Mindfulness to Educate a Literate Citizenry for Sustainable and Healthy Lives contains 24 chapters written by 33 authors, from 9 countries. The book, which consists of two sections on mindfulness in education and wellness, is intended for a broad audience of educators, researchers, and complementary medicine practitioners.

Members of the general public may find appeal and relevance in chapters that advocate transformation in a number of spheres, including K-12 schools, museums, universities, counselling, and everyday lifestyles. Innovative approaches to education, involving meditation and mindfulness, produce numerous advantages for participants in schools, museums, and a variety of self-help contexts of everyday life. In several striking examples, critical stances address a band wagon approach to the application of mindfulness, often by for-profit companies, to purportedly improve quality of education, in contexts where learning has been commodified and ideologies such as neoliberalism have been mandated by politicians and implemented by policy makers. In different international contexts, Buddhist roots of mindfulness are critically reviewed by a number of authors. Chapters on wellness focus on complementary practices, including art therapy, Jin Shin Jyutsu, Iridology, and yoga. Foci in the wellness section include sexual health, prescription drug addiction, obesity, diabetes, cancer, and a variety of common ailments that can be addressed using complementary medicine. New theories, such as a polyvagal theory, provide scope for people to become aware of their bodies in different ways and maintain wellbeing through changes in lifestyle, heightened self-awareness, and self-help.

Die Lebensenergie im Körper harmonisieren Die fernöstliche Heilmethode Jin Shin Jyutsu ist in Insiderkreisen bereits das große Thema. Wie Shiatsu, Reiki oder Akkupressur wird auch diese Methode mit Sicherheit sehr schnell weite Verbreitung finden. Bei Jin Shin Jyutsu ist der Körper in 26 so genannte Sicherheitsenergieschlösser aufgeteilt, die durch Berührung aktiviert werden. Aufgrund des Strömens, wie es in der Fachsprache heißt, werden die Sicherheitsenergieschlösser aufgeschlossen und die Energie kann frei fließen. Bemerkenswert ist, nicht auf die Behandlung einer anderen Person angewiesen zu sein, sondern dass es sich hierbei um eine Selbsthilfemethode handelt, die auf die ursprüngliche Fähigkeit des intuitiven Heilens zurückgeht. A full-color, step-by-step guide to the simple two-point touch method of Jin Shin Jyutsu for quick relief from many common conditions and injuries • Details the 52 energy points of Jin Shin Jyutsu, called Safety Energy Locks (SELs), where energy is most likely to become blocked along the body's energy pathways and where it is also most easily released • Explains the sequence of points to hold and the appropriate finger mudras (positions) to address specific ailments, conditions, and injuries as well as stimulate the body's self-healing response and harmonize energy flow • Includes concise yet detailed instructions and clear illustrations of the energy points and sequences A gentle self-help method for harmonizing energy flow, strengthening the immune system, and stimulating the body's self-healing response, Jin Shin Jyutsu is an ancient Japanese healing art akin to an easier form of acupressure. The system centers on the 52 Safety Energy Locks (SELs) of the body's energy pathways, points where energy tends to become stuck easily and thus can also be released easily, usually by holding just two energy points simultaneously. In this full-color guide to Jin Shin Jyutsu, complete with detailed step-by-step illustrations, experienced practitioner Tina Stümpfig explains how to hold the SEL points in easy sequences to address specific ailments, conditions, and injuries. She also details a variety of finger mudras (finger holds) that can

serve as shortcuts for bringing awareness to and alleviating a number of issues, such as anxiety, insomnia, digestive problems, and back pains. The author describes the major overarching energy flows of the body and shows how, when a pathway becomes blocked, the energy ceases to flow freely and stagnates. Initially the channel is only blocked locally, though in the long run a blockage creates imbalance along the entire energy pathway and can thus affect the whole body. Using Jin Shin Jyutsu to work with the SELs allows you to quickly and easily release these energetic blockages, both acute or chronic. The polarity of the energy flow in our hands--energy flowing out on the right, flowing in on the left--functions like a starter cable that reestablishes broken energy links. At the same time, conscious breathing allows us to deepen our cosmic awareness and understanding of issues connected to the SELs on the inner level. Whether you are facing allergies, exhaustion, pain, or inflammation, the healing touch of Jin Shin Jyutsu offers a simple self-help tool that can quickly alleviate and soothe symptoms, kickstart the healing process, and improve overall health.

A gentle touch method for harmonizing energy flow, Jin Shin Jyutsu is an excellent hands-on healing tool to support your animal companion's health and alleviate common ailments and injuries. Just like us, the flow of an animal's life energy can get blocked in the body, which leads to discomfort and, over time, illness. By calmly placing your hands on certain energy points on your pet's body, you can release energetic blockages, strengthen the immune system, and stimulate their body's self-healing response. From ear mites and conjunctivitis to

kidney infection, splinters, and anxiety, just by holding certain points on the body of your cat or dog you can quickly alleviate a symptom, or trigger the start of a comprehensive healing process. With the help of step-by-step illustrations, experienced practitioner Tina Stümpfig explains how to use this simple system of two-point touch healing with animals. Body maps for both cats and dogs clearly illustrate the positions of the Jin Shin Jyutsu energy points. The author offers sequences of points for general and specific purposes, such as harmonizer flows that regenerate and renew the whole body, flow sequences for specific organs, and a short flow for the paws that can act as a first aid sequence. She then provides sections with dog-specific and cat-specific ailments, organized by area of the body and symptoms, with recommended treatment points and sequences. Particularly beneficial for older animals, you can also use the Jin Shin Jyutsu flows as a preventive measure for enhancing health. They also ease stress for your cat or dog when undergoing veterinary treatment and help them recover more quickly after surgery, supporting the healing process and strengthening their resilience. Offering a hands-on method for all phases of life, Jin Shin Jyutsu not only improves their health and well-being, but also offers an enjoyable moment of energetic exchange between you and your four-legged friend.

In 2002, in the wake of a traumatic experience of loss, a doctor introduced her to Jin Shin Jyutsu, a Japanese art of healing that teaches us how to help ourselves simply through the use of our hands. In 2017, after fifteen years of study and practice, she set off for Japan to learn about the healer and samurai Jiro Murai, who had revived this physio-philosophy at the beginning of the twentieth century. Accompanied by her friend Kyoko Watanabe, Véronique retraced the steps of the elusive master, accompanied in spirit by the presence of seventeenth-century Japanese poet Basho.
